

1956-1957

January 1956

Cage squad to open league play tomorrow

Coronado High's crack basketball team, winners of the Kiwanis Tourney for small school squads, will open the Avocado League season in a game here tomorrow (Friday) night against Fallbrook.

Coach Jon Kovac's hot aggregation, easy favorites to win the league title, will take to the courts in the high school gym, along with the B squads of the same school.

The double header will start at 7 p.m. 1-5-56

Leo Hansen on School Board

Leo Hansen has been named to the Coronado School Board. He takes the place of Dr. Norman Rudd, who has moved to Chula Vista.

Hansen will serve the unexpired term of Dr. Rudd, which runs until April. Hansen, of 711 A Avenue, is secretary-manager of the Coronado Federal Savings and Loan.

Other School Board members are Mrs. Corinne Carle, Eugene Horton, Capt. Ajax Gray and Charles Soderbery. 1-5-56

New adult classes start Jan. 9

Coronado high school adult classes will start the new semester January 9 with three new courses being offered for the first time this year. The new classes are basic English, photography, and water color.

The class in basic English is primarily for the foreign born but others who need to improve their speech and reading may avail themselves of the class.

The class in photography will deal with the use of equipment and the composition of pictures. This class will be of help to both beginners and experienced photographers.

In the class in water color everyone interested in this media will find an opportunity to create artistic work at their level of experience and ability.

Basic English and photography classes will meet Thursday evenings and the class in water color on Saturday mornings.

Other classes offered this semester include: sewing, woodshop, upholstery, typing, interior decorating, ceramics, arts and crafts, oil painting, China painting, rug weaving, elementary Spanish and advanced Spanish.

A complete schedule of classes giving the time and place of meeting for each class is available at the high school office. There is no tuition charge for these classes and all interested adults are urged to attend. 1-5-56

Children's minds subject for P.T.A. talk tonight

Dr. George A. Koester, associate professor of Education at San Diego State College will address the Coronado Parent, Teacher Association tonight at 8 p.m. in the

DR. GEORGE A. KOESTER
P.T.A. speaker tonight

High School library.

In his presentation, "Through the Looking Glass," Dr. Keester will speak to Coronado parents about children's feelings and attitudes toward themselves, and will explain how these feelings affect their behavior.

The speaker has been in his present position at San Diego State College for the past five years. He holds a Master of Arts degree from the University of Colorado, and a doctor of Philosophy degree from the University of Minnesota.

His major interests are in counseling and guidance and mental hygiene.

Refreshments will be served at the conclusion of the meeting. Mrs. L. R. Yarnell is hostess for the evening, assisted by Mrs. Glenn Pritchett and the third grade room mothers. 1-19-56

NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that the Coronado Unified School District of San Diego County, California, acting by and through its Governing Board, hereinafter referred to as the District, will receive up to, but not later than 8 o'clock p.m. of the 18th day of January, 1956, sealed bids for the award of a contract for school furniture and steel lockers. Such bids shall be received in the office of the Governing Board of said District located at 650 D Avenue, Coronado, California, and shall be opened and publicly read aloud at the above stated time and place.

Each bid must conform and be responsive to this invitation, the Information for Bidders, the Specifications, the Plans, and all other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and may be obtained in the office of said board at the above address.

Each bid shall be accompanied by a certified or cashier's check payable to the District, or a satisfactory bid bond in favor of the District, executed by the bidder as principal and a satisfactory surety company as surety, in an amount not less than 5% of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the Contract Documents, and shall provide the surety bond or bonds as specified therein within five (5) days after notification of the award of the contract to the bidder.

The District reserves the right to reject any or all bids, to accept or reject any one or more items of a bid, or to waive any irregularities or informants in the bids or in the bidding. Preference will be made in the award for California made supplies, pursuant to Sections 4330 to 4334, inclusive, Government Code.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.

C. H. SODERBERY,
Clerk, Governing Board, Coronado Unified School District,
San Diego County, California.

(Publish in Coronado Journal (3T) Dec. 29, 1955; Jan. 5, 12, 1956).

Glorietta mothers to meet tonight

The Glorietta Mother's Club, under the chairmanship of Mrs. James W. Self, will hold its monthly meeting today (Thursday) at the Glorietta Elementary School.

A feature of the program will be a celebration of the 250th anniversary of Benjamin Franklin's birth, which will be presented by children of the fourth, fifth, and sixth grades.

At this meeting the workers for the mothers' March of Dimes, which is under the management of Mrs. Robert Bradt, will be appointed.

The meeting will close with a movie "Why Tommy Won't Eat," presented by Mrs. Mary Elsie Davis, nutritionist from the Department of Public Health. 1-19-56

Teenage problems on slate for Parent-Teachers meeting

DR. D. McNASSOR
P.T.A. speaker

Teenagers and their problems will be discussed tonight at the Coronado P.T.A. meeting at 8 p. m. in the high school library.

Dr. Donald McNassor, Professor of Education of the Claremont Graduate School, Claremont, will speak on "The Changing Character of Adolescents."

The speaker will encompass a variety of problems pertinent to the subject, such as styles of dating; the roles teenagers want teachers and parents to play in their lives; their values and ethics; what school means in their lives and the main problems of living the post war generation is trying to solve.

Dr. McNassor is a graduate of the University of Denver and holds a doctor's degree from the University of Chicago.

He was on the Board of Education of Philadelphia, Pa., and has held the positions of Assistant State Director, of the National Youth Administration of Colorado; professor of Education at Wayne University, Detroit, Mich., and since 1949 has served in his present capacity as Professor of Education at the Claremont Graduate School.

Dr. McNassor is the author of two articles: "Mental Health of Adolescents in a National Crisis," and "The Changing Character of Adolescents."

A. E. Schaefer, Superintendent of Schools, will comment briefly on the school bond issue.

NEW JUNIOR HIGH school classrooms have already taken shape in the area along Seventh St., directly behind the high school. The main junior high school building is in the background.

School bond figures show saving from early costs

Good news for taxpayers came from the School Board this week in connection with a proposed bond issue for \$150,000.

Supt. of Schools A. E. Schaefer said the increase in tax rate if the bonds are approved will be less than first announced. "I had hoped we could work this out to better advantage," Schaefer said, "and latest figures that take into consideration all factors will permit us to save the taxpayers money."

The bond issue will, by the new calculations, cost taxpayers only an additional 57 cents a thousand assessed valuation instead of the 64 cents figured last week. This will mean on a home assessed at \$4,000 the additional tax will be only \$2.28 a year. For this, Schaefer said, the city and its school age children will get enough additional classrooms to take the more than 500 students now on double shifts off them and return the school population to a

single shift basis.

The bond issue will be on the April 10 ballot, in a joint election with the city on councilmen and other offices.

School enrollment here has leaped from 1,321 less than 10 years ago to 2,756 in the present term, with no relief in sight. The added enrollment has been taken care of in the last 10 years mainly by financial help from the federal government.

Coronado's present school tax is \$1.99. A comparison of taxes in other county areas shows Coronado's rate is more than doubled in one city and is greatly higher in all:

Coronado	1.99
LaMesa	3.37
Chula Vista	4.04
Escondido	3.23
Lakeside	3.53
Vista	3.69

The bonds, if passed, would make Coronado's rate about \$2.06.

Islanders move for Escondido

Coronado will try to move within one victory of clinching a championship tie when it goes after its eighth straight Avocado League basketball triumph tomorrow (Friday) against Escondido.

A victory for the unbeaten Islanders, who'll be playing at home, would cost Escondido its third conference defeat. Coronado currently needs only three victories in its five remaining games to clinch another championship.

Schools seek bonds for \$150,000

RESOLUTION NO. 2691
A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CORONADO, CALLING A GENERAL MUNICIPAL ELECTION TO BE HELD IN THE CITY OF CORONADO ON THE 10TH DAY OF APRIL, 1956, FIXING VOTING PRECINCTS AND POLLING PLACES AND NAMING ELECTION OFFICERS THEREFOR AND PROVIDING NOTICE OF SUCH ELECTION.

The City Council of the City of Coronado, California, DOES HEREBY RESOLVE AND DETERMINE as follows:

Section 1. That a general municipal election be held and the same is hereby called and ordered to be held in the City of Coronado on the 10th day of April, 1956, for the purpose of electing two members of the City Council, a City Clerk and a City Treasurer.

Section 2. That for the purpose of holding said general municipal election there shall be and are hereby established thirteen (13) voting precincts, designated as hereinafter stated; that the polling places for the respective precincts shall be the places hereinafter designated; and that the persons hereinafter named, being competent and qualified electors and residents of said City and of their respective voting precincts, are hereby appointed officers of election for their respective precincts and they shall hold said election and make return thereof in the manner provided by law. Each voting precinct shall consist of a consolidation of the regular election precincts established in said City by the Board of Supervisors of the County of San Diego for the holding of State and County elections, and said precincts, polling places and election officers are as follows:

Voting Precinct 1 shall consist of a consolidation of State and County Precincts Nos. 1 and 2:
Polling Place: Garage at 101 "T" Avenue.

Inspector: Merle L. Smith.
Judge: Laila P. Hupp.
Clerk: Alva P. Eornsen.
Clerk: Harriet J. Hord.
Voting Precinct 2 shall consist of a consolidation of State and County Precincts Nos. 3 and 4:
Polling Place: Coronado Motors, 155 Orange Avenue.

Inspector: Elsie P. Alcaraz.
Judge: Eunice Wilson.
Clerk: Lola O. Dawson.
Clerk: Helen Burnett.
Voting Precinct 3 shall consist of the State and County Precinct No. 24:
Polling Place: Administration Bldg. at 2nd & Prospect.

Inspector: Mildred I. Eggers.
Judge: Hortensia Pacheco.
Clerk: Helga M. Freese.
Clerk: Katherine E. Ritenhour.
Voting Precinct 4 shall consist of a consolidation of State and County Precincts Nos. 5 and 6:
Polling Place: VFW Bldg. at 557 Orange Avenue.

Inspector: Mabel L. Sawyer.
Judge: Sarah Laing.
Clerk: Harry P. Morris.
Clerk: Blanche Nelson.
Voting Precinct 5 shall consist of a consolidation of State and County Precincts 7 and 8:
Polling Place: Youth Club, 706 Sixth Street.

Inspector: Helen M. DuLores.
Judge: Claudia L. Wellington.
Clerk: Elizabeth Leroy.
Clerk: Nola Warden.
Voting Precinct 6 shall consist of a consolidation of State and County Precincts Nos. 9 and 10:
Polling Place: Garage at 525 "J" Avenue.

Inspector: Marguerite Faubel.
Judge: Ruth H. Benson.
Clerk: Henrietta Farmer.
Clerk: Helen Dileo.
Voting Precinct 7 shall consist of a consolidation of State and County Precincts Nos. 11 and 14:
Polling Place: Garage at 832 "H" Avenue.

Inspector: Janie Vingoe.
Judge: Isabel McManus.
Clerk: Bertha H. McCreery.
Clerk: Marie V. Wheeler.
Voting Precinct 8 shall consist of a consolidation of State and County Precincts Nos. 12 and 13:
Polling Place: Garage at 910 "E" Avenue.

Inspector: Julia G. Dixon.
Judge: Cora M. Shackleton.
Clerk: May C. Wickham.
Clerk: May G. Vincent.
Voting Precinct 9 shall consist of a consolidation of State and County Precincts Nos. 15 and 16:
Polling Place: Clubhouse in Library Park.
Inspector: Grace E. McDougal.

Judge: Nellie M. Brose.
Clerk: Isabella M. Pace.
Clerk: Margot Kendig.
Voting Precinct 10 shall consist of a consolidation of State and County Precincts Nos. 20 and 21:
Polling Place: Bay Shore Motors, 1010 Park Place.

Inspector: Robert E. Archibald.
Judge: Marjorie R. Swanson.
Clerk: Lucia A. Archibald.
Clerk: Bishop F. Wickham.
Voting Precinct 11 shall consist of a consolidation of State and County Precincts Nos. 19 and 22:
Polling Place: Arthur Motors, 1000 "C" Avenue.

Inspector: Anne A. Simonson.
Judge: Grace Thomas.
Clerk: Edna T. Abel.
Clerk: Renee Forsyth.
Voting Precinct 12 shall consist of a consolidation of State and County Precincts Nos. 17 and 18:
Polling Place: Service Station, 801 Orange Avenue.

Inspector: Ella Eaton.
Judge: Rhea K. Miller.
Clerk: Finesse M. Monteth.
Clerk: Dorothy R. Todd.
Voting Precinct 13 shall consist of State and County Precinct No. 23:
Polling Place: Garage at 619 Pomona Avenue.

Inspector: Mary Muirhead.
Judge: Frances W. Larmour.
Clerk: Helena H. Ritter.
Clerk: Betty M. Ridge.

Section 3. That the polls for said election shall be opened at seven o'clock A. M. of the day of said election and shall remain open continuously from said time until seven o'clock P. M. of the same day, when said polls shall be closed, except as provided in Section 5734 of the Election Code of the State of California.

Section 4. That the election officers shall receive the following pay for their services: Inspectors shall receive \$14.00 per day each, and all other election officers shall receive \$12.00 per day each.

Section 5. That the City Clerk of the City of Coronado is hereby directed to procure and have printed the requisite number of ballots, sample ballots and polling place cards and other printed matter, and to procure whatever supplies may be necessary for use at said election; that the expenditures herein authorized to be made by said Clerk, and other expenses incidental to said election, shall be paid from the General Fund of the City of Coronado.

Section 6. That the City Clerk is hereby directed to cause this resolution to be published twice before the date of election in CORONADO JOURNAL, a newspaper of general circulation printed and published weekly in the City of Coronado and the official newspaper of said City. Said City Clerk shall also publish the notice of election required by Section 9750 of the Elections Code of the State of California in said newspaper in the manner and at the time required by said Section, and shall publish the list of nominees required by Section 9754 of the Election Code in said newspaper at the time and in the manner required by law.

PASSED AND ADOPTED by the City Council of the City of Coronado, California, this 7th day of February, 1956, by the following, to-wit:

AYES: Councilmen Goodenough, Gray, Harmon, Harrison, Vestal.
NAYS: Councilmen None.
ABSENT: Councilmen None.
WALTER A. VESTAL,
Mayor of the City of Coronado, California.

ATTEST:
A. A. MATHEWSON,
City Clerk.

Adult econ class here

Residents of Coronado will have an opportunity to attend the popular roundtable discussions on Economics by the Henry George School of Social Science. The class begins Monday at 7:30 p.m., Room 3, Coronado High School, 650 "D" Street. The course is open to all adults, there are no entrance requirements and it is free.

The group will discuss the basic issues that underlie such problems as taxes, "boom and bust" cycles, wars, world trade, highways, parking, juvenile delinquency, etc.

The Henry George School is chartered by the University of New York, is non-profit, non-political and its aim is an informed citizenry. 2-9-56

Approval of school bonds for \$150,000 will be sought at a general election in Coronado, the School Board of Coronado Unified School District said this week.

The election will be held April 10 jointly with the municipal balloting for city council, city clerk, treasurer posts. Expenses of the election will be shared equally by the city and the school district, with a saving to both because of the joint action.

Need for the bond issue came, the School Board said, with the tremendous increase in the school population and the fact that more than 500 Coronado school children are now on double shifts.

Cost of the bonds, if approved by the voters, will be an estimated 64 cents per thousand dollars valuation, a fractional increase in the present school tax of \$1.91, by far the lowest of any in San Diego County.

The bond money, plus money expected from the federal government to help construction, will be used to build eight classrooms immediately on the Central School site and to build additional classrooms either at Central or Crown School, depending on the result of a survey now being made. Locker and shower facilities at the present gymnasium will be expanded, to meet the needs of a larger school enrollment.

School population in Coronado has jumped from 1,321 less than 10 years ago to the 2,756 of the present school year. Added enrollment in the present term is 334 over last year's, and there is no end in sight, said Supt. of Schools A. E. Schaefer.

"Only solution to this is to build more classrooms," said Schaefer, "Unless we continue the double shifts that are not the best way to educate children."

Last school bond election in Coronado was in 1951 and was for \$390,000. Since that date the school enrollment has increased almost 50 per cent.

Since the \$390,000 bond issue was approved by the voters, the district has spent \$911,428 on new schools and land for buildings. The remainder of the money has come from the federal government under defense and service impact area funds.

The new classrooms covered by the proposed bonds will cost \$300,000, and it is expected the money above the \$150,000 bond funds will also come from the federal government.

An addition to the junior high school, now under construction, will relieve some of the crowded classrooms, but school officials view this as a temporary easing of the burden.

RESOLUTION NO. 2691

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CORONADO CALLING A GENERAL MUNICIPAL ELECTION TO BE HELD IN THE CITY OF CORONADO ON THE 10TH DAY OF APRIL, 1956, FIXING VOTING PRECINCTS AND POLLING PLACES AND NAMING ELECTION OFFICERS THEREFOR AND PROVIDING NOTICE OF SUCH ELECTION.

NOTICE OF GOVERNING BOARD MEMBER ELECTION IN THE CORONADO UNIFIED SCHOOL DISTRICT OF SAN DIEGO COUNTY, CALIFORNIA

2 Members of Coronado Unified School District

NOTICE IS HEREBY GIVEN TO THE VOTERS OF THE ABOVE DISTRICT OF THE County of San Diego, California, that the Annual Election for members of the Board of the said district will be held in the Coronado Unified School District on the third Friday of May, namely, May 18, 1956, for the purpose of electing the number of members of the governing board of the district as indicated above.

The polls will be located at the Gymnasium, Elementary Junior High School, 650 E Avenue, Coronado, California.

The polls will be kept open between the hours of 7:00 o'clock A. M. and 7:00 o'clock P. M.

The election returns will be canvassed at 9:00 o'clock A. M. on June 4, 1956, by the County Superintendent of Schools at 209 Civic Center, San Diego, California.

Deadline for the receipt of absentee ballots is June 3, 1956.

Forms for declaration of candidacy may be obtained at the office of the County Superintendent of Schools, 209 Civic Center, San Diego, California.

The last day for filing declarations is April 18, 1956.

Each qualified elector of said Coronado Unified School District shall be entitled to vote only in the School District Election Precinct of which he is a resident.

Outstanding and excellent junior high students listed

2-23-56

Outstanding students and excellent students in the second quarter of the school year were announced this week.

Eighth grade outstanding students are Carol Carde, David Fahle, Martha Wakefield and Mary Flynn.

Seventh grade outstanding students are Martha Ensey, Jamie Lee Murff, Kay Weisgerber, Janet Johnson, Grace Gallup, Sethanne Howard and Rosa Lee Tyree.

The list includes nine girls, two

boys.

Excellent students in grade eight are Larry Davis, Mike Moyer, Ann Pollard, Joey Zerbini, Janice Friddle, John Morton and Dorothy Whitman.

Grade seven excellent students are Susan Keehn, Linda Clark, Barbara Young, George James, Nancy Swain, William House, Philip Campbell and Marlene Herz.

The list of excellent students comprises seven boys, eight girls.

High School show set for March 8, 10 here

2-23-56

Rehearsals for Coronado High School's new variety show, "The Hi-Jinx of 1956," are under way in the high school auditorium. Dates for the performances are March 8 and 10 starting at 8 p.m.

Acts being rehearsed so far include the Four Roses, singing; Butch Bewick, singing and playing the guitar; Jan Brigham, singing; Maple Williams, singing; Charlene Cannel, playing the accordion; Ky Winchester and Margie Brown doing a pantomime; Arlene Downing, singing; Deanna Harris, playing the guitar; Anna Boccaccio doing a ballet; Joan Quijada, Arne Weisgerber and Diane Lawrence, pantomiming; Lois Brown, Jan Fahle and Carla and Pat Archibald in a comic hula; Emily Delasalas and Marilyn Moyle at the piano; Marvin

Epp, hula; Julianne North, Lois Brown, Anna Boccaccio and Diane Sweeney, dancing and the a cappella choir.

Skits in the making are "Nellie," "The Lamp Went Out," "Battalion Watch," "Bedlam," and "Mickey Mouse."

Announcing the acts and skits will be Walter Heinecke, master of ceremonies.

Pat Isely, Commissioner of All-School Activities, and her committee, including Barbara Allen, Mardi Hack, Jeanette Dong, and Rich Aegerter, are in charge of the show. Miss Bobbie Booth is faculty adviser. Tickets, publicity and programs are being taken care of by Marilyn Lamberton, Marcia Cady and Martha Dubelman, respectively.

Mrs. Chytrus, Mrs. Carle see new training program at Fort Ord

2-23-56

Mrs. Arthur Chytrus, president of Coronado Woman's Club, and Mrs. Corrine Carle, Board of Education member, were Coronado's representatives at Fort Ord last week as guests of the army.

Civic, religious and educational leaders of communities in San Diego County spent the day observing the training of young volunteers under the new Reserve Forces Act of 1955 as well as visiting living quarters and dining facilities at Fort Ord.

Four army MATS planes from Hamilton Field transported the 50 men and women from Lindbergh Field to Fort Ord where they were met by Maj. Gen. G. C. Mudgett, USA, commanding general of the station.

Gen. Mudgett said the new act allows boys from 17 to 18½ who have been connected with a reserve unit in their home town to sign up for six months of active duty. They may finish high school and then report for eight weeks basic training where they may specialize in any branch of the service.

In addition to the six months active duty the young men must report to their local reserve unit once a week and take two weeks field training each year. They are on the reserve rolls for seven years.

The general said, "There's been a very major change in the position of the Armed Forces in our national structure since World War II—a change not well recognized by most Americans. For the first time in the history of the United States, in peacetime, we have a national policy that requires the maintenance of an armed force beyond the capacity of a volunteer system to support. We have combat units stationed practically all over the world and we need strong reserve forces ready to go on short notice. We don't have the strength in these overseas garrisons to carry on an active, offensive war. If we are to avoid future Bataans, we must have men in the U. S. in trained units ready to move rapidly on short notice as reinforcements to these areas.

"If you have a youngster overseas, the army can provide him the best protection by having ready reserve units fully manned that can move rapidly. This represents one of the primary reasons

for a healthy, strong reserve program.

"We have yet to solve the real practical problems of our reserve units. Actually, we have all the trained reservists we require today. We don't need a single new trained reservist at this moment—if we could get them in the units. They are not in organized units. The new reserve act requires a young man to remain a ready reservist for seven and a half years."

Mrs. Chytrus and Mrs. Carle visited with boys from the "Sykes Regulars" and went through all their daily classes and field training. They watched classes in rifle shooting, machine gun, bayonet drills, communications of all types which included walkie-talkie, splicing wires and laying lines; and physical education program.

"In other words," Mrs. Chytrus said, "We participated in actual experiences of training the boys go through under this new Reserve Act."

Mrs. Carle said, "We were very impressed with the fine public relations, extreme courtesy and perfect organization of trips through the quarters and over the entire fort. This, we feel, is one of the most instructive programs ever designed and a wonderful step toward filling the depleting reserve. The young men receive the highest type of training and their food and living quarters are of the best. The trainees we talked with had wonderful morale and we can't be too enthusiastic over the splendid training given these young men."

PTA mails fact sheet on school bond election

2-23-56

Coronado citizens received in the mail last weekend a letter detailing "Facts, Needs and Proposals" in the school bond election April 10 for \$150,000.

The Fact Sheet was sent out by the Parent-Teacher Association of Coronado and supports the bond issue. It said, in part:

"We all know the community is facing an unprecedented growth

in school population . . . elementary enrollment skyrocketed . . . 650 additional pupils in last three years . . . this year's increase 354, greatest in Coronado's history.

"Five hundred children on double sessions this year . . . class meeting in gymnasium . . . another in an office . . . number of classes running to 40 and over per room.

"Double sessions will end when junior high completed in April, but large classes will remain . . . next September 400 to 500 children will be on double sessions again unless additional classrooms provided.

"Facilities must be provided for absolute minimum of 450 more children next year and half . . . proposed buildings will be on sites owned by school district as no additional area available."

The PTA sent the Fact Sheet out, with additional information that "cost of bond issue would be .057 cents per \$100 based on last year's assessed valuation . . . a \$4,000 valuation would pay increased tax of \$2.28."

The bond issue will be on the April 10 ballot, in the same election as for city councilmen and other offices. By this means, the city and the school district cut their election bills in half.

Coronado gets more U. S. school money

Word was received by School Supt. A. E. Schaefer Monday that \$141,120 in federal aid had been allocated to help build the new classrooms needed to alleviate double sessions here. This sum, plus the \$150,000 in the proposed bond issue, will build the classrooms. It was announced three weeks ago the money was expected and had been part of the planning on the bond issue.

The latest allocation from Uncle Sam to Coronado is on top of more than a half million dollars given this city by the federal government since 1951. It has been used to augment Coronado money to build six major school units and several minor ones.

Cagers Seek perfect record

Coronado high school basketballers are eyeing tomorrow night's game with Mar Vista with satisfaction that amounts to almost cheering before the score is in—tomorrow's game, if they win it, will bring an unblemished season of 12 wins, no losses.

The cagers, paced by Jon Crawford's 16 points and Herman Wright's 14, trounced Vista Tuesday 59 to 47. They have captured the Avocado League title, with 11 in a row, won the Kiwanis tournament and their season score board shows but one loss, that to the fast and formidable bigger team of Hoover high school. 2-23-56

CORONADO, CALIFORNIA, THURSDAY, MARCH 1, 1956

VOLUME 43—NUMBER 9

67 STUDENTS HONORED

EARL BARLOW
Award winner

Earl Barlow wins \$2,000 scholarship

Earl Barlow, Coronado high school's gifted young piano player, received a \$2,000 scholarship Thursday from the San Diego Urban League at their second annual meeting in the Lafayette Hotel.

The new scholarship, named the Dr. J. J. Kembrough scholarship for one of the founders of the Urban League in San Diego, will be used to further Barlow's musical education at the school of his choice, George Scott, board member said.

One of the entertainers for the evening, Barlow was called by Scott to receive the award following the Urban League's Distinguished Citizen Award presentation to Dr. Kembrough.

The Urban League is a professional, social service agency which works to raise the economic and living conditions of minority groups in employment, vocational guidance, housing and community services.

Barlow, who graduated from Coronado high school last June, is now attending San Diego State College. He is a member of the San Diego Symphony Orchestra and has expressed a desire to attend Julliard School of Music, Scott said. He was awarded the

A higher percentage of Coronado High School seniors than ever before have been admitted to the California Scholarship Federation with the close of the fall semester, Roy Burge, organization advisor, said this week.

Sixty-seven students qualified for the Federation, which recognizes students for top scholarship. Of this total, 29 are seniors, which means more than one-third of all seniors qualified for the C.S.F.

Burge also listed Honor Society students this week.

Seniors on the C.S.F. list include:

Barbara Allen, Doris Boyle, Eloiza Cisneros, Sidney Clark, Kay Cliff, Jon Crawford, Linda Davis, John Drehner.

Pat Ellis, Evelyn Estes, Pat Isely, Maryann Jadovitz, Edith Kurtz, Marilyn Lamberton, Phil Mandelkorn, Donna McDonaugh, Ted Miller, Peggy Moser.

Richard Reed, Madelon Rinkleib, Larry Rutter, Frances Schutt, Bob Slaughter, Pat Smith, Stephen Solier.

Doug Vann, Chiefie Ward, John Whitely and Dick Reed.

Juniors who made top grades are:

Dan Allen, Larry Brown, Sharon Calvy, Jeanette Dong, Peter Gray, Jim Heath, David Hines.

Mary Lou James, Joey Johansen, Sandra Justice, Mary Mann,

(CONTINUED ON PAGE 9)

(Continued from Page 1)

Marilyn Moyle, Sally Northrop, Preston Probasco and Anne Weisgerber.

Sophomores in the C.S.F. are:

Roberta Eis, George Freese, Mardee Hack, DeMouy Lynch, Tom Mustin, Julianne North, Jack Phillips, Susan Schade, Linda Talerico and Earl Whitely.

Freshmen, who made top grades in their first semester of high school work are:

David Anderson, Gail Andreen, Sandra Burkhardt, Christina Goodale, Bill Hardaker, John Harlee.

Mary Moyer, Ann Ogden, Penne Price, Ann Reed, Ned Robertson, Caroline Rohrbough and Nancy Tyree.

Seventy-one students earned grades that qualified them for the honor society.

Seniors are:

Cliff Atkinson, Eddie Barber, Brenda Brown, Kathleen Brudvig, Marcia Cady, Nancy Chamberlin, Edward Chew, Jim Coley, Dennis Doyle, Virginia Duncan.

Lowell Grimaud, Terry Hatley, Sally Hill, Judy Fox, Gayle Leland, Barbara Luongo.

Chloe Phillips, Jerry Roberts, Pam Schaefer, Ashton Shaw, LaVonne Vestal and Jim Worthington.

WHAT IS A MOOSKETETTE?—Just look at the top row of girls—that's what they've named themselves for the annual high school show, the "Hi-Jinx of 1956." Left to right they are Susan Wilkens, Weanna Brue, Laura Rose, Carol Williams, Sally Beauchamp and Mardi

Hack. Left to right at the bottom are Charlene Cannel, Susan Wilkens and Ky Winchester, who will appear in separate acts during the show March 8 and 10 at high school auditorium. Five hilarious skits and 17 individual acts comprise the show, programmed two nights at 8 p.m.

NOMINEES FOR PUBLIC OFFICE
Notice is hereby given that the following persons have been nominated for the offices hereinafter mentioned to be filled at the general municipal election to be held in the city of Coronado, California, on Tuesday, the tenth (10th) day of April, 1956:

For Member of the City Council—Vote for Two.

Lloyd M. Harmon, Incumbent
Beverley R. Harrison, Incumbent
Marvin E. Davis, Retired Naval Officer
Burton L. Kramer, Theatre Manager
Arnold E. Northrup, Insurance
William C. Schultz, Retired Navy Officer
Billy Reynolds Van Vleck, Life Underwriter, Teacher

For City Clerk—Vote for One
Arthur A. Mathewson, Incumbent
Laurence P. Priddy, Manager Chamber Commerce

For City Treasurer—Vote for One
Donald C. Fender, Incumbent

ELECTION OFFICERS AND POLLING PLACES

There will be thirteen (13) voting precincts for the purpose of holding the general municipal election to be held on April 10, 1956, consisting of a consolidation of State and County precincts as follows:

Voting Precinct 1 shall consist of a consolidation of State and County Precincts Nos. 1 and 2:
Polling Place: Garage at 101 "I" Avenue.

Inspector: Merle L. Smith.
Judge: Laila P. Hupp.
Clerk: Alva P. Bornsen.
Clerk: Harriet J. Hord.

Voting Precinct 2 shall consist of a consolidation of State and County Precincts Nos. 3 and 4:
Polling Place: Coronado Motors, 155 Orange Avenue.

Inspector: Elsie P. Alcaraz.
Judge: Eunice Wilson.
Clerk: Lola O. Dawson.
Clerk: Helen Burnett.

Voting Precinct 3 shall consist of the State and County Precinct No. 24:
Polling Place: Administration Bldg. at 2nd & Prospect.

Inspector: Mildred I. Eggers.
Judge: Hortensia Pachaco.
Clerk: Helga M. Freese.
Clerk: Katherine E. Ritenhour.

Voting Precinct 4 shall consist of a consolidation of State and County Precincts Nos. 5 and 6:
Polling Place: VFW Bldg. at 557 Orange Avenue.

Inspector: Mabel L. Sawyer.
Judge: Sarah Laing.
Clerk: Harry P. Morris.
Clerk: Blanche Nelson.

Voting Precinct 5 shall consist of a consolidation of State and County Precincts 7 and 8:
Polling Place: Youth Club, 705 Sixth Street.

Inspector: Helen M. DuLores.
Judge: Claudia L. Wellington.
Clerk: Elizabeth Leroy.
Clerk: Nola V. Warden.

Voting Precinct 6 shall consist of a consolidation of State and County Precincts

Nos. 9 and 10:

Polling Place: Garage at 525 "J" Avenue.

Inspector: Marguerite Faubel.
Judge: Ruth H. Benson.
Clerk: Henrietta Farmer.
Clerk: Helen Dileo.

Voting Precinct 7 shall consist of a consolidation of State and County Precincts Nos. 11 and 14:
Polling Place: Garage at 832 "H" Avenue.

Inspector: Janie Vingoe.
Judge: Isabel McManus.
Clerk: Bertha H. McCreery.
Clerk: Marie V. Wheeler.

Voting Precinct 8 shall consist of a consolidation of State and County Precincts Nos. 12 and 13:
Polling Place: Garage at 910 "E" Avenue.

Inspector: Julia G. Dixon.
Judge: Cora M. Shackleton.
Clerk: May C. Wickham.
Clerk: May G. Vincent.

Voting Precinct 9 shall consist of a consolidation of State and County Precincts Nos. 15 and 16:
Polling Place: Clubhouse in Library Park.

Inspector: Grace E. McDougal.
Judge: Nellie M. Brose.
Clerk: Isabella M. Pace.
Clerk: Margot Kendig.

Voting Precinct 10 shall consist of a consolidation of State and County Precincts Nos. 20 and 21:
Polling Place: Bay Shore Motors, 1010 Park Place.

Inspector: Robert E. Archibald.
Judge: Marjorie R. Swanson.
Clerk: Lucia A. Archibald.
Clerk: Bishop F. Wickham.

Voting Precinct 11 shall consist of a consolidation of State and County Precincts Nos. 19 and 22:
Polling Place: Arthur Motors, 1000 "C" Avenue.

Inspector: Anne A. Simonson.
Judge: Grace Thomas.
Clerk: Edna T. Abel.
Clerk: Renee Forsyth.

Voting Precinct 12 shall consist of a consolidation of State and County Precincts Nos. 17 and 18:
Polling Place: Service Station, 801 Orange Avenue.

Inspector: Ella Eaton.
Judge: Rhea K. Miller.
Clerk: Finesse M. Monteith.
Clerk: Marguerite Todd.

Voting Precinct 13 shall consist of State and County Precinct No. 23:
Polling Place: Garage at 619 Pomona Avenue.

Inspector: Mary Muirhead.
Judge: Frances W. Larmour.
Clerk: Helena H. Ritter.
Clerk: Betty M. Ridge.

The polls will be open between the hours of 7:00 o'clock A. M. and 7:00 o'clock P. M.

A. A. MATHEWSON,
City Clerk,
City of Coronado.

High school Hi Jinx on tap tonight, Saturday

3-8-56

The curtain goes up on Coronado High School's annual variety show, "The High Jinx of 1956," tonight, and also will rise Saturday, both shows starting at 8 p.m.

Skits programmed include "Bedlam," "The Lamp Went Out," "Moosketettes," "Nellie," and "Battalion Watch."

Seventeen individual acts have been planned.

Dancers in the show include Anne Boccacio, The Collis sisters, Marvine Epp, Lois Brown, Jan Fahle, Pat and Carla Archibald, Pat Ellis, Pat Primm, Sue Wilkens, Julianne North, Lois Brown, and Diane Sweeney.

Singers will include Jan Brigham, Arlene Downing, Butch Bewick, Maple Williams and the school's A Cappella Choir.

Instrumentalists are Emily Delasalas, Marilyn Moyle, and Deanna Harris. Ky Winchester, Margie Brown, Joan Quijada, Anne Weisgerber and Diane Lawrence are pantomimists.

Marshall Pieczentkowski and the Moosketettes will do a com-

bination act.

Master of ceremonies will be Walter Heinecke.

Miss Martha Dubleman is in charge of tickets, which will be sold at the door.

Local students get high scores on English test

Seniors at Coronado High School have scored "amazingly high" on a test of grammar and vocabulary given Feb. 9 and 10, English teacher Roy Burge said this week.

There are about 80 students in the senior class. In English grammar the class average was 136, out of a possible 150 points. A score of 130 ranks a student in the 99th percentile. This means that only 1 of every 100 students in the nation taking the test scored that high.

In vocabulary the average score was 82 out of a possible 100. The 99th percentile for the nation on that test is 67.

The tests are the standard tests of Kansas State Teachers' College, and are now being given for the 63rd year.

Tests were given in literature and spelling last week. All students at Coronado High School have taken a test in reading ability, but the results have not yet been tabulated.

Burge and Miss Lena Wilhelm teach English at the High School. Four other teachers, Miss Marguerite Carrara, Mrs. Elizabeth Huser, Paul Shaler and David R. Michaels teach English along with other subjects.

Burge said student ability in English has improved in recent years because elementary, junior high school and high school training programs are being integrated better.

3-8-56

C.H.S. Students visit Redlands

Margaret Moser, 665 I Ave., and Sidney Clark, 320 J Ave., were among over 800 high school and junior college students to visit the University of Redlands recently for the annual University Day festivities held on the Redlands campus.

The program for the day included a series of special 20 minute demonstration classes in which the visiting students were given an opportunity to actually be a part of the college-level classes. All departments and divisions of the Universities curriculum were represented, and members of the University faculty who regularly teach the classes were instructors for the special short sessions.

Music auditions, a picnic in the park, swimming and a meeting with the University athletic coaches were included in the afternoon proceedings. The day was capped with a Basketball game between the U of R and Pasadena Nazarene. Redlands came up the winner 44 to 34.

It is the hope of Dr. George H. Armacost, president of the University of Redlands that each and every visiting student thoroughly enjoyed the "Day in College." Armacost stated that "University day isn't just the University, whitewashed for a day, but

HIGH, HIGH, HI-JINX! Don't look now but these girls are dancing. They're in a comic hula act in the Coronado high school annual show on tonight (Thursday) and Saturday night at

the school auditorium. Both shows start at 8 p.m.; tickets at the door. Girls are (left to right) Carla Archibald, Jan Fahle, Lois Brown and Pat Archibald. (Story on Page 9, Section B)

Islanders win SCIF title; Roger Nix 'Player of Year'

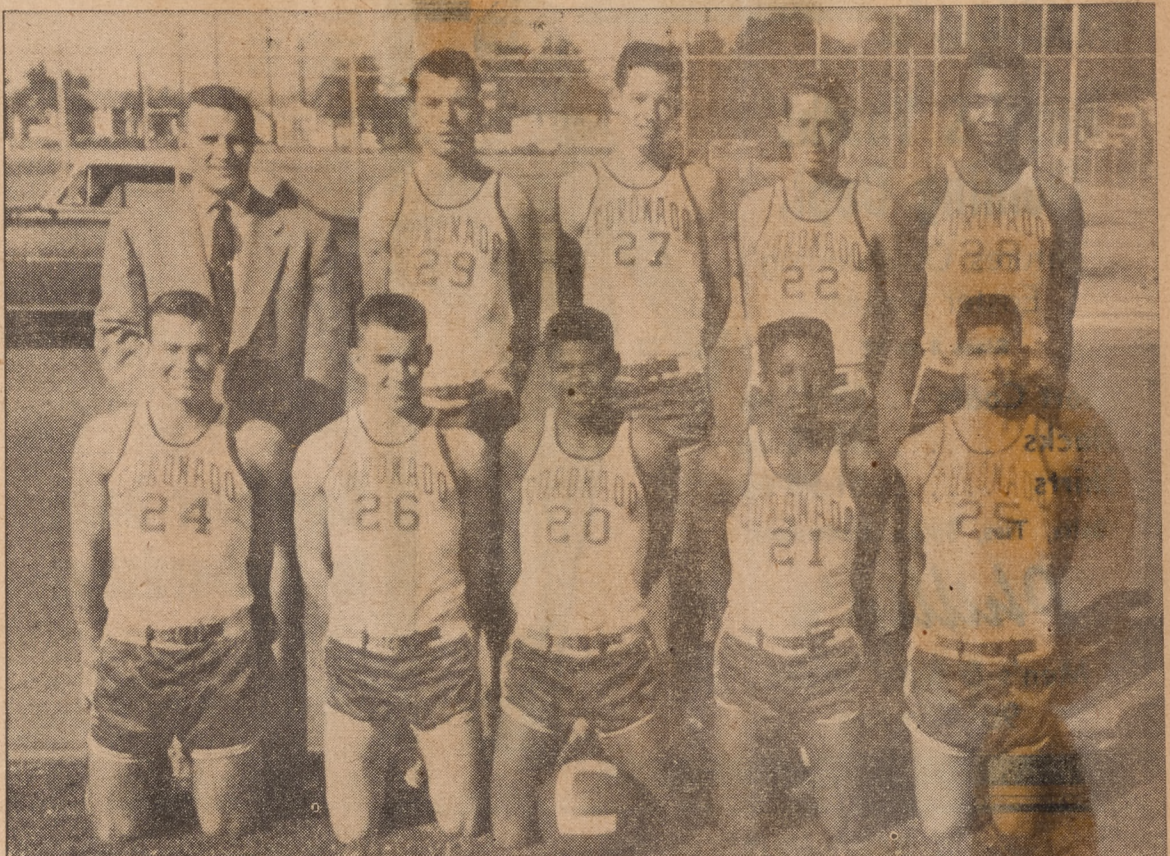

Thurs., March 15, 1956

1956

MARILYN LAMBERTON has been honored by Coronado High school as Girl of the Month for February. Miss Lamberton was chosen for her participation in school activities as Associated Student Body bookkeeper, student director for the all-school play in December, and ticket chairman for last week-end's Hi Jinx. The Girl of the Month, who is selected the last day of each month, receives a complimentary portrait, a string of pearls, and a gardenia corsage.

JEANNETTE STUDIO PHOTO.

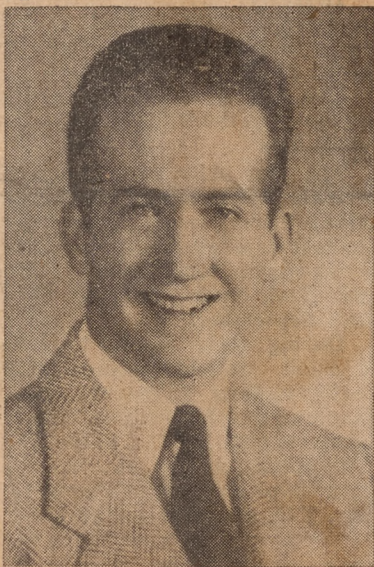

CHAMPIONS! Coronado high school's best basketball team in years, winner of Avocado League (twice in a row), the Kiwanis Tournament for smaller schools, and finally, champions of the Southern California Interscholastic Federation in small schools division. The Islanders won the SCIF title by defeating Citrus high of Azusa 60 to 54, proving masters of the

much taller team that had been given the edge. Front row, from left: Jon Crawford, Dennis Grimaud, Herman Wright, Willy Dickey, Ashton Shaw. Back row, from left: Coach John Kovac, Roger Nix, Ron Rumney, Steve Solier, Charles Love. Fastness of the team overcame many quintets with longer arms, longer legs.

3-15-56

State college professor to speak to P.T.A.

DUANE M. RUMBAUGH, Ph. D.
P.T.A. speaker tonight

Dr. D. M. Rumbaugh of the San Diego State College Department of Psychology will speak tonight (Thursday) to the Coronado P.T.A.

The meeting will start at 8 p. m. in the library of Coronado high school.

Dr. Rumbaugh's topic will be "Anxiety and Its Relation to Behavior." He said he will discuss the way anxiety or fear affect behavior and how anxiety in our present society can be dealt with by individuals.

Dr. Rumbaugh took his Ph. D. at the University of Colorado at Boulder. He is a member of the American Psychological Association and of Sigma Xi, a national honor society devoted to the promotion of research and science. He is a specialist in the theory of learning.

3-15-56

Roger Nix Player of the Year

Roger Nix, center of the Southern California championship Coronado high school basketball team, was elected Player of the Year by league coaches who balloted to make selections for the Breitbard Athletic Foundation's 1956 All-Avocado League team.

Besides Nix, three other Coronado players were honored on the 10-player team. They are Forward Jon Crawford and Guards Herman Wright and Charles Love. Steve Solier received honorable mention.

THE WEIGHT OF EDUCATION is too much for first-grader Leslie Horton. She was going to show her mother all the books she has read since the start of school. Her brother, Tony, helps her out. Carrying all the books he's read in his eight years of school would be impossible. This isn't true of all students, a story from the Coronado schools says.

JOHN AND JANE DO READ HERE

Johnny learns to read in the Coronado schools. National tests show that Coronado students read much better, on an average, than other students all over America. Is this important?

How and why children here learn to read, and some of the problems involved in teaching them are discussed below by three educators working at the Central Elementary School and Coronado Junior High School.

They are Paul M. Berry, principal of the schools; Stewart Neely, assistant principal; and Dr. Willard Unsicker, who comes to the Coronado Unified School District from the County Superintendent of Schools office as part-time curriculum coordinator. His job is to help fit together classes and the methods used in teaching them.

Here's what they say:

Berry—"Because one major process of education is to create literate citizens one principle of elementary education stands out: The school is a reading school. From this idea two related statements come: Skill in reading is imperative for success in later school life; progress in reading is an important measure for promotion in the elementary grades."

Unsicker—"Difficulties that arise in a particular school subject are often the result of the child's inability to read well."

Berry—"Gaps, interruptions, inconsistencies and disturbances in the elementary school process of learning to read well may have serious effects on the students. These gaps are experienced by our mobile population. A total of 1,650 students have transferred, either into or out of my schools, since last June."

Neely—"Yes. The total enrollment in these two schools is 1,184. Since school started in September 354 students have moved to other schools. Others, of course, have filled their places here."

Berry—"There is a distinct trend everywhere to provide for and increasing proportion of poor readers in elementary schools as an integral part of the curriculum."

Neely—"We have two remedial reading courses, one for the elementary school, one for junior high. In junior high, remedial reading is one of the elective students may ask to take. (Ed. Note: Each student is allowed one elective each semester, along with six required courses. The one elective may be chosen from music, shop, home crafts, art crafts, homemaking and fine arts.) Many more apply for remedial reading than we put in the class."

Berry—"One of the chief misuses of any type of basic material—whether it is arithmetic, history, geography or literature—is that too frequently all children are treated alike. As a result, children in a typical fifth grade are all required to read from fifth grade materials, regardless of their reading ability."

Unsicker—"For those children who demonstrate potential for work above their grade level, the Coronado schools try to provide challenging activities, to help them develop to the maximum of their abilities."

Berry—"We find that when children are able to read well independently, the teacher is free to give individualized instruction. But when children read so poorly that they are dependent upon the teacher for a great deal of help, she does not have time to individualize her teaching."

Neely—"The Stanford Achievement Tests are a standardized measurement of what children have learned. Coronado students do well on them. For instance, the average for 138 third grade students here is six months ahead of the national average in reading. The average for our 156 fourth grade students ranks with the fifth grade reading average for the nation."

"And the average reading grade for 164 seventh grade students puts them more than halfway up the eighth grade scale. Our eighth grade average in reading reaches the nationwide average for sophomores in high school."

"These figures are really good for little except newspaper headlines. What is very important is that among the 138 third graders there are 13 reading at the fifth grade level or above. Twenty in

the fourth grade read as well as or better than most seventh graders. Twenty in the seventh grade and 41 in the eighth read as well as the average high school junior. What are we going to do to keep these students interested?

"What are we going to do at the other end of the scale where we have five eighth graders reading at the first grade level. How will we keep them from getting discovered? Remedial reading groups are one answer to this."

"The same patterns of individual ability are true in all grades and all subjects. One big reason for the tests is to help show us where to put the emphasis in a class."

Berry—"One effective means of providing instruction according to the needs and interests of individual pupils in a classroom is grouping. Education increases individual differences."

"I want to say also that comparison with the nation does help us. Several years ago we found our students falling low in third grade arithmetic—though they caught up with the national averages in later years. We found out the children needed some formal number training in the kindergarten, first and second grades, to give them an even start with other students. We got workbooks for them in those grades."

Neely—"Third grade students this year averaged two months ahead of the national arithmetic average."

Unsicker—"Each area of learning in school involves its own problems in reading. One area may require the child to do wide amounts of reading in which "skimming" techniques are needed. On the other hand, an intensive, slow reading may be necessary in some areas. In the Coronado schools experiences are provided which help the child adjust to these varying situations."

A "GOOD READER"—Jimmy Bradley has read this stack of books since he started in the first grade last fall. His big brother, Frank, who is a sophomore at Coronado high school, helps him show his progress. Ability in reading doesn't depend on a child's age, as a Journal story shows this week.

Berry—"For instance the arithmetic textbook is entirely different from reading other material. The arithmetic book has little running content that the child can use for help in recognizing words. The book contains a technical vocabulary that must be learned. Reading of arithmetic calls for careful and exact reading, done at a relatively slow rate. When a child attempts to study arithmetic the same way he studies basic reading material, he is in difficulty almost immediately."

Unsicker—"Children need to know how to solve problems. Arithmetic provides many problem-solving situations. It helps to develop the ability to solve many kinds of problems, and also to develop the basic mathematical skills."

"As a part of the basic philosophy of the Coronado Elementary Schools it is felt that all children should master the expected reading and arithmetical skills at the various grade levels. Continued stress on both phonics and phonetic skills is given to help the children to become better readers."

"Learning to read and learning to use mathematical skills are both processes that are continuous, and do not develop in steps or stages. Each new understanding evolves from the learning that has preceded it."

Berry—"Indeed, it might be said that reading is not a subject, but instead a way of thinking. This process begins at an age of around six months, when the child first differentiates easily between objects in his environment. Here are seven ways for parents to help a child in the critical early stages of learning to read. Remember that readiness to read can be developed before a child starts in kindergarten."

1. Provide conversational experience at home. By giving lots of time to discussion, the understanding of words and the ability to read them will be extended.

2. Use pictures and other aids for introducing new ideas.

3. Use repetition to fix new words in the child's memory.

4. Wherever possible connect new words with things and meaning the children already understand.

5. Dramatize different types of words: verbs such as run, jump, hop; the sounds and actions of nouns which name animals and machines; prepositions such as under, through, over, behind; and adverbs such as fast, quickly, quietly.

6. For practice, have children tell all the words they know that relate to one idea.

7. Encourage and praise the use of new words."

(Next week the Journal will take up another phase of education in the Coronado schools.)

BEAUTY COURT members selected by Coronado High School are, left to right, top row: Patti Collis, Diana Collis, Sally Hill, Betsy Lahmann, Barbara Davis. Second row: Sally

Sears, Arlene Giesser, maid of honor; Linda Sanford, Beauty queen; Sidney Clark. Seated in front is Marjie McKechnie. (Story on page 7).

Students visit Kaiser plant

Fifty-nine juniors and seniors from Coronado high school traveled to Fontana, Calif., last week to visit the Kaiser Steel Mill.

The group saw the coal-to-coke oven process, open-hearth furnaces, pipe mill, ingot pouring and stripping.

Lunch and dinner were provided for the visitors at the mill cafeteria.

Marvin Nottingham, chemistry and physics teacher, sponsored and supervised the members of his classes on the trip. 3-22-56

Funds sought to honor champion basketball team

Appeal for donations from Coronado citizens for money to buy jackets for the championship high school basketball team was made yesterday by the service clubs of Coronado.

Fourteen jackets will be bought, 12 to go to the team, two to the coaches who helped the squad to an Avocado League title and to the Southern California Interscholastic Federation small schools crown. Cost will be approximately \$350 for all.

Donations may be sent to "Basketball, Coronado, Calif."

The move was started by representatives of the Kiwanis, Rotary, Lions and 20-30 Clubs, who met and decided the money should come by public subscription.

An awards dinner, sometime in April, will honor the team and the B squad, also winners of their Avocado League title. Members of both teams will be given gold basketballs and the jackets to the varsity. The dinner is planned for the junior high auditorium. 3-22-56

Coronado wins Hi-Y cage title

The Senior Hi-Y basketball team from Coronado high school won the county-wide Hi-Y basketball championship in a final game played here last week.

The Coronado team won 28-22 over the Vista La Mesa Hi-Y, which last year beat Coronado in the finals.

Coronado players included Ralph Pray, Pip Mandelkorn, Frank Scanland, Larry Rutter, Ed Barber, Chiefie Ward, Ronny Campbell, Ed Chew and Mike Rutter. Jerry Roberts coached the team.

The tournament was sponsored by the county Y.M.C.A. 3-22-56

High School takes Hi-Jinx to Mar Vista

Eleven acts from the "Hi-Jinx of 1956," produced by Coronado high school students, traveled to Mar Vista last Friday morning to present an exchange assembly. The program was arranged by Pip Mandelkorn, commissioner of assemblies, in return for the assembly Mar Vista High put on for CHS yesterday.

"Nellie," a skit put on by the Frosh; Jan Brigham, Arlene Downing, Maple Williams, and the Four Roses, all singers and a group; two commercials; three pantomimes, "Sh-Boom," "Birth of the Boogie," "Rock Love"; a hula by the Collis sisters; plus another skit, "And the Lamp Went Out," were sent to Mar Vista.

Walt Heinecke was master of ceremonies.

3 students to be guests at play

Three Coronado high school students will be honored guests at tonight's (March 22) San Diego State College performance of "Tobias and the Angel."

Evelyn Estes, Richard Reed and LaMont Dixon will also attend a dessert party before the play. Each year speech instructors from all area high schools are asked to select their top speech students to be theater guests of the college speech arts department. 3-22-56

NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that the Coronado Unified School District of San Diego, County, California, acting by and through its Governing Board, hereinafter referred to as the District, will receive up to, but not later than 12 o'clock noon of the 2nd day of April, 1956, sealed bids for the award of a contract for Office Furniture, Metal and Fabric Venetian Blinds. Such bids shall be received in the office of the Governing Board of said District located at 650 D Avenue, Coronado, California, and shall be opened and publicly read aloud at the above stated time and place.

Each bid must conform and be responsive to this invitation, the Information for Bidders, the Specifications, the Plans, and all other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and may be obtained in the office of said board at the above address.

Each bid shall be accompanied by a certified or cashier's check payable to the District, or a satisfactory bid bond in favor of the District executed by the bidder as principal and a satisfactory surety company as surety, in an amount not less than 5% of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the Contract Documents, and shall provide the surety bond or bonds as specified therein within five (5) days after notification of the award of the contract to the bidder.

The District reserves the right to reject any or all bids, to accept or reject any one or more items of a bid, or to waive any irregularities or informalities in the bids or in the bidding. Preference will be made in the award for California made supplies, pursuant to Sections 4330 to 4334, inclusive, Government Code.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.

C. H. SODERBERY,
Clerk, Governing Board, Coronado Unified School District,
San Diego County, California.

Publish in Coronado Journal (37) March 15, 22 and 29.

LEGAL SCHOOL BOND ELECTION NOTICE

Notice is hereby given to the qualified electors of Coronado Unified School District of the County of San Diego, State of California, that in accordance with law, an election will be held on the 10th day of April, 1956, in said District, between the hours of 7:00 o'clock A.M. and 7:00 o'clock P.M., during which period and between which hours the polls shall remain open, at which election there will be submitted the question of issuing and selling bonds of said District to the amount of \$150,000 Dollars, for the purpose of raising money for the following purposes:

- The purchasing of school lots.
- The building or purchasing of school buildings.
- The making of alterations or additions of the school building or buildings other than such as may be necessary for current maintenance, operation, or repairs.
- The repairing, restoring or rebuilding of any school building damaged, injured, or destroyed by fire or other public calamity.
- The supplying of school buildings with furniture or necessary apparatus of a permanent nature.
- The permanent improvement of the school grounds.
- The carrying out of the projects or purposes authorized in Section 18010 of the Education Code, to-wit providing sewers and drains adequate to treat and/or dispose of sewage and drainage and away from each school property.

All of the foregoing purposes enumerated herein are hereby united and shall be voted upon as one single proposition. Said bonds proposed to be issued and sold shall bear interest at a rate of not exceeding five per cent per annum, payable annually for the first year the bonds have to run, and semi-annually thereafter.

The number of years the bonds, or any series thereof, are to run shall not exceed 25 years from the date thereof or the date of such series thereof.

This election has been consolidated, pursuant to Section 7403 Education Code and Sections 10050-10058 inclusive Elections Code, with the Municipal General election of the City of Coronado to be held at the same time and places, and the bond election precincts, polling places, precinct officers, and hours of opening and closing the polls are the same as for said Municipal General Election, and as stated in the Notice of Election published January 26 and February 2, 1956, and in resolution No. 2691 entitled, "A Resolution of the City Council of the City of Coronado Calling a General Municipal Election To Be Held In The City of Coronado on the 10th Day of April, 1956; Fixing Voting Precincts And Polling Places And Naming Election Officers Therefore And Providing Notice of Such Election", passed and adopted by said City Council February 7, 1956, and published in the Coronado Journal in the issues of February 16 and 23, 1956.

Both this bond election and said Municipal General Election shall be held in all respects as if there were only one election; only one form of ballot shall be used; and the returns of both elections shall be canvassed by the City Council of said City, and the results of said bond election duly certified to the Governing Board of this district, all as prescribed by law.

Each qualified elector of said Coronado Unified School District shall be entitled to vote only in the School District Bond Election Precinct of which he is a resident.

IN WITNESS WHEREOF, we have hereunto set our hands this 18th day of February, 1956.

High school girl wins in big test

PAT ELLIS
Homemaker

The Betty Crocker Homemaker of Tomorrow in Coronado High School is Pat Ellis.

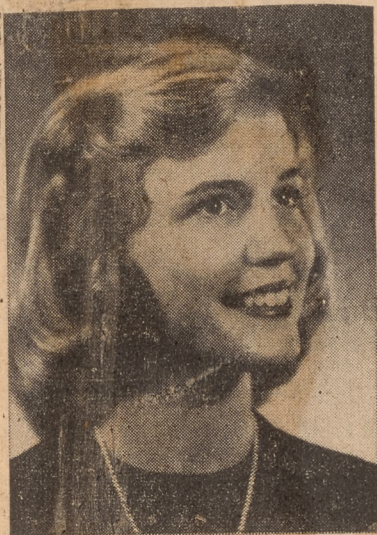

She received the highest score in a written examination which tested the home-making knowledge and attitudes of 21 senior girls. She will be entered in competition to name California candidate for the title of All-American Homemaker of Tomorrow and will also be considered for the runnerup award in the state. She will receive a golden award pin as a prize.

Other Coronado girls who won the right to take the test by showing their interest in homemaking include Pat Burns, Eloiza Cisneros, Emma Dodson, Virginia Duncan, Daline Gierke, Mary Heyn, Earleene Huffman, Maryann Jadovitz, Joanne Livingston, Donna McDonaugh.

Barbara Merrick, Bette Nelson, Chloe Phillips, Annie Quitugua, Rosalee Reed, Madelon Rinkleib, Linda Sanford, Pam Schaefer, Sherry Scott, Barbara Stanchfield and LaVonne Vestal.

The national winner will be named April 12 in Philadelphia.

Each state's Homemaker of Tomorrow will receive a \$1,500 scholarship and a trip with her school advisor to Washington, D. C., colonial Williamsburg, Va., and Philadelphia. A \$500 scholarship will be awarded the runner-up girl in each state. The school of the state winner will receive a set of the Encyclopedia Britannica.

LINDA SANFORD
Beauty Queen

Buenger Studio photo.

Linda Sanford Coronado high beauty queen

Linda Sanford, senior, has been chosen Coronado High School beauty queen and will reign over the annual Spring prom May 25 at Hotel del Coronado.

Her maid of honor is Arlene Giesser, junior. The other eight members of the court are Sidney Clark, Diana Collis and Sally Hill, seniors; Patti Collis, Barbara Davis, Betsy Lahmann and Marjie McKechnie, juniors; and Sally Sears, sophomore.

The student body selected members of the court two weeks ago, following nominations by a student committee. A second election was held several days later to choose the queen and maid of honor. Although nine girls have served on the court in previous years, ten girls were selected this year, due to the close voting.

Other nominees for the court included Audrey Alcantara, Jan Brigham, Marjie Brown, Marcia Cady, Pennie Compton, Diane Dally, Arlene Downing, Jan Fable, Susan Johnson, Marilyn Lamberton, Sylvia McKenzie, Grace Rivera, Sue Schade, Fran-nie Schutt, Phyllis Scruggs and Carol Williams.

School secretary moving to Tucson

Mrs. Robert M. Newman, who has been secretary to the Superintendent of Schools and to the Board of Education here for the past eight years, has submitted her resignation.

Her husband, who has been for 31 years with New York Life Insurance Co., has been appointed cashier of a new branch office in Tucson, Arizona.

Mrs. Newman's position is being filled by Mrs. Gwen Holley, who comes with six year's experience with the North Hollywood Chamber of Commerce.

Science goes right

SCIENTISTS IN THE MAKING? These first graders in a class at Coronado Elementary School learn about animal habits by studying "Sandy," their turtle, who spends his life in the classroom. Administrators of the Coronado

Unified School District say an encouraging number of students in the district are preparing for careers in science. The teacher shown starting them on their way is Mrs. John Lavery.

All photos by Tommy Lark.

3-22-56

MAKING THE WORLD GO 'ROUND—These students work with a model of the solar system. Fifth graders, as shown here, do not study science every day. Instead they have it in units,

each unit several weeks long, scattered through the school year. From left to right are Jack Williams, teacher Miss Mary Pulliam, Kay Johnson, and Kathy Adams.

3-22-56

along with 3 R's

Modern living has added science to the list of basic subjects taught in the public schools. Reading, 'Riting, 'Rithmetic — Science—are all emphasized in the Coronado schools.

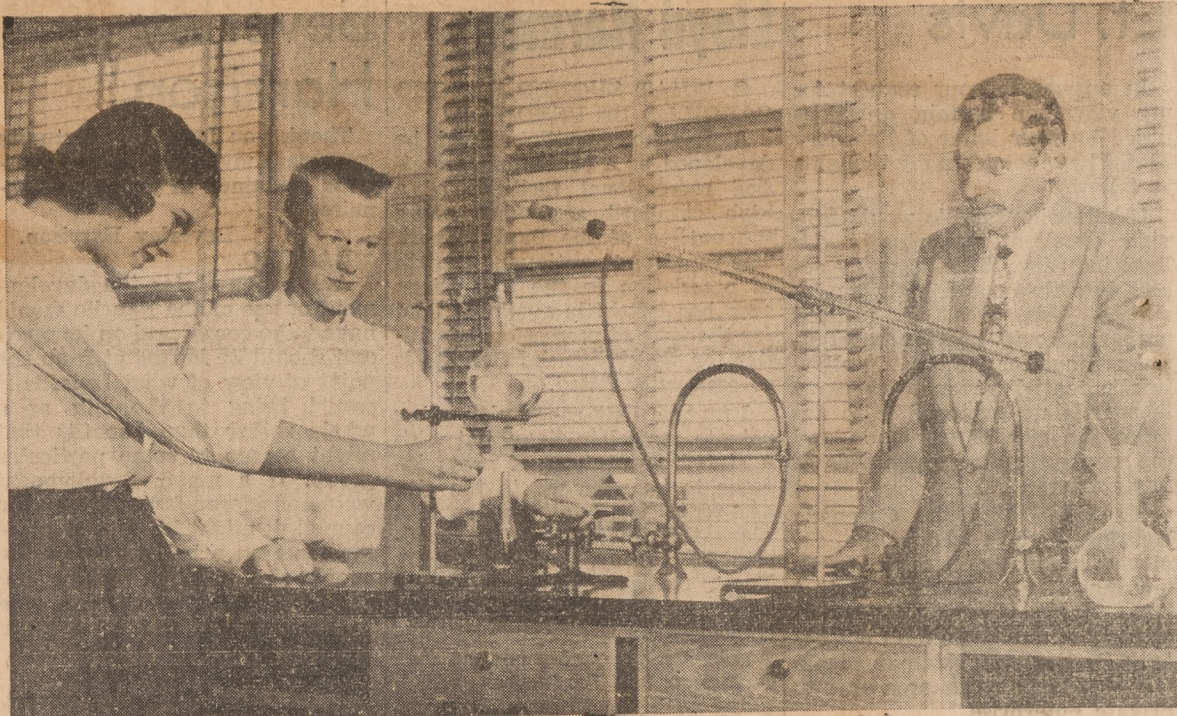

In the issue of March 2 the Journal took up some reading and writing problems in the schools here. In this issue we have a picture series showing other areas of learning in the schools.

Science classes are used to teach in two ways. They teach actual facts about the world and they teach methods of scientific investigation.

It all starts early. Now being planned is an "Operation Silkworm," in which every first grade class in Coronado will raise silkworms, collecting mulberry leaves for food and watching the worms develop into silk producers.

Science teaching continues throughout the schools. All elementary school and junior high school students are required to take science classes. In high school the classes are optional — but more than one-third of the students are enrolled in a science class of some kind. High school activities in science include classroom study, laboratory work and field trips, like a visit made last week to the Kaiser Steel Mills in Fontana, Calif.

Student growth in mathematics ranges from "two plus two" in the first grade classes to trigonometry and business mathematics in the high school. Four steps in math study are shown on opposite page.

LABORATORY EXPERIMENTS start in junior high school. Martha Wakefield and Wayne Aldendorph work with instructor Robert Fangman on a basic problem of distillation. The new

junior high school building on Seventh St. will include a complete laboratory larger than the one now in the high school. All junior high school students take general science. 3-22-56

ANALYSIS of substances, is one problem in high school chemistry. Here, left to right, Preston Probasco, Peter Gray and Jim Heath perform an experiment in titration to find out how strong

the acetic acid is in vinegar. Instructor is Marvin Nottingham, who teaches physical sciences. 3-22-56

All photos by Tommy Lark, Hotel del Coronado

OVERCROWDING AT ITS WORST is shown in the picture above of teacher Marilyn Seylor's third grade room at Central School. The room, thrown into service because of big enrollment, jams 31 boys and girls into a space hardly large enough for a modest bedroom. Other classes are on double shifts in Coronado schools, where

student population is jumping year by year. Immediate answer to the problem: A school bond of \$150,000, to be voted on April 10 at the election held jointly with the city for councilmen and city clerk. Crowded conditions are fire and health hazards.

School bonds or double shifts

Why are Coronado schools in need of a \$150,000 bond issue?

These are the facts, provided by the Board of Education.

1—During the current school year, enrollment was increased by 655 students, greatest influx of student population in the history of Coronado.

2—More than 500 students have been forced to attend only half-day sessions. Educators

report that those who are going only half-days miss more than one month of classroom time during a school year.

3—Although completion of new classroom units at the Junior high school will temporarily alleviate double sessions, the problem will return at the beginning of the 1956-57 school year when an even larger increase in enrollment is expected. The estimate is that 400 to 500 pupils will return to double sessions.

4—Crowded classrooms have reached a danger point. Not only are students in overcrowded rooms not receiving the attention they need and deserve, such conditions

can become a serious health factor, and in case of an unforeseen emergency a vital safety handicap.

5—Sanitary conditions at the gymnasium require immediate attention. Facilities there are used by 750 junior and senior high school students daily. Showers, lockers and other equipment are inadequate for so many.

6—Important school services such as the remedial reading classes are being forced to meet in an improvised room in the gymnasium because there is no other place for them.

How can these situations be

(Continued on Page 10)

School Bonds

(Continued from Page 1)

remedied?

The Board of Education proposes the following:

1—To build eight classrooms, immediately, on the Central School site. (All additions must be placed on present school property, because no additional area is available.)

2—To add more classrooms to the Crown School to take care of youngsters who will occupy the new homes now nearing completion in that area.

3—To expand sanitary facilities at the gymnasium.

To accomplish these improvements, the board is proposing the \$150,000 bond issue, which would amount to half of the total cost for the new construction.

Balance of the cost will be derived from the \$141,000 provided by the Federal government and \$9,000 currently available from the school building fund.

What will this mean to taxpayers?

Current school tax rate in Coronado is \$1.99. The bond would raise it to \$2.04½, still the lowest of any school district in San Diego County.

All school taxes are based on county evaluations, not city. Therefore, the same yardstick applies in all communities. As a basis of comparison, Chula Vista's rate is now \$4.04, La Mesa's is \$3.57 and Escondido's is \$3.23.

Coronado's present bonded indebtedness is currently being paid off at the rate of \$10,000 per year. It is estimated that it will be completed in eight years, which would leave only the balance of the new bond to be paid, and the possibility of a lower rate in the future.

3-29-56

NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that the Coronado Unified School District of San Diego County, California, acting by and through its Governing Board, hereinafter referred to as the District, will receive up to, but not later than 12 o'clock noon of the 2nd day of April, 1956, sealed bids for the award of a contract for Office Furniture, Metal and Fabric Venetian Blinds. Such bids shall be received in the office of the Governing Board of said District located at 650 D Avenue, Coronado, California, and shall be opened and publicly read aloud at the above stated time and place.

Each bid must conform and be responsive to this invitation, the information for Bidders, the Specifications, the Plans, and all other documents comprising the Contract Documents. Copies of the Contract Documents are now on file and may be obtained in the office of said Board at the above address.

Each bid shall be accompanied by a certified or cashier's check payable to the District, or a satisfactory bid bond in favor of the District executed by the bidder as principal and a satisfactory surety company as surety, in an amount not less than 5% of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the Contract Documents, and shall provide the surety bond or bonds as specified therein within five (5) days after notification of the award of the contract to the bidder.

The District reserves the right to reject any or all bids, to accept or reject any one or more items of a bid, or to waive any irregularities or informalities in the bids or in the bidding. Preference will be made in the award for California made supplies, pursuant to Sections 4330 to 4334, inclusive, Government Code.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.

C. H. SODERSTRY,
Clerk, Governing Board, Coronado Unified School District,
San Diego County, California.
Publish in Coronado Journal (37) March 15, 22 and 29.

ADVERTISEMENT FOR BIDS

Notice is hereby given that the Governing Board of the Coronado Unified School District of San Diego County, California, hereinafter referred to as the "Owner", will receive up to, but not later than 8:00 o'clock, P.M., on the 19th day of April, 1956, sealed bids for the award of a contract to provide and furnish any and all of the labor, materials, tools, expendable equipment and all utility and transportation services necessary to perform the contract and complete in a workmanlike manner all of the work required in connection with

Classroom Addition to the Central Elementary School on West 1/2 of Block 91, Coronado Beach, Coronado, California.

Such bids shall be received in the Superintendent of said Governing Board located at 650 "D" Avenue, Coronado, California in said County and State, and shall be opened and publicly read aloud at the above stated time in the office of said Governing Board in such building.

Each bid must conform to and be responsive to this Invitation, the Information for Bidders, the Plans, Specifications, and all the other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and open to public inspection in the offices of said Governing Board located at 650 "D" Avenue, Coronado, California and the Architects, Paderewski, Mitchell & Dean, Room 206, Fifth Avenue Building, San Diego 1, California and may be obtained by

SCHOOL BOND ELECTION NOTICE

Notice is hereby given to the qualified electors of Coronado Unified School District of the County of San Diego, State of California, that in accordance with law, an election will be held on the 10th day of April, 1956, in said District, between the hours of 7:00 o'clock A.M. and 7:00 o'clock P.M., during which period and between which hours the polls shall remain open, at which election there will be submitted the question of issuing and selling bonds of said District to the amount of \$150,000 Dollars, for the purpose of raising money for the following purposes:

- The purchasing of school lots.
- The building or purchasing of school buildings.
- The making of alterations or additions of the school building or buildings other than such as may be necessary for current maintenance, operation, or repairs.
- The repairing, restoring or rebuilding of any school building damaged, injured, or destroyed by fire or other public calamity.
- The supplying of school buildings with furniture or necessary apparatus of a permanent nature.
- The permanent improvement of the school grounds.
- The carrying out of the projects or purposes authorized in Section 18010 of the Education Code, to-wit: providing sewers and drains adequate to treat and/or dispose of sewage and drainage and away from each school property.

All of the foregoing purposes enumerated herein are hereby united and shall be voted upon as one single proposition.

Said bonds proposed to be issued and sold shall bear interest at a rate of not exceeding five per cent per annum, payable annually for the first year the bonds have to run, and semi-annually thereafter.

The number of years the bonds, or any series thereof, are to run shall not exceed 25 years from the date thereof or the date of such series thereof.

This election has been consolidated, pursuant to Section 7403 Education Code and Sections 10050-10058 inclusive Elections Code, with the Municipal General election of the City of Coronado to be held at the same time and places, and the bond election precincts, polling places, precinct officers, and hours of opening and closing the polls are the same as for said Municipal General Election, and as stated in the Notice of Election published January 26 and February 2, 1956, and in resolution No. 2691 entitled, "A Resolution of the City Council of the City of Coronado Calling a General Municipal Election To Be Held In The City of Coronado on the 10th Day of April, 1956; Fixing Voting Precincts And Polling Places And Naming Election Officers Therefore And Providing Notice of Such Election", passed and adopted by said City Council February 7, 1956, and published in the Coronado Journal in the issues of February 16 and 23, 1956.

Both this bond election and said Municipal General Election shall be held in all respects as if there were only one election; only one form of ballot shall be used; and the returns of both elections shall be canvassed by the City Council of said City, and the results of said bond election duly certified to the Governing Board of this district, all as prescribed by law.

Each qualified elector of said Coronado Unified School District shall be entitled to vote only in the School District Bond Election Precinct of which he is a resident.

IN WITNESS WHEREOF, we have hereunto set our hands this 18th day of February, 1956.

EUGENE A. HORTON,

A. J. GRAY, Jr.,

C. H. SODERBERY,

Members of the Governing Board of Coronado Unified School District, School District, of San Diego County, California.

Published in Coronado Journal (4T) March 15, 22, 29; April 5, 1956.

OVERCROWDING AT ITS WORST is shown in the picture above of teacher Marilyn Seylor's third grade room at Central School. The room, thrown into service because of big enrollment, jams 31 boys and girls into a space hardly large enough for a modest bedroom. Other classes are on double shifts in Coronado schools, where

student population is jumping year by year. Immediate answer to the problem: A school bond of \$150,000, to be voted on April 10 at the election held jointly with the city for councilmen and city clerk. Crowded conditions are fire and health hazards.

School bonds or double shifts

Why are Coronado schools in need of a \$150,000 bond issue?

These are the facts, provided by the Board of Education.

1—During the current school year, enrollment was increased by 655 students, greatest influx of student population in the history of Coronado.

2—More than 500 students have been forced to attend only half-day sessions. Educators

report that those who are going only half-days miss more than one month of classroom time during a school year.

3—Although completion of new classroom units at the Junior high school will temporarily alleviate double sessions, the problem will return at the beginning of the 1956-57 school year when an even larger increase in enrollment is expected. The estimate is that 400 to 500 pupils will return to double sessions.

4—Crowded classrooms have reached a danger point. Not only are students in overcrowded rooms not receiving the attention they need and deserve, such conditions

can become a serious health factor, and in case of an unforeseen emergency a vital safety handicap.

5—Sanitary conditions at the gymnasium require immediate attention. Facilities there are used by 750 junior and senior high school students daily. Showers, lockers and other equipment are inadequate for so many.

6—Important school services such as the remedial reading classes are being forced to meet in an improvised room in the gymnasium because there is no other place for them.

How can these situations be

(Continued on Page 10)

School Bonds

(Continued from Page 1)

remedied?

The Board of Education proposes the following:

1—To build eight classrooms, immediately, on the Central School site. (All additions must be placed on present school property, because no additional area is available.)

2—To add more classrooms to the Crown School to take care of youngsters who will occupy the new homes now nearing completion in that area.

3—To expand sanitary facilities at the gymnasium.

To accomplish these improvements, the board is proposing the \$150,000 bond issue, which would amount to half of the total cost for the new construction.

Balance of the cost will be derived from the \$141,000 provided by the Federal government and \$9,000 currently available from the school building fund.

What will this mean to taxpayers?

Current school tax rate in Coronado is \$1.99. The bond would raise it to \$2.04½, still the lowest of any school district in San Diego County.

All school taxes are based on county evaluations, not city. Therefore, the same yardstick applies in all communities. As a basis of comparison, Chula Vista's rate is now \$4.04, La Mesa's is \$3.57 and Escondido's is \$3.23.

Coronado's present bonded indebtedness is currently being paid off at the rate of \$10,000 per year. It is estimated that it will be completed in eight years, which would leave only the balance of the new bond to be paid, and the possibility of a lower rate in the future.

3-29-56

NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that the Coronado Unified School District of San Diego County, California, acting by and through its Governing Board, hereinafter referred to as the Board, will receive and consider all bids for the purchase of up to but not less than 100,000 copies of the 2nd day of April, 1956, edition of the Furniture, Metal and Fabric Venetian Blinds. Such bids shall be received in the office of the Governing Board of said District located at 650 D Avenue, Coronado, California, and shall be opened and read aloud at the above stated time and place.

Each bid must conform and be responsive to this invitation, the Information for Bidders, the Specifications, the Plans, and all other documents comprising the Contract Documents. Copies of the Contract Documents are now on file and may be obtained in the office of said Board or in the above address.

Each bid shall be accompanied by a certified or cashier's check payable to the District, or a satisfactory bid bond in favor of the District executed by the bidder as principal and a satisfactory surety company, as surety, in an amount not less than 5% of the maximum amount of the bid. The check or bid bond shall be held by the District as security for the bidder's faithful execution of the Contract Documents, and shall provide the surety bond or bonds as specified therein within five (5) days after notification of the award of the contract to the bidder.

The District reserves the right to reject any or all bids, to accept or reject any one or more bids, to declare void any bids or in the bidding. Preference will be made in the award for California made supplies, pursuant to Sections 4330 to 4334, inclusive, Government Code.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.

CLARK SODERBY, Board Clerk, Coronado Unified School District, San Diego County, California. Publish in Coronado Journal (37) March 15, 22 and 23.

ADVERTISEMENT FOR BIDS

Notice is hereby given that the Governing Board of the Coronado Unified School District of San Diego County, California, hereinafter referred to as the "Owner," will receive up to, but not later than 8:00 o'clock P.M. on the 19th day of April, 1956, sealed bids for the award of a contract to provide and furnish any and all of the labor, materials, tools, expendable equipment and all utility and transportation services necessary to perform the contract and complete in a workmanlike manner all of the work required in connection with:

Classroom Addition to the Central Elementary School on West 1/2 of Block 91, Coronado Beach, Coronado, California.

Such bids shall be received in the Superintendent of said Governing Board located at 650 "D" Avenue, Coronado, California in said County and State, and shall be opened and publicly read aloud at the above stated time in the office of said Governing Board in such building.

Each bid must conform to and be responsive to this invitation, the information for bidders, the Plans, Specifications, and all the other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and open to public inspection in the offices of said Governing Board located at 650 "D" Avenue, Coronado, California and the Architects, Paderevski, Mitchell & Dean, Room 206, Fifth Avenue Building, San Diego 1, California and may be obtained by depositing \$10.00 for each set. This deposit will be refunded if the set or sets of Contract Documents delivered are returned in good condition within ten (10) days after the bid opening date.

Each bid shall be made out on a bid form to be obtained at either of said offices in which the Contract Documents are on file.

Each bid shall be accompanied by a certified or cashier's check payable to the Owner, or a satisfactory bid bond in favor of the Owner executed by the Bidder as Principal and a satisfactory surety company as Surety, in an amount not less than five percent (5%) of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the Contract, if it be awarded to him in conformity with the Contract Documents or shall provide the bond or bid bond as specified therein within five (5) days after notification of the award of the contract to the bidder.

The owner reserves the right to reject any or all bids or to waive any irregularities or informalities in any bids or in the bidding process. Preference will be made in the award for California-made supplies, pursuant to Section 4330 to 4334 inclusive, Government Code.

The Owner has determined the prevailing rate of per diem wages in the locality in which this work is to be performed for each craft or type of workman needed to execute the contract, which will be awarded to the successful bidder, to be as follows:

Trade or Occupation	Wage Per Hour	Per Diem Wage
Asbestos Workers	\$3.25	\$26.00
Asbestos Workers—Improvers		
1st year	2.00	16.00
2nd year	2.125	17.00
3rd year	2.3125	18.50
4th year	2.625	21.00
Boilermakers	3.275	26.20
Boilermakers' helpers	2.975	23.80
Bricklayers	3.50	28.00
Brick, block and stone masons, tenders	2.50	20.00
Carpenters:		
Carpenters	2.90	23.20
Shinglers	3.03	24.24
Floor Layers	3.15	25.20
Millwrights	3.10	24.80
Saw filers	2.98	23.84
Table power saw operators	2.98	23.84
Plasterers:		
Derrick bargemen	3.03	24.24
Cement Masons:		
Cement masons	2.825	22.60
Color work	2.875	23.00
Composition or mastic; finishing machine and edging machine operator	2.95	23.60
Electricians:		
Electricians	3.25	26.00
Cable splicers	3.55	28.40
Elevator constructors	3.47	27.76
Elevator constructor helpers	2.43	19.44
Glaziers	2.75	22.00
Ironworkers, structural	3.25	26.00
Ironworkers, ornamental	3.25	26.00
Ironworkers, reinforcing	3.00	24.00

Plumbers	3.425	27.40
Roofers	3.00	24.00
Sheet metal workers	3.15	25.20
Self floor layers (linoleum)	3.00	24.00
Drinking fitters	2.90	23.20
Ram fitters	3.425	27.40
Stone masons	3.50	28.00
Terrazzo workers	3.125	25.00
Terrazzo workers helpers:		
Wet base head grinder	2.775	22.20
Flat head grinder	2.775	22.20
Dry base grinding	2.775	22.20
Grinders	3.125	25.00
Grinders helpers	2.775	22.20
Welders—receive rate prescribed for craft performing operation to which welding is incidental.		
Laborers:		
Laborer, general or construction	2.20	17.60
Laborer packing rod steel and pans	2.325	18.60
Operators and tenders of pneumatic and electric tools, vibrating machines and similar tools not separately classified herein	2.41	19.28
Asphalt raker, ironer, spreader	2.41	19.28
Buggymobile man	2.41	19.28
Cement dumper (on 1 yd. or larger mixers and handling bulk cement)	2.41	19.28
Cesspool digger and installer	2.38	19.04
Concrete curb imprinter	2.39	19.12
Cribber or shorer	2.56	20.48
Cutting torch operator (demolition)	2.25	18.00
Driller (core, diamond or wagon)	2.65	21.20
Driller (all others)	2.49	19.92
Chuck tender (except tunnels)	2.35	18.80
Fine grader (highway and street paving only)	2.30	18.40
Flagman	2.20	17.60
Gas and oil pipeline laborer	2.20	17.60
Gas and oil pipeline for (pot tender and form man)	2.41	19.28

Trade or Occupation	Wage Per Hour	Per Diem Wage
Gas and oil pipeline wrap—per (6" pipe and over)	2.54	20.32
Guinea chaser	2.28	18.24
Landscape gardener and nursery man	2.30	18.40
Tree climber using mechanical tools	2.41	19.28
Powderman	2.56	20.48
Riprap stone paver	2.39	19.12
Rock slinger	2.46	19.68
Head rock slinger	2.72	21.76
Sandblaster (nozzleman)	2.65	21.20
Sandblaster (pot tender)	2.39	19.12
Scaler (using bos'n's chair or safety belt or power tools)	2.46	19.68
Septic tank digger and installer (lead man)	2.35	18.80
Laying of all nonmetallic pipe, including sewer pipe, drain pipe and underground tile	2.51	20.08
Making and caulking of all nonmetallic pipe joints	2.39	19.12
Tarman and mortarman	2.25	18.00
Steel headerboard man	2.625	21.00
Tank scaler and cleaner	2.325	18.60
Sewer pipe caulker, cement joints	2.25	18.00
Sewer pipe layer using caulking tools	2.39	19.12
Sewer pipe layer excluding caulker	2.51	20.08
Underground laborer, including caisson bellow	2.33	18.64
Window cleaner	2.35	18.80
Scaler	2.25	18.00
Power equipment operators:		
"A" frame, boom, or winch truck	2.81	22.48
Apprentice engineers, including firemen, oilers (except truck crane oilers)	2.35	18.80
Air compressor	2.49	19.92
Asphalt plant firemen	2.65	21.20
Asphalt or crushing plant engineer	2.81	22.48
Boring machine (excluding pneumatic or equipment of similar capacity)	2.90	23.20
Boxman or mixer box (concrete or asphalt plant)	2.65	21.20
Concrete or asphalt spreading, mechanical tamping or finishing machines	2.81	22.48
Concrete mixers paving type	3.06	24.48
Concrete mobile mixer	3.06	24.48
Concrete mixers — skip type	2.65	21.20
Concrete pump or pumpcrete gun	2.65	21.20
Deck engineer	3.06	24.48
Derrick operator (3 or more drums)	3.24	25.92
Derrick barge operator (3 or more drums)	3.24	25.92
Dinkey locomotive or tunnel motor	2.65	21.20
Drilling machines, including water wells	2.95	23.60
Elevating graders	3.06	24.48
Equipment greaser	2.49	19.92
Ford Ferguson or similar type equipment with drag type attachment	2.81	22.48
Generator, pump, compressor (3 or more portable units)	2.65	21.20
Generator, pump, compressor plant	2.65	21.20
Grade-all operator	3.06	24.48
Grade checker	2.81	22.48
Heavy duty repairman	2.90	23.20
Heavy duty repairman	2.35	18.80
High line cableways	3.06	24.48
High line cableways signalman	2.90	23.20
Holst operator (3 or more drums)	3.24	25.92
Locomotive engineers	2.95	23.60
Elevator hoists	2.81	22.48
Material loaders or conveyors	2.49	19.92
Motor patrol, including any type or power blades	3.06	24.48
Mucking machine	3.06	24.48
Oshkosh or DW-10, 20, 21, Euclid scraper, Tournascul	2.95	23.60
Pavement breaker, hydraulic hammer or similar type equipment	2.81	22.48
Pile driver	3.06	24.48
Pile driver (skid rig or floating)	3.24	25.92
Pumps	2.49	19.92
Pneumatic concrete placing machine, Hackley-Preswell or similar type	3.06	24.48
Power concrete saw	2.81	22.48
Power driven jumbo form setter	2.81	22.48
Power sweepers — Elgin or similar type equipment	2.95	23.60
Road oil mixing machines	3.06	24.48
Rollers	2.81	22.48
Ross carrier or fork lift (job site)	2.81	22.48
Rotary drill, excluding caisson type	3.24	25.92
Self-propelled tar pipelining machine operator	2.81	22.48
Skip loaders — wheel type	2.65	21.20
Skip loaders — Hough or similar type	2.81	22.48
Screeds	2.65	21.20
Stationary pipe wrapping and cleaning machines	2.81	22.48
Surface heaters and planers	3.06	24.48
Switchman or brakeman	2.35	18.80
Tractor hi-lift shovels	3.06	24.48
Tractor bulldozers, tampers, scrapers, drag-type shovels or similar type equipment	2.90	23.20
Tractor boom attachments	2.90	23.20
Tractor, scraper or drag-type shovel, tandem	3.24	25.92
Truck crane oiler	2.49	19.92
Traveling pipe wrapping and cleaning machines	3.06	24.48
Trenching machines	3.06	24.48
Universal equipment (shovels, draglines, derricks, clamshells, derrick-barge or cranes)	3.06	24.48
All operators employed in tunnels (\$0.14 per hour additional).

SCHOOL BOND ELECTION NOTICE

Notice is hereby given to the qualified electors of Coronado Unified School District of the County of San Diego, State of California, that in accordance with law, an election will be held on the 10th day of April, 1956, in said District, between the hours of 7:00 o'clock A.M. and 7:00 o'clock P.M., during which period and between which hours the polls shall remain open, at which election there will be submitted the question of issuing and selling bonds of said District to the amount of \$150,000 Dollars, for the purpose of raising money for the following purposes:

- The purchasing of school lots.
- The building or purchasing of school buildings.
- The making of alterations or additions of the school building or buildings other than such as may be necessary for current maintenance, operation, or repairs.
- The repairing, restoring or rebuilding of any school building damaged, injured, or destroyed by fire or other public calamity.
- The supplying of school buildings with furniture or necessary apparatus of a permanent nature.
- The permanent improvement of the school grounds.
- The carrying out of the projects or purposes authorized in Section 18010 of the Education Code, to-wit: providing sewers and drains adequate to treat and/or dispose of sewage and drainage and away from each school property.

All of the foregoing purposes enumerated herein are hereby united and shall be voted upon as one single proposition. Said bonds proposed to be issued and sold shall bear interest at a rate of not exceeding five per cent per annum, payable annually for the first year, the bonds have to run, and semi-annually thereafter.

The number of years the bonds, or any series thereof, are to run shall not exceed 25 years from the date thereof or the date of such series thereof.

This election has been consolidated, pursuant to Section 7403 Education Code and Sections 10050-10058 inclusive Elections Code, with the Municipal General election of the City of Coronado to be held at the same time and places, and the bond election precincts, polling places, precinct officers, and hours of opening and closing the polls are the same as for said Municipal General Election, and as stated in the Notice of Election published January 25 and February 2, 1956, and in resolution No. 2691 entitled, "A Resolution of the City Council of the City of Coronado Calling a General Municipal Election To Be Held In The City of Coronado on the 10th Day of April, 1956, Fixing Voting Precincts And Polling Places And Naming Election Officers Therefore And Providing Notice of Such Election", passed and adopted by said City Council February 7, 1956, and published in the Coronado Journal in the issues of February 16 and 23, 1956.

Both this bond election and said Municipal General Election shall be held in all respects as if there were only one election; only one form of ballot shall be used; and the returns of both elections shall be canvassed by the

MADE BY THE CHILDREN hats were judged in the annual Easter Hat Parade at Glorietta School, an event that gets better each year. Three classes, all first graders, were in competition, those of Miss Clark's room, Miss Karr's room and Miss Pemberton's room. Top row, left to right: winners Raymond Monroe, Drinda Walter, Jimmy Avila and Letha Kirkland. Lower row: Stacy George and Connie Mangham. Judges were Vice Adm. John D. Roper, USN, ret.; Larry Priddy, Chamber of Commerce manager, and G. K. Williams, Journal publisher.

High Tide

Urges 'Yes' vote
on school bonds,
favors Kramer
and Harrison
for city council

Next Tuesday is election day in Coronado, a day every citizen should go to the polls and vote on the several issues appearing on the ballot. One of those is the simple choice of whether we are for enough schools to give our children an education, and this should be an easy choice. We cannot conceive of any man or woman who loves children, or his country, voting against those school bonds, especially when the cost to each taxpayer is so small and the gain to our nation by an educated citizenry so great.

Town meeting for candidates Friday night

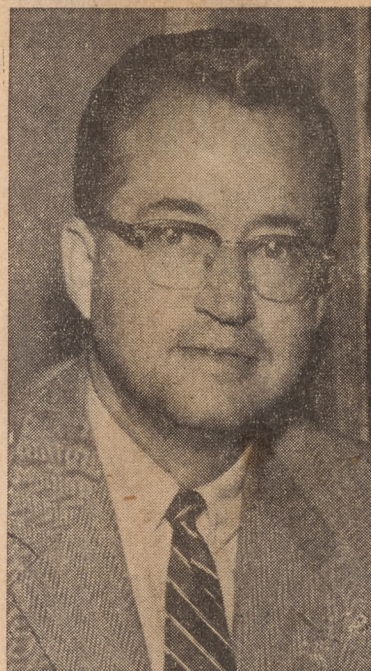

All candidates in the April 10 municipal election will speak at the town forum to be sponsored by the Coronado Civic Improvement League tomorrow (Friday) at 8 p.m. in the Coronado High School auditorium.

Capt. Ajax Gray, USN, ret., chairman of the school board, will speak on the school bonds issue. Councilmanic candidates have promised to attend.

Announcement of the forum was made Monday by Everit Herter, president of the Civic Improvement League. Herter and John Rohrbough will be moderators.

All citizens are cordially invited and are urged to feel free to question candidates on their views and qualifications, Herter said.

Seek school board posts

EUGENE HORTON

LEO HANSEN

4-5-56

Horton and Hansen are candidates for posts on the Coronado Board of Education. The election is May 18. Both have filed for office, both are presently on the school board. Horton was first elected four years ago. He is president of the San Diego County Bar Association, and, of course, an attorney. Hansen is secretary-manager of the Coronado Federal Savings and Loan Association. He was named to the school board in January of this year to take the place of Norman Rudd, who resigned when he left the city.

ADVERTISEMENT FOR BIDS

Notice is hereby given that the Governing Board of the Coronado Unified School District of San Diego County, California, hereinafter referred to as the "Owner", will receive up to, but not later than 8:00 o'clock, P.M., on the 19th day of April, 1956, sealed bids for the award of a contract to provide and furnish any and all of the labor, materials, tools, expendable equipment and all utility and transportation services necessary to perform the contract and complete in a workmanlike manner all of the work required in connection with

Classroom Addition to the Central Elementary School on West 1/2 of Block 91, Coronado Beach, Coronado, California.

Such bids shall be received in the Superintendent of said Governing Board located at 650 "D" Avenue, Coronado, California in said County and State, and shall be opened and publicly read aloud at the above stated time in the office of said Governing Board in such building.

Each bid must conform to and be responsive to this Invitation, the Information for Bidders, the Plans, Specifications, and all the other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and open to public inspection in the offices of said Governing Board located at 650 "D" Avenue, Coronado, California and the Architects, Paderewski, Mitchell & Dean, Room 206, Fifth Avenue Building, San Diego 1, California and may be obtained by depositing \$10.00 for each set. This deposit will be refunded if the set or sets of Contract Documents delivered are returned in good condition within ten (10) days after the bid opening date.

Each bid shall be made out on a bid form to be obtained at either of said offices in which the Contract Documents are on file.

Each bid shall be accompanied by a certified or cashier's check payable to the Owner, or a satisfactory bid bond in favor of the Owner executed by the Bidder as Principal and a satisfactory surety company as Surety, in an amount not less than five percent (5%) of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the Contract, if it be awarded to him in conformity with the Contract Documents.

Trade or Occupation	Wage Per Hour	Per Diem Hour Wage
Gas and oil pipeline wrap per (6" pipe and over)	2.54	20.32
Guinea chaser	2.28	18.24
Landscape gardener and nursery man	2.30	18.40
Tree climber using mechanical tools	2.41	19.28
Powderman	2.56	20.48
Riprap stone paver	2.39	19.12
Rock slinger	2.46	19.68
Head rock slinger	2.72	21.76
Sandblaster (nozzleman)	2.65	21.20
Sandblaster (pot tender)	2.39	19.12
Scaler (using bos'n's chair or safety belt or power tools)	2.46	19.68
Septic tank digger and installer (lead man)	2.35	18.80
Laying of all nonmetallic pipe, including sewer pipe, drain pipe and underground tile	2.51	20.08
Making and caulking of all nonmetallic pipe joints	2.39	19.12
Tarman and mortarman	2.25	18.00
Steel headerboard man	2.625	21.00
Tank scaler and cleaner	2.325	18.60
Sewer pipe caulker, cement joints	2.25	18.00
Sewer pipe layer using caulking tools	2.39	19.12
Sewer pipe layer excluding caulker	2.51	20.08
Underground laborer, including caisson bellow	2.33	18.64
Window cleaner	2.35	18.80
Scaler	2.25	18.00
Power equipment operators:		
"A" frame, boom, or winch truck	2.81	22.48
Apprentice engineers, including firemen, oilers, (except truck crane oilers)	2.35	18.80
greasers	2.49	19.92
Air compressor	2.65	21.20
Asphalt plant firemen	2.65	21.20
Asphalt or crushing plant engineer	2.81	22.48
Boring machine (excluding pneumatic or equipment of similar capacity)	2.90	23.20
Boxman or mixer box (concrete or asphalt plant)	2.65	21.20
Concrete or asphalt spreading, mechanical tamping		

6 1/2 yds. or over	2.685	21.48
Ross carrier driver, highway	2.685	21.48
Water truck driver:		
Under 2500 gallons	2.865	18.92
2500 gallons to 4000 gallons	2.485	19.88
4000 gallons and over	2.605	20.84
Industrial lift truck driver	2.305	18.44
Fork lift driver	2.685	21.48
Truck greaser and fireman	2.415	19.32
Truck repairman	2.865	22.92
Truck repairman helper	2.415	19.32
Warehouseman and teams	2.225	17.80
Warehouseman clerk	2.365	18.92
Winch truck driver 12 1/2 cents per hour additional when operating power winch A-frames or similar special attachments.		
Line Construction:		
Lineman	3.20	25.60
Cable splicer	3.50	28.00
Groundmen	2.45	19.60
Underground help 75% of journeymen's rate		
Laborers—gunnite:		
Nozzle men	2.90	23.20
Rod men	2.90	23.20
Gun men	2.60	20.80
Material man	2.60	20.80
Rebound men	2.225	17.80
Hydraulic Suction and Clamshell Dredges:		
Leverman	3.05	24.40
Assistant engineer (steam or electric)	2.65	21.20
Welder	2.65	21.20
Fireman or oiler	2.24	17.92
Deckmate	2.50	20.00
Leveeman	2.24	17.92
Deckhand	2.24	17.92
Winchman (steft winch on dredge)	2.50	20.00
Barge mate (seagoing)	2.50	20.00
Barge man	2.24	17.92
Watch engineer	2.65	21.20
Tunnel Construction:		
Laborers:		
Shifters	2.87	22.96
Shaft and raise miner	2.82	22.56
Miners, tunnel	2.57	20.56
Timberman, retimberman (wood or steel)	2.57	20.56
Blasters, drillers, powdermen	2.57	20.56
Cherry pickerman	2.57	20.56
Nipper	2.36	18.88
Chuck tenders and cable tenders	2.36	18.88
Swamper (brakeman and switchman on tunnel work)	2.36	18.88
Powderman, primer house	2.57	20.56
Bull gang (muckers, trackmen)	2.36	18.88
Dumpmen	2.36	18.88
Watchman	2.095	16.76
Steel form raisers and setters	2.42	19.36
Vibrators, jackhammer (except drillers)	2.36	18.88
Concrete crew, includes rodders and spreading	2.36	18.88
Grout crew	2.36	18.88
Grout gunmen	2.52	20.16
Kemper pneumatic placer operator	2.57	20.56

CERTIFICATE OF PARTNERSHIP FICTITIOUS NAME

No. 21146

We hereby certify that we are partners transacting business at 817 Orange Avenue in the City of Coronado, California, under the firm name and designation of MENU MART.

The persons interested in said business are:

DONALD T. PIATT and HELEN C. PIATT both residing at 232 C Avenue, Coronado, California.

IN WITNESS WHEREOF, we have hereunto set our hands this 20th day of March, 1956.

DONALD T. PIATT

HELEN C. PIATT

STATE OF CALIFORNIA)

County of San Diego) ss:

On this 20th day of March, 1956, before me personally appeared DONALD T. PIATT and HELEN C. PIATT, known to me to be the persons whose names are subscribed to the foregoing instrument and acknowledged to me that they executed the same.

WITNESS my hand and official seal. (SEAL) HELEN M. CRENSHAW, Notary Public in and For Said County and State.

Publish in Coronado Journal (4T) March 22, 29; April 5, 12, 19, 1956.

*The apprentice rate is by percentage of the journeyman's rate unless otherwise indicated.

The per diem wage for each trade or occupation shall be for an eight hour day unless otherwise indicated.

Overtime:

Not less than one and one-half times the above prevailing rates of per diem wages shall be paid for overtime work performed on Sundays and legal holidays as defined in Sections 6700 and following of the California Government Code and for work performed in any one calendar day in excess of the number of hours per diem indicated above where such overtime work is permitted by law.

It shall be mandatory upon the Contractor to whom the contract is awarded, and upon any subcontractor under him,

to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

Attention is called to the fact that a list of proposed subcontractors must be submitted with the bid.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.

CHARLES H. SODERBERY, Clerk of the Governing Board of the Coronado Unified School District of San Diego County, California.

APRIL 15TH.

CORONADO, SILVER STRAND AND POINT LOMA. EASY IN-SERVICE FHA FINANCING. GRAND OPENING SUNDAY

MADE BY THE CHILDREN hats were judged in the annual Easter Hat Parade at Glorietta School, an event that gets better each year. Three classes, all first graders, were in competition, those of Miss Clark's room, Miss Karr's room and Miss Pemberton's room. Top row, left to right: winners Raymond Monroe, Drinda Walter, Jimmy Avila and Letha Kirkland. Lower row: Stacy George and Connie Mangham. Judges were Vice Adm. John D. Roper, USN, ret.; Larry Priddy, Chamber of Commerce manager, and G. K. Williams, Journal publisher.

Town meeting for candidates Friday night

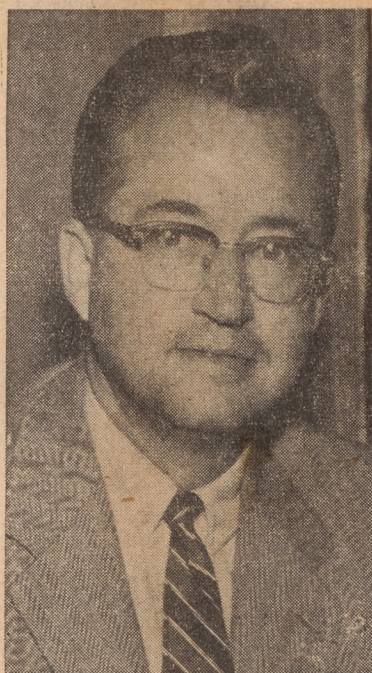

All candidates in the April 10 municipal election will speak at the town forum to be sponsored by the Coronado Civic Improvement League tomorrow (Friday) at 8 p.m. in the Coronado High School auditorium.

Capt. Ajax Gray, USN, ret., chairman of the school board, will speak on the school bonds issue. Councilmanic candidates have promised to attend.

Announcement of the forum was made Monday by Everit Herter, president of the Civic Improvement League. Herter and John Rohrbough will be moderators.

All citizens are cordially invited and are urged to feel free to question candidates on their views and qualifications, Herter said.

Seek school board posts

EUGENE HORTON

LEO HANSEN

4-5-56

Horton and Hansen are candidates for posts on the Coronado Board of Education. The election is May 18. Both have filed for office, both are presently on the school board. Horton was first elected four years ago. He is president of the San Diego County Bar Association, and, of course, an attorney. Hansen is secretary-manager of the Coronado Federal Savings and Loan Association. He was named to the school board in January of this year to take the place of Norman Rudd, who resigned when he left the city.

High Tide

Urges 'Yes' vote
on school bonds,
favors Kramer
and Harrison
for city council

Next Tuesday is election day in Coronado, a day every citizen should go to the polls and vote on the several issues appearing on the ballot. One of those is the simple choice of whether we are for enough schools to give our children an education, and this should be an easy choice. We cannot conceive of any man or woman who loves children, or his country, voting against those school bonds, especially when the cost to each taxpayer is so small and the gain to our nation by an educated citizenry so great.

ADVERTISEMENT FOR BIDS

Notice is hereby given that the Governing Board of the Coronado Unified School District of San Diego County, California, hereinafter referred to as the "Owner", will receive up to, but not later than 8:00 o'clock, P.M., on the 19th day of April, 1956, sealed bids for the award of a contract to provide and furnish any and all of the labor, materials, tools, expendable equipment and all utility and transportation services necessary to perform the contract and complete in a workmanlike manner all of the work required in connection with:

Classroom Addition to the Central Elementary School on West 1/2 of Block 91, Coronado Beach, Coronado, California.

Such bids shall be received in the Superintendent of said Governing Board located at 650 "D" Avenue, Coronado, California in said County and State, and shall be opened and publicly read aloud at the above stated time in the office of said Governing Board in such building.

Each bid must conform to and be responsive to this Invitation, the information for Bidders, the Plans, Specifications, and all the other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and open to public inspection in the offices of said Governing Board located at 650 "D" Avenue, Coronado, California and the Architects, Paderevski, Mitchell & Dean, Room 206, Fifth Avenue Building, San Diego 1, California and may be obtained by depositing \$10.00 for each set. This deposit will be refunded if the set or sets of Contract Documents delivered are returned in good condition within ten (10) days after the bid opening date.

Each bid shall be made out on a bid form to be obtained at either of said offices in which the Contract Documents are on file.

Each bid shall be accompanied by a certified or cashier's check payable to the Owner, or a satisfactory bid bond in favor of the Owner executed by the Bidder as Principal and a satisfactory surety company as Surety, in an amount not less than five percent (5%) of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the Contract, if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds as specified therein within five (5) days after notification of the award of the contract to the bidder.

The owner reserves the right to reject any or all bids or to waive any irregularities or informalities in any bids or in the bidding. Preference will be made in the award for California-made supplies, pursuant to Section 4330 to 4334 inclusive, Government Code.

The Owner has determined the prevailing rate of per diem wages in the locality in which this work is to be performed for each craft or type of workman needed to execute the contract, which will be awarded to the successful bidder, to be as follows:

Trade or Occupation	Wage Per Hour	Per Diem Wage
Asbestos Workers	\$3.25	\$26.00
Asbestos Workers—

Making and caulking of all nonmetallic pipe joints	2.39	19.12
Tarman and mortarman	2.25	18.00
Steel headerboard man	2.625	21.00
Tank scaler and cleaner	2.325	18.60
Sewer pipe caulker, cement joints	2.25	18.00
Sewer pipe layer using caulking tools	2.39	19.12
Sewer pipe layer excluding caulking	2.51	20.08
Underground laborer, including caisson bellow	2.33	18.64
Window cleaner	2.35	18.80
Scaler	2.25	18.00
Power equipment operators:		
"A" frame, boom, or winch truck	2.81	22.48
Apprentice engineers, including firemen, oilers (except truck crane oilers)	2.35	18.80
greasers	2.49	19.92
Air compressor	2.65	21.20
Asphalt plant firemen	2.81	22.48
Asphalt or crushing plant engineer	2.81	22.48
Boring machine (excluding pneumatic) or equipment of similar capacity	2.90	23.20
Boxman or mixer box (concrete or asphalt plant)	2.65	21.20
Concrete or asphalt spreading, mechanical tamping or finishing machines	2.81	22.48
Concrete mixers—paving type	3.06	24.48
Concrete mobile mixer	3.06	24.48
Concrete mixers—skip type	2.65	21.20
Concrete pump or pumpcrete gun	2.65	21.20
Deck engineer	3.06	24.48
Derrick operator (3 or more drums)	3.24	25.92
Derrick barge operator (3 or more drums)	3.24	25.92
Dinkey locomotive or tunnel motor	2.65	21.20
Drilling machines, including water wells	2.95	23.60
Elevating graders	3.06	24.48
Equipment greaser	2.49	19.92
Ford Ferguson or similar type equipment with drag type attachment	2.81	22.48
Generator, pump, compressor (3 or more portable units)	2.65	21.20
Generator, pump, compressor plant	2.65	21.20
Grade-all operator	3.06	24.48
Grade checker	2.81	22.48
Heavy duty repairman	2.90	23.20
Heavy duty repairman helper	2.35	18.80
High line cableways	3.06	24.48
High line cableways signalman	2.90	23.20
Hoist operator (3 or more drums)	3.24	25.92
Locomotive engineers	2.95	23.60
Elevator hoists	2.81	22.48
Material loaders or conveyors	2.49	19.92
Motor patrol, including any type or power blades	3.06	24.48
Mucking machine	3.06	24.48
Oshkosh or DW-10, 20, 21, Euclid scraper, Tournapulls	2.95	23.60
Pavement breaker, hydrohammer or similar type equipment	2.81	22.48
Pile driver	3.06	24.48
Pile driver (skid rig or floating)	3.24	25.92
Pumps	2.49	19.92
Pneumatic concrete placing machine, Hackley-Presswell or similar type	3.06	24.48
Power concrete saw	2.81	22.48
Power driven jumbo form setter	2.81	22.48
Power sweepers—Elgin or similar type equipment	2.95	23.60
Road oil mixing machines	3.06	24.48
Rollers	2.81	22.48
Ross carrier or fork lift (job site)	2.81	22.48
Rotary drill, excluding caisson type	3.24	25.92
Self-propelled tar pipelining machine operator	2.81	22.48
Skip loaders—wheel type	2.65	21.20
Skip loaders—Hough or similar type	2.81	22.48
Screeds	2.65	21.20
Stationary pipe wrapping and cleaning machines	2.81	22.48
Surface heaters and planers	3.06	24.48
Switchman or brakeman	2.35	18.80
Tractor hi-lift shovels	3.06	24.48
Tractor bulldozers, tampers, scrapers, drag-type shovels or similar type	2.90	23.20
Tractor, boom attachments	2.90	23.20
Tractor, scraper or drag-type shovel, tandem	3.24	25.92
Truck crane oiler	2.49	19.92
Traveling pipe wrapping and cleaning machines	3.06	24.48
Trenching machines	3.06	24.48
Universal equipment (shovels, draglines, derricks, clamshells, derrick-barge or cranes)	3.06	24.48
All operators employed in tunnels (\$0.14 per hour additional).		
Truck Drivers:		
Dump Trucks (water level)		
Less than 4 yds.	2.305	18.44
4 yds. but less than 8 yds.	2.335	18.63
8 yds. but less than 12 yds.	2.385	19.08

*The apprentice rate is by percentage of the journeyman's rate unless otherwise indicated.

The per diem wage for each trade or occupation shall be for an eight hour day unless otherwise indicated.

Overtime: Not less than one and one-half times the above prevailing rates of per diem wages shall be paid for overtime work performed on Sundays and legal holidays as defined in Sections 6700 and following of the California Government Code and for work performed in any one calendar day in excess of the number of hours per diem indicated above where such overtime work is permitted by law.

It shall be mandatory upon the Contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

Attention is called to the fact that a list of proposed subcontractors must be submitted with the bid.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.

CHARLES H. SODERBERY,
Clerk of the Governing Board of the Coronado Unified School District of San Diego County, California.

One of three R's

THE THIRD RABBIT introduces first graders at Coronado Elementary School to the wide world of mathematics. Scott Carde, left, points out the number idea, while Danny Price, right,

shows what the word means. Emphasis on number problems starts in the third grade, when students here are about eight years old.

(Final in a Series on Schools)

TRIGONOMETRY AND SOLID GEOMETRY are the most advanced mathematics classes offered in the Coronado schools. They are offered for one semester each, and taught by John Hansen. Here he works at an engineer's transit with Ed Chew. Other students are Phil Mandelkorn, center, and Barton O'Beirne, right. All high school students must take two years of

mathematics to graduate. They may choose from review mathematics, general math, business math, bookkeeping, first and second year algebra, plane geometry, solid geometry and trigonometry. About 350 of the high school's 450 students are enrolled in math classes now.

4-5-56

All photos by Tommy Lark, Hotel del Coronado

FRACTIONS come in fifth grade. Students learn what fractions are in third and fourth grades here, but the emphasis on how to use them starts in the fifth grade. Peggy Probasco shows Dick Winant, center, and Mike Vaughn how fractions are divided. They are working with a felt board, one of many modern training aids used in Coronado schools.

CHS nominates 26 for school offices

Peter Gray, Rich Garness, and Walter Heinecke, all juniors, have been nominated for ASB president of Coronado High for 1956-57.

Other nominees are Margie McKechnie, junior, and Dan Allen, junior, for Commissioner of General Affairs; Barbara Davis, Susan Johnson, and Anne Weisgerber, juniors, for Commissioner of Records and Correspondence; Lois Brown, Pat Primm, juniors, and Carol Williams, sophomore, for Commissioner of Finance; Jim Heath, Marilyn Moyle, and Preston Probasco for Commissioner of Assemblies.

Candidates for Commissioner of All-School Activities, Commissioner of Public Relations, Commissioner of Pep and Commissioner of Athletics are Rich Aegeter, freshman, Sarah Blakeley, junior and Jeanette Dong, junior; Phil Andreen, junior, Sylvia McKenzie and Martha Van Lueenen, sophomores; Jan Brigham and Betsy Lahmann, juniors; and Ed Galvan, Bill Mann, Ned Robertson, and John Shellenberger, respectively.

4-12-56

GEOMETRY AND ALGEBRA come into practice in junior high school mathematics classes. All students in Coronado schools study the same arithmetic through junior high school. Dorothy

Whitman, David Heath, left, and Lloyd Dong define the parts of a circle for Miss Virginia Colton. Miss Colton and B. W. Gorman teach all math classes at Coronado Junior High.

New junior high school building to be dedicated Tuesday at 11 A.M.

Ceremonies dedicating the new junior high school building will be held Tuesday at 11 a.m. at the corner of 7th and E Avenues, with an open house at the new building scheduled that evening from 7 to 9 p.m.

Classes met for the first time Monday in all but one of the rooms of the new building, according to Paul Berry, principal of the junior high and grade schools. The only room not yet ready for occupancy is the science laboratory, which is expected to be completed in about 15 days.

Dedication ceremonies will open with a salute to the flag, to be led by Paul Plumb, junior high school student body president. Participating will be members of the junior-high band and chorus.

The Rev. Kenneth B. Carson will give the invocation, following which Mrs. Corinne Carle, school board member, will introduce the platform guests.

Greetings from Mayor will precede the presentation of the building by Capt. Ajax Gray, USN, ret., president of the board of education.

The acceptance of the new

building will be made by a junior high school student. Concluding the program, the junior high band and chorus will present "America the Beautiful."

\$300 damage in school fire during recess

Damage was estimated at \$300 in a fire that broke out in the office of the Central Elementary School Monday at 12:45 p.m.

The fire occurred during the noon recess, while the children were outside playing. Paul Berry, principal of the junior high and grade schools, said there was a delay of about 15 minutes in the resumption of classes.

Berry said the fire was caused by an electrical defect in the inter-communications system. The Coronado Fire Department extinguished the blaze in about ten minutes.

Public Schools Week April 23-27

4-19-56

The thirty-seventh observance of Public Schools Week will take place in California April 23-27, 1956. The Coronado Public Schools are cooperating in making the thirty-seventh observance of Public Schools Week the most significant ever conducted here, and the public is urged to visit the schools during the week so that understanding and appreciation of the high standards of free public education in California may be furthered.

Due to the combination of the high birth rate during the war years and the greatly increased in-migration which creates the

need for more classrooms and more teachers to staff them, every citizen is interested in the methods and operation of California's great school system and should become and remain aware of the effectiveness of instruction in the modern classroom.

In order to accomplish this, the Coronado Public Schools will hold open house in all of their elementary schools between seven and nine p.m., Thursday, April 26. In addition, special programs of instructional methods will be demonstrated during Public Schools Week.

Coronado mayor proclaims Public Schools Week

Californians have already been attentive and responsive to the needs of the great public school system of this state.

In California, public education is the first business of the state government, having so been written into the constitution of the state.

Our schools today face a serious problem. The high birth rate of war years and in-migration have created an acute need for more classrooms and more qualified teachers in order to maintain the high standards of our

public schools.

The thirty-seventh observance of Public Schools Week will take place April 23-27, 1956. I urge this community to take an active part in the observance and to learn about the functions and needs of education locally, that we may here do our part toward the advancement of greater understanding and appreciation of the high standards of California's public schools.

Signed,
Coleman Gray,
Mayor.

Awards dinner to honor high school cage champions

Varsity championship basketball team of Coronado high school and the Avocado League "B" squad titlists of the same school will be honored April 19 at 7 p.m. at an awards dinner.

Members of the varsity and the two coaches will receive Southern California Interscholastic Federation jackets and gold basketballs. The "B" squad members will receive gold basketballs.

These plans were announced by the committee of Coronado service clubs, who are seeking funds to buy the awards. The clubs suggest that interested citizens send donations to "Basketball, Coronado, California," through the mail or drop them off at the Chamber of Commerce office, 824

Orange avenue.

The prime rib dinner will be \$2 and will be held at the Junior High Auditorium. High school girls will serve. Talks by football coaches from San Diego State and films of the Citrus-Coronado game, the title match, will be part of the evening's program.

Tickets are available at the Chamber of Commerce, Bank of America, First National Bank and Coronado Federal Savings. Admission will be by advance ticket sale only.

"Show our teams we appreciate the fine showing they have made this season, by attending the awards dinner," said John Knox, chairman.

Coronado teachers cover a wide range of education and experience

From a bachelor's degree to master's and beyond, from Canada to India, from organist to basketball player — such is the wide variety of experience and preparation found in the faculty of the Coronado Public Schools, according to a recent survey.

Revealing that approximately 80% of the teachers have done some graduate study, the survey indicated that 28% hold the master's degree. Although none boasts the doctor's degree, 20% have done considerable work beyond the master's, a few with units equivalent to the doctorate.

A fair share of academic laurels were modestly enumerated with 42% of the educators listing membership in such honorary fraternities as Phi Beta Kappa, Phi Delta Kappa, and Pi Lambda Theta. In addition 18% were graduated from college with honors or with highest honors.

The Survey conducted by the Coronado Teachers' Association further disclosed that the time not spent in graduate study has been extensively used by the teachers in travel. Latin America

was visited by 28, Canada by 25, Europe by 15, Hawaii by 6, the South Pacific by 6, The Orient by 5, Cuba by 2, and India by 1.

In addition to this the faculty members have managed to squeeze in such vocational experiences as professional baseball, modeling, semi-pro basketball, organist, mule skinner, and farmer. A total of 73 different occupations was found on the questionnaires.

To round out their comprehensive background, almost two-thirds of the faculty have found time to take part in various community activities and organizations, many reporting offices and leadership positions.

JEAN MCSHEEHY
A sabbatical in view

Jean McSheehy to take year for Latin-America trip

A sabbatical year of study is planned next year by high school geography teacher Miss Jean (Bechy) McSheehy, who graduated from Coronado high school as valedictorian and president of Girls' League.

Miss McSheehy has received unofficial word that she has been awarded a Buenos Aires grant for inter-cultural study in Latin America, but whether or not, she says she will go anyway.

Mountain climbing is her main side interest and as a charter member of the San Diego Chapter of the Sierra Club she spends most weekends exploring California's hills and valleys.

Before getting her teaching credentials in 1948 and starting at C.H.S., Miss McSheehy had had varied military experience. She is a captain in the U.S.A.F. reserve.

Basketball awards dinner tonight

Two hundred fifty Coronadans are expected to be present tonight (Thursday) at a special civic awards dinner honoring Coronado High School's two championship basketball teams.

The project was organized jointly by service clubs in Coronado. John Knox, of the Coronado Kiwanis, is committee chairman. Leo Hansen, Rotary committee member, said, "These boys aren't professional athletes. They played taller teams, they played teams from much bigger schools. They didn't lose a game. That sort of

courage is thought-provoking."

The dinner will be held in the Junior High school auditorium, starting at 7 p.m. The dinner will be prime rib. Tickets have been sold in advance at \$2.

Honored guests will be the C. H. S. varsity team, which won the Avocado League championship and went on to win the small schools title for all of Southern California; and the C.H.S. "B" team, champions in the local league.

The Breitbard Athletic Founda-

tion "Star of the Month" award will be presented at the dinner to Jon Crawford, varsity forward. Members of both teams will be given miniature gold basketballs.

The committee has not announced the results of a fund drive to provide Southern California Interscholastic Federation jackets for the varsity team. Contributions toward their cost are still being requested. They are being received care of "Basketball," Coronado, California" at the Post Office. 4-19-56

Coronado students to participate in choral concert

More than 1000 students will participate in the Fourth Annual San Diego County High School Choral Concert to be held April 27 in the Conference Building at Balboa Park. The public is invited to the concert which will begin at 8 p.m. There is no charge for admission.

Fourteen high schools and one junior college in the county will send choral group representatives to sing in this unusual event. Schools include Coronado high school. Dr. Charles C. Hirt, director of choral organizations, University of Southern California, will be guest conductor. Dr. Hirt is internationally famous for his madrigal groups. 4-19-56

CHS students attend conclave

Fifteen Coronado High School students attended the Spring convention of the Associated Student Councils of the Avocado League at Camp Palomar April 7 and 8.

Representing Coronado were seniors Linda Davis, Phil Mandelkorn, Linda Sanford and Frances Schutt; juniors Jeanette Dong, Jan Fahle, Pete Gray, Walt Heinecke, Susan Johnson and Preston Prebasco; sophomores Grace Rivera and Sally Sears, and freshmen Richard Aegerter, Marjie Brown and Ned Robertson.

Honor students at Junior High

Coronado Junior High School honor roll of outstanding students in the third quarter are: Janet Johnson, David Fahle, Kathy Mitchell, Martha Ensey, Rosa Tyree, Kay Weisgerber, Grace Gallup, Richard Rumney, Mike Moyer, Ann Pollard, Ann Kay, Judy Conklin, Donia Whiteley, Barbara Young, Marlene Herz, Joey Zerboni.

Excellent students were: Nancy Swain, Philip Campbell, Mary Flynn, Carolyn Cawley, Sethanne Howard, George James, Toni Cutaiar, Elliot Rock, Ronald Verneti, Jeff Wilkins, Karen Wilcox, Susan Hermansen. 4-19-56

All School Art Show set April 22-27

Art and art craft works by students from kindergarten through high school will be on display at the fifth annual All School Art Show April 22-27 in the junior high school gymnasium.

A reception will be held in the gymnasium April 22 from 2 to 5 p.m., with refreshments to be served by members of the high school Art Club. The show is open to the public, admission free.

The annual Art Show is being held in conjunction with Public Schools Week April 23-27.

LEGAL SCHOOL BOND ELECTION NOTICE

Notice is hereby given to the qualified electors of Coronado Unified School District of the County of San Diego, State of California, that in accordance with law, an election will be held on the 10th day of April, 1956, in said District, between the hours of 7:00 o'clock A.M. and 7:00 o'clock P.M., during which period and between which hours the polls shall remain open, at which election there will be submitted the question of issuing and selling bonds of said District to the amount of \$150,000 Dollars, for the purpose of raising money for the following purposes:

- The purchasing of school lots.
- The building or purchasing of school buildings.
- The making of alterations or additions of the school building or buildings other than such as may be necessary for current maintenance, operation, or repairs.
- The repairing, restoring or rebuilding of any school building damaged, injured, or destroyed by fire or other public calamity.
- The supplying of school buildings with furniture or necessary apparatus of a permanent nature.
- The permanent improvement of the school grounds.
- The carrying out of the projects or purposes authorized in Section 18010 of the Education Code, to-wit providing sewers and drains adequate to treat and/or dispose of sewage and drainage and away from each school property.

All of the foregoing purposes enumerated herein are hereby united and shall be voted upon as one single proposition.

Said bonds proposed to be issued and sold shall bear interest at a rate of not exceeding five per cent per annum, payable annually for the first year the bonds have to run, and semi-annually thereafter.

The number of years the bonds, or any series thereof, are to run shall not exceed 25 years from the date thereof or the date of such series thereof.

This election has been consolidated, pursuant to Section 7403 Education Code and Sections 10050-10058 inclusive Elections Code, with the Municipal General election of the City of Coronado to be held at the same time and places, and the bond election precincts, polling places, precinct officers, and hours of opening and closing the polls are the same as for said Municipal General Election, and as stated in the Notice of Election published January 26 and February 2, 1956, and in resolution No. 2691 entitled, "A Resolution of the City Council of the City of Coronado Calling a General Municipal Election To Be Held In The City of Coronado on the 10th Day of April, 1956; Fixing Voting Precincts And Polling Places And Naming Election Officers Therefore And Providing Notice of Such Election", passed and adopted by said City Council February 7, 1956, and published in the Coronado Journal in the issues of February 16 and 23, 1956.

Both this bond election and said Municipal General Election shall be held in all respects as if there were only one election; only one form of ballot shall be used; and the returns of both elections shall be canvassed by the City Council of said City, and the results of said bond election duly certified to the Governing Board of this district, all as prescribed by law.

Each qualified elector of said Coronado Unified School District shall be entitled to vote only in the School District Bond Election Precinct of which he is a resident.

IN WITNESS WHEREOF, we have hereunto set our hands this 18th day of February, 1956.

EUGENE A. HORTON,
A. J. GRAY, Jr.,
C. H. SODERBERY,

Members of the Governing Board of Coronado Unified School District, School District of San Diego County, California.

Hoberg Gets Coronado Post

Chester (Ace) Hoberg, 39, high school basketball coach for the last nine years at Willmar, Minn., yesterday was named head basketball and assistant football coach at Coronado High School.

Hoberg's appointment was announced by A. E. Schaefer, Coronado superintendent of schools.

Hoberg succeeds John Kovac, who recently accepted a position on the athletic staff at Hoover High. Kovac's three Islander teams compiled a 66-11 record and last year won the Southern California Interscholastic Federation championship.

A native of Bemidji, Minn., Hoberg was graduated with a master's degree in physical education from the University of Minnesota. His teams at Willmar won 151 games and lost 42 while winning conference championships in six of nine years.

Hoberg will act as "B" team football coach at Coronado, Schaefer said. Hoberg is married and has two children. He has taken up residence at Coronado.

New director for adult education

Harold E. Niedermeyer, of the Coronado High School faculty has been appointed by the Board of Education to direct the adult education program here.

His appointment follows the resignation of Curtis R. Yeager, who had been in charge of the program for several years.

Niedermeyer said adult classes this year will start during the second week in September. He said the emphasis in the program will be on a variety of arts and crafts, with additional commercial and language classes.

School bonds sold

The County Board of Supervisors approved August 7 the sale of \$50,000 in Coronado Unified School District bonds to Weedon & Co.

The interest rate in the bid was three per cent, which Superintendent of Schools A. E. Schaefer called a "very favorable rate."

The bonds are the first section (Series A) of a \$150,000 bond issue approved by voters here April 10.

Minnesota man gets appointment as high school basketball coach

Arriving in town this week is Coronado High School's new basketball coach, Chester "Ace" Hoberg, 39, whose appointment has been announced by A. E.

Schaefer, superintendent of schools.

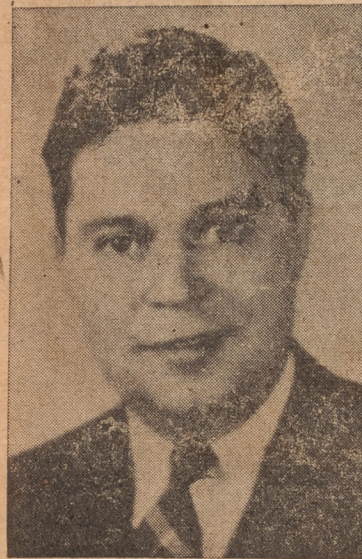

Hoberg has been coach at Willmar (Minnesota) High School for the past eight and one-half years. During his nine seasons there the basketball teams took six conference championships, won 151 games out of 193 played.

Hoberg this year headed the high school division of the All-American Coaching Clinic held in Bemidji, Minnesota in late June.

He is a graduate of Augsburg College, in Minnesota and took his M. A. degree at the University of Minnesota. His assignment here will be to head the basketball coaching and to assist in football.

Mr. and Mrs. Hoberg have two children. They have not as yet found a home in Coronado.

Hoberg fills the position vacated by John Kovac, who moved to Hoover High School in June after three successful years here.

Islanders meet Ramona tonight in tourney opener

The Coronado High Islanders will be in the middle of tournament activity this week when they compete in the 11th Annual Kiwanis Basketball Tournament in San Diego. The invitational tourney begins its four-day run tonight. The Islanders will meet the Ramona High team in the tournament opener at 7 p.m. in the Kearney High School gym, 7651 Wellington, in Linda Vista.

Headed by Coach John Buriff, the Coronado tournament team will include Jack Purdom, Mike Heyn, Dennis Grimaud, Ronald Dotson, Bill Bacon, John Morton, Rich Diabetti, Paul Whiting, Robin Crenshaw, John Filler, Pete Davis and Robert Kipperman.

Over 400 high school athletes from Southern California will take part in the tourney. Darrell Smith, to be the starter. Thirty-three schools will

Henry George school class to start here 8/30/56

The manner in which people in a free society produce and distribute goods under the capitalistic system will be discussed in the free course in Basic Economics to be given in the Coronado high school starting Monday, September 17.

This course is presented by the Henry George School of Social Science of San Diego, which has given the course in Coronado for several years. The class will meet in Room 3 in the high school at 7:30 p.m. Monday and Wednesday evenings, continuing for four weeks. James L. Palmer of Chula Vista, who has been the instructor here in previous years, will be the instructor.

"This is an opportunity to enjoy group discussions of an interesting subject and it is all free," said E. B. Kennedy, who represents the Henry George School in Coronado. There is no charge for tuition or textbooks, not even a registration fee. All interested are invited to attend the first class.

Butcher, baker, candle-stick maker have nothing on our Capt. Schultz

The \$64 question this week in Coronado is, "What prominent local citizen, erstwhile candidate for a city council seat, member of the Planning Commission and head of the local Community Chest drive, has picked up a new career on the side?"

The answer is simple: Capt. William C. "Tiny" Schultz, USN, ret., of 1700 Miguel Ave.

Capt. Schultz' new career is that of school-teacher.

He stepped into the job of teaching high school science two weeks ago, when Superintendent of Schools A. E. Schaefer and the school board learned that the teacher they hired this summer was not coming after all.

Capt. Schultz has a provisional teaching credential. He has been "making little inquiries" about jobs in the teaching profession for two years, he said.

His name was next on the Schaefer's list and he was asked on August 24 to take the job on an emergency basis for the school year that started Tuesday.

What has he been doing since that day? "Boning up," says Capt. Schultz.

He will be teaching chemistry, physics, general science and plane geometry and will be filling the vacancy created when Marvin A. Nottingham was "graduated" to the job of assistant principal at

the high school this summer.

Capt. Schultz is a member of the class of 1925, Naval Academy, and took his master's degree in electrical engineering at the University of California in 1933. His special field is radio engineering. He retired from the navy in 1952.

His major teaching experience in the past came in the three years just before his retirement, when he taught at the U.S. Naval Postgraduate School. The school was then in Annapolis, has now been moved to Monterey. During

CAPT. W. C. SCHULTZ
USN, RET.

his teaching period, from 1949 to 1951, he was officer in charge of the electronics curriculum at the school.

Capt. Schultz also taught University of Virginia extension sessions early in his naval career.

"Teaching isn't as foreign to a naval officer as it might seem," Capt. Schultz said, "after all, the navy is a sort of continual school. And though I've never dealt with this particular age group, a navy recruit is usually just out of high school."

Capt. Schultz said he is certain he will enjoy the high school classes, is looking forward to the school year, and is well equipped with, "lots of advice, from all directions."

PTA luncheon welcomes 43 new teachers to Coronado 8/30/56

Forty-three new teachers were honored yesterday at a 12:30 p.m. buffet luncheon held in the Alameda Blvd. home of Mrs. Charles Free.

The luncheon, an annual event sponsored by the Parent-Teachers Association of Coronado, also honored the administrative staff of Coronado schools and members of the P-TA Board.

Mrs. Howard Adams, hospitality committee chairman for the P-TA, was chairman of the luncheon. Lt. Cmdr. Eugene C. Gilbert, president of the P-TA, welcomed the guests.

Administrative officials present included: Amos E. Schaefer, superintendent of schools and Mrs. Schaefer; Wilfrid C. Seaman, principal of Coronado High School and Mrs. Seaman; Paul

Berry, principal of Coronado Elementary School and Mrs. Berry; Miss Mae Walker, principal of Glorietta Elementary School; Marvin Nottingham, vice principal of Coronado High School and Mrs. Nottingham and Marvin Bensley, principal of Crown Elementary School and Mrs. Bensley.

Mrs. Adams' luncheon committee included Mrs. Norman Sears, Mrs. Haralson F. Smith, Mrs. Elizabeth McMillan, Mrs. James Darnell and Mrs. Louis J. McMicken.

Also, Mrs. Alvin R. Werre, Mrs. Baron L. Hansen and Mrs. Eugene C. Gilbert.

Economics class to start here

Coronadans are invited to attend an eight-session series of classes on Basic Economics at the high school, beginning Monday, September 17 at 7:30 p.m., it was announced by the Henry George School of Social Science, which sponsors the free course.

In past years the classes have met once a week, but this year the class will meet twice a week for four weeks, Monday and Wednesday. James L. Palmer, who will instruct, says that in past years many desired to meet more frequently than once a week, hence the change. If there is enough demand, Palmer said, a class in World Trade will be conducted upon completion of the Basic Economics course.

8/30/54

Meet Coronado's

An unusually large number of new teachers have been hired by the Coronado Unified School District for the school year that starts Tuesday. A. E. Schaefer, superintendent of schools, said this week.

He announced the names of 45 new district employees.

"Eight or nine of these represent growth in the staff," Schaefer said, "the rest are replacements. A normal turnover rate on a school staff is 10 to 15 per cent, but ours runs closer to 20 per cent this year."

Schaefer said he did not know of any particular reason for the increased turnover, "Except that our rate is generally going to be higher than other districts, because we hire navy wives. There are, for example, seven good teachers I have for this year, who already know they won't be here next year."

New kindergarten teachers are Miss Barbara E. Brite, Mrs. Janet F. Frier and Mrs. Patricia Henderson. Miss Brite is from Norman, Oklahoma and took her degree at the University of Oklahoma.

Mrs. Frier, a native of Missouri, has had one year's teaching experience, as has Mrs. Henderson. Mrs. Henderson is from Vallejo.

New first grade teachers include Mrs. Jane L. Fairbanks, Miss Ann Katherine Hall, Miss C. Patricia Lastra, Miss Kathryn Steenbergen, Miss Shirley Ann Gooch, Mrs. Marguerite Luedtke and Mrs. Frances Keever.

Mrs. Keever has had extensive teaching experience in New York and in her home state, Oregon. Mrs. Fairbanks holds a master's degree from Harvard University, while Miss Lastra took her master's at Teachers' College, Columbia. Miss Hall and Miss Steenbergen are both from Tucson, Arizona and are graduates of the University of Arizona. Miss Gooch comes, with two years' teaching experience, from Durham, North Carolina. Mrs. Luedtke is from Madison, Wisconsin and attended college in Illinois.

Miss Mary Rogers, daughter of Capt. E. B. Rogers, USN, ret. and Mrs. Rogers of 511 First St., starts her teaching career here with a second grade class. She was recently graduated from Mills College.

Other new second grade teachers are Miss Maureen S. Doyle, of New York, Mrs. Nancy J. Littleton, of Detroit, Michigan and Mrs. Sharon L. Yapp, of Nebraska.

Five new third grade teachers include one with three years' previous experience in Coronado. She is Miss Estelle G. Kowalski, who taught here from 1952 to 1955. Joining her as third-grade teachers are Miss Margaret S. Willett, of Massachusetts, Mrs. Rose Marie Moore, of Texas, Miss Phyllis Nelson, of Kentucky, and Miss Josephine Tague, of Pennsylvania.

Miss Peggy Birkhold, Miss Kathalaene Downing, Miss Barbara H. Gay and Miss Susan Jane Waggoner will take fourth grade

teaching posts. Miss Birkhold is from Michigan and has two years' experience in teaching there. Miss Downing is from Kentucky, Miss Gay from Temple City, California. Miss Waggoner has three years' experience in Rockford, Illinois.

Four women and a man are new fifth grade teachers here. The man is Gene R. Sieben, of San Diego, who will teach at Glorietta School.

Mrs. Diane L. Brooks, of Vallejo, Mrs. Sue B. Buck, of Corpus Christi, Texas and Mrs. June V. Dudley, of Altadena, will teach at Central Elementary School. Mrs. Dudley has her master's degree from the University of Florida.

Miss Nellie B. Wright, of Hebron, Maryland, will bring ten years' teaching experience to the fifth grade at Crown school.

Sixth grade teachers new this year are Miss Carolyn L. Hirshberg, Miss Mary Ann Top, Paul R. Messier, Leebert L. Stites and Stephen W. Ussery. Miss Hirshberg is from McKeesport, Pennsylvania and has two years' experience. Miss Top is from Olympia, Washington. Messier is a graduate of Teachers' College, Lowell, Massachusetts. Stites comes from Pueblo, Colorado. He has had six years' experience. Ussery attended Mexico City College and Texas Western College. He has taught four years.

Four new teachers will take English classes in the Junior High School. They are Mrs. Donita C. Boyd, Miss Ruth A. Parker, Vincent L. Clemente and Robert W. Stevens. Stevens will also teach mathematics. New full-time mathematics teacher will be James A. Roberts. Mrs. Boyd is a native of Indiana. Miss Parker is from Minnesota. Clemente holds a master's degree from Teachers' College, Columbia University, while Roberts holds a similar degree from Arizona State College. Stevens is from Illinois and is a graduate of Illinois State Teachers' College.

Six teachers have been added to the School District staff on the high school level, including only one woman, Mrs. Marie A. Moe, of Underwood, Minnesota. She will teach commercial subjects.

Ben G. Cooper, who has a master's degree from Kansas State College will teach mathematics. Chester R. Hoberg, with a master's degree from the University of Minnesota and 17 years' teaching experience, will instruct in physical education and coach.

Capt. W. C. Schultz, USN, ret., a graduate of the Naval Academy and of the University of California, joins the science department. Charles F. Leudtke, who has one year's teaching experience and took his master's at the University of Wisconsin, will teach art. James of Stanek, of Minneapolis, will take the world geography and driver education classes for a year, while Miss Jeanne McSheehy is on sabbatical leave.

On special assignment will be Miss Alice Westfall, of San Jose, California. Miss Westfall is a speech therapist and will deal with speech problems.

new public school teachers

GETTING ACQUAINTED with their new fellow teachers were, left to right (seated), Mrs. Marie A. Moe, Miss Kathryn Steenberg, Mrs. Marguerite Luedtke, Miss Susan J. Waggoner, Mrs. Donita C. Boyd, Miss Barbara H. Gay, Mrs. Frances Keever,

(standing), Chester R. Hoberg, James A. Roberts, Paul R. Messier, Charles F. Luedtke, Ben C. Cooper, Capt. W. C. Schultz, James F. Stanek, Stephen W. Usery, Gene R. Sieben, Robert W. Stevens, Leebert L. Stites and Vincent L. Celemente.

School vs. city:

smooth work ends tangle

Adult education classes released

Adult education courses will start at Coronado High School Monday, September 17, according to Harold Niedermeyer, director of the program.

Courses to be offered during the fall semester include Art Fundamentals, Arts and Crafts, China Painting, Music Appreciation, Oil Painting.

Personal Investments, Typing, Spanish, Sewing, Woodshop and Upholstery will also be offered.

The Upholstery class has already been filled, Niedermeyer said and a waiting list has formed for it. All other classes are open.

A schedule of classes and hours will be ready next week, he added.

High School begins with assembly

Classes at Coronado High School will start Tuesday after a general assembly in the auditorium starting at 9 a.m.

The assembly, a general orientation program, will include distribution of class schedules to all students.

A panel discussion by Coronado High School alumni will be moderated by Paul Shaler, English and journalism teacher. Panelists tentatively named are Carl Moyer, Hugh Howard, Frankie Schutt and John Strohhenn.

Walter Heinecke, Associated Student Body president, will help welcome newcomers.

School district hires specialist on speech

The Coronado Unified School District will have a full-time speech therapist on its staff for the first time starting this year, Superintendent of Schools A. E. Schaefer said Monday as he announced the names of new teachers.

Filling the special post will be Miss Alice Westfall, a graduate of San Jose State College, who has two year's experience in teaching.

"It's so important," Schaefer said, "to try to catch speech problems early. I'm very happy to have Miss Westfall here."

What could have easily turned into a nasty tangle between the City of Coronado and the Board of Education has been straightened out by some careful behind-the-scenes work.

The problem centered on a strip of land about 1400 feet long and 44 feet wide in Country Club Estates. The strip runs along the North Island fence, and part of it is just back of Crown School.

The city has owned the largest part of this — 1300 feet or so, (called the "bottle") for several years.

Still under private ownership was "the cork," one lot, 44 by 100 feet, which fronts on Sixth St. and which provides the only entrance to the property. Without that lot the city's land is good for nothing, as Council Walter Vestal said, "but growing weeds." And on August 7 the council authorized City Attorney J. R. Goodbody to make an offer on the land.

But the Coronado Unified School District also has a pressing need for that lot, as School Board President A. J. Gray told the city council in a conference last week. Crown School's kindergarten is woefully inadequate to serve the ever-growing crowd of five-year olds in the area. A kindergarten room is a special kind, and requires a playground separated from the playgrounds for older children. The School district needed the "cork" to enlarge its kindergarten.

The owner of the lot had refused to sell the land, at any price, to the schools. In June the School Board began discussion of

(Continued on PAGE 10)

Elementary, junior high classes begin

All Coronado elementary and junior high school students will start the fall term Tuesday by reporting to their individual "home rooms," the Central Elementary office said this week.

Officials said that by Saturday every student should have received a card saying exactly which room to report to. Any child who does not get a card, or who loses his, should report to the office of the school Tuesday morning.

Junior High School classes will start at 8:20 a.m. All classes at all elementary schools will start at 8:45 a.m. with the following exceptions:

Kindergartens are divided into sections, one starting at 8:45 a.m., one starting at 12:45 p.m.

At Central School the First Grade will meet at 8 a.m.; Second Grade meets at 12:30 p.m.

Registration of new students is still going on at school offices.

School vs. city; work ends tangle

(CONTINUED FROM PAGE 1)

condemnation proceedings and when the lot came on the market.

Gray said "We made the man offer of \$4,000 and he accepted. We were proceeding with negotiations, when we discovered that the city was also under an agreement to buy the lot."

What makes the problem most urgent, as Gray told the council, is that there are federal funds available for the kindergarten construction—but they can only be aimed if all plans are complete—ready by November 1.

"We would certainly not negotiate in competition with the city," Gray said.

The council agreed with Councilman Lloyd Harmon "The school has priority on the land—started negotiations two years ago."

Goodbody's argument also held up, "The city must have an agreement over that lot."

Final decision was that the city will buy the "cork" — at \$4,000 net to the seller. Then the city will sell it, (and later probably the "bottle," too) to the school district.

The situation was open to a lot of suspicions. Was the owner of the lot trying to play off the city against the schools? Was the

school district trying to get the "cork" so the city would have to practically give away the useless "bottle?" Was the city interfering in school negotiations that were being made under pressure of great need? None of these things came up. Everybody interviewed kept calm about the whole thing, assumed that the other parties were acting in good faith—and worked the whole thing out in a series of conferences. The problem now appears to be solved.

Getting that piece of land, though, solves only one of the school district's problems. A Board President Gray said "there is no end in sight on the growth in the Country Club area. The school population there goes up and up."

Superintendent of Schools A. E. Schaefer confirmed it with the statement, "All the major expansion that goes on in the district during the next five years will go on at Crown School."

WE'LL BE HERE says Coronado High School teacher Miss Jeanne McSheehy to her sister, Mrs. P. H. Ashworth. The two are in the middle of a "geographer's" tour of Latin America.

TOMMY LARK PHOTO

School starts football practice for nine-game Avocado league schedule

Physical examinations and check-out of equipment for the 1956-57 football season was to go on this morning (Thursday) and the Coronado High School squad's regular practice will start Tuesday afternoon Coach Roger Rigdon said.

First game of the season will be September 21, against Saint

Augustine, on the Coronado field, Rigdon said.

"We'll have a full nine-game schedule this year," Rigdon said, "instead of last year's seven. And this year six of our games will be at home. Last year we had only three home games."

One reason for the increased number of games is the cancellation of the Avocado league's football carnival, which would have been held in late September, he added.

Coronado was second in Avocado league varsity standings last year.

Signing up for the football squad were 108 players, Rigdon said. The squad usually divides with about 60 Bee players and 40 varsity. The varsity team will include seven returning lettermen, Walter Heinecke, Monty Scruggs, Doug Newman, Ed Lopez, Hal Tobin, Art Johnson and Willie Dickey.

Rigdon said his major problem at the moment is "rebuilding the line." He would not estimate the team's strength for the coming year.

Three-part tour by two Coronadans to cover Central, South America

The second installment of a three-part "geographer's tour of Latin America" being made by two Coronado women will start a week from Sunday when Miss Jeanne McSheehy and Mrs. P. H. Ashworth leave by plane for the Caribbean.

Miss McSheehy, 530 B Ave. and Mrs. Ashworth, of 753 C Ave., are sisters. They traveled together through Mexico this summer and will visit Central American countries this fall in a ten-week tour. They'll split up this winter as Miss McSheehy leaves for Santiago, Chile, to spend at least eight months in South America. Mrs. Ashworth will not accompany her on that part of the trip, though she hopes to visit her in South America.

Miss McSheehy teaches world geography and driver education at Coronado High School. Early this month she was granted a one-year sabbatical leave by the Board of Education. She will spend almost all the year in travel and in study at Santiago's University of Chile.

Both ladies are graduates of Coronado High School, where Miss McSheehy has taught for eight years.

"We can write any kind of a feature story you want on passports, visas and shots," Miss McSheehy said. "We started with yellow fever. Then they had to wait two weeks before starting the series on typhoid. We're waiting again for smallpox. In the meanwhile things are complicated by red tape—like the fact that the consul for El Salvador won't issue us a visa until we've had the smallpox shots."

The Caribbean part of this travelers' holiday will include a visit in Panama with John Fawcett, who is in charge of athletics for the schools of the Canal Zone. Fawcett is the brother of H. H.

Fawcett, Jr., of Coronado. He was a star athlete and student body president at Coronado High School in 1941. He is responsible for the arrangement by which Coronado High School and Balboa High School (in the Canal Zone) play a "telegraphic" track meet each year.

They'll also visit in Costa Rica with Peter Scott, son of Mr. and Mrs. Benson Scott, of 1306 Sixth St. Scott is a chocolate farmer, raising cacao beans in Costa Rica.

The ladies' Mexican trip this summer was by car, with "not even a flat tire, going or coming." They returned August 1 from the tour, which took them down the East coast highway to Mexico City and back on the great central highway.

Miss McSheehy collects material on her travels to use in classes here, "I keep a diary, and I buy souvenirs — just little things. We have samples of silver work, samples of straw work, a sample of onyx, a sample of leather work, that sort of thing."

Miss McSheehy has been awarded a "Buenos Aires Convention" grant for study in Chile, but does not know if she will be able to accept it, because the Chilean school year starts in March and ends in December, 1957—but her sabbatical leave ends September 1, 1957.

Miss McSheehy said she never met anyone from Chile until a year ago, when she had decided to try for the study grant. After hearing that Chile was her choice a mutual friend introduced her to a young lady from Santiago, who is a nurse at Mercy Hospital, San Diego.

"Santiago is in the central valley of Chile," Miss McSheehy said, "and has a Mediterranean climate like we have here." She added that one reason she chose Chile was Santiago's relationship to the Andes mountains—satisfying her eagerness for mountain climbing. "I probably won't be able to do any climbing," she said, "but there I'll be."

Miss McSheehy lived for a year in Europe just after the close of World War II. She was stationed with the Red Cross in Italy and Germany and traveled in France, Denmark and Switzerland.

Adult education starts Monday

Coronado's adult education classes will begin their first semester Monday night and will continue through December 14, according to H. E. Niedermeyer, director of the program.

Registration fee for adult education is one dollar and information on the program is available at HE 4-3174, he added. Registration takes place in each class.

Economics class starts Monday

Monday night is the date for the opening session of the free course in economics offered as a public service in Coronado by the Henry George School of Social Science.

The course consists of ten sessions, two hours each, at which inquiry is made into the cause of business depressions, poverty in a world of plenty, wars, present high living costs, high taxes and a host of other problems, local and national.

The course is open to all adults and is entirely free. No college background is necessary.

The group will meet on Mondays and Wednesdays at 7:30 p. m. at Coronado High School, 650 D Ave., Room 3.

P.T.A. meeting tonight ^{9/20/58}

Superintendent of Schools A. E. Schaefer will outline the present status of the Coronado Unified School District and the plans for the future here as the P.T.A. holds its first meeting of the school year tonight.

The meeting will begin at 8 p. m. in the High School library.

Theme of the meeting will be the introduction of new teachers, while a group of faculty members will entertain with music. Capt. A. J. Gray, Jr., USN, ret.,

will welcome newcomers to the meeting and speak briefly. He is president of the Board of Education.

Ten mothers of kindergarten children will provide and serve refreshments. They are Mmes. R. L. Black, R. T. Carr, H. R. Warner, R. L. Pierce, E. G. Campbell, Vincent Kelley, W. S. Kirk, Charles Ingle, M. D. Norton and P. E. Ford. Chairman of hospitality is Mrs. Howard J. Adams.

Public School enrollment nears 3000

A total of 2,953 students were enrolled in the five schools of the Coronado Unified School District as figures were compiled last week.

This is an increase of about 215 over last year's enrollment at the beginning of the school year, Superintendent A. E. Schaefer said.

"Enrollment will continue to grow," he added, "until we reach our annual peak in October." Enrollment totals are expected to reach 3000 then.

Enrollment at Glorietta School

bucked the standard trend and dropped by 26 this year, Schaefer said. Enrollment there was 416 at the beginning of last year, is down to 390.

"I don't know any reason why this should be," Schaefer said, "except that the age level in this area seems to be rising. A great many children from the Glorietta area are now in Junior High School."

Enrollment by schools is as follows: Central Elementary, 1,339; Glorietta Elementary, 390; Crown Elementary, 341; Junior High School, 392; High School, 491.

Schaefer said some classes are being held in temporary quarters until the new classrooms at Central are finished. These classes include a remedial reading group, which is meeting in a small classroom in the gymnasium.

A total of 111 teachers and specialists deal with students directly, averaging one for every 26 students. This teaching figure includes specialists in speech, remedial reading, and teachers for exceptional students, but does not include administrators and staff members like nurses.

Schaefer said the enrollment rate of growth seems to have stabilized at about 250 per year, which he says indicates a need for about eight new classrooms each year.

School insurance plan in effect

The public schools' new student insurance plan is now in effect and students have been covered since the first day of school, according to the Coronado Association of Insurance Agents.

John Weston, who represented the Association in setting up the program, said the insurance will cover medical expenses for accidental injuries to students at school, at any school-sponsored activity, either local or out-of-town and will also cover injuries sustained while students are going to or from school.

"If a student is injured in any way," Weston said, "his parents should report the injury to the principal of the school he attends."

The coverage provides up to \$2,500 in medical expenses. No individual premiums will be charged to parents, Weston said. The Unified School District is paying for the whole program. The cost averages \$1.25 a year for each student.

P.T.A. officers plan first meeting

The first Parent-Teachers Association meeting of the school year will open next Thursday night, September 20, in the Coronado High School auditorium at 8 p.m., according to P.T.A. President Eugene C. Gilbert.

Lieutenant Commander Gilbert and nine P.T.A. officers were elected last spring.

First Vice President is William J. Wakefield, of 1021 Flora avenue and Second Vice President is Marvin Nottingham, of 412 Glorietta boulevard.

Mrs. Baron L. Hansen, P.T.A. secretary, lives at 358 J avenue. Treasurer of the group is Mrs. Alvin R. Werre, of 726 B avenue.

Mrs. Louis J. McMicken, of 236 Orange avenue, will serve as historian for the coming year. Staff adviser is Haralson F. Smith, of 641 Alameda boulevard.

Faculty representatives to the

P.T.A. board are A. E. Schaefer, superintendent of schools, Wilfrid C. Seaman, principal of the high school, and Paul Bern, principal of Central elementary and junior high school.

Committee chairmen for coming year include Mrs. Haralson Smith, membership; Mrs. Haralson Smith, room mothers; Mrs. Howard J. Adams, hospitality.

Mrs. Elizabeth McMillan, registrar; Lt. Cmdr. H. A. Franck, publicity. Mrs. James Darnell, welfare; Mrs. P. E. Summers, projects and representative to the Board of Education and Chief of Police R. H. Manchester, safety.

9/20/54

MAKING LAST MINUTE PREPARATIONS for the tea this afternoon which will honor the staff of the Coronado Unified School District are the hostesses, seated, left to right: Mrs.

Wifrid Seaman, Mrs. Marvin Bensley, Mrs. A. E. Schaefer and Mrs. Grace Bush. Standing, left to right, Mrs. Paul Berry and Mrs. Eugene Horton, at whose home the tea is to be held.

TOMMY LARK PHOTO.

125 members of school staff to be feted at garden tea

In a garden setting this afternoon at the home of Mr. and Mrs. Eugene A. Horton, 1118 Glorietta boulevard, 125 staff members of the Coronado Unified School District and their wives and husbands will be entertained at tea from 4 to 5:30 p.m.

The tea will welcome to Coronado 45 new members and welcome back 80 returning members of the teaching and office staffs.

Hostesses will be: Mrs. A. E. Schaefer, wife of the Superintendent of Schools; Mrs. Paul Berry, wife of the principal of Central School; Mrs. Marvin Bensley, wife of the principal of Crown School; Mrs. Wilfrid Seaman, wife of the principal of Coronado High School and Miss Mae Walker, principal of Glorietta School.

Members of the Governing Board of the district, with their wives and husbands, will be guests of honor. They are: Mr. and Mrs. Charles H. Soderberry, Capt. and Mrs. A. J. Gray, Mr. and Mrs. Leo Hansen, Mr. and Mrs. Paul Carle and Mr. and Mrs. Horton.

A special welcome will be given Mrs. Esther Awes who has just returned from a year's sabbatical

leave in Europe and to Clark Bruce who recently returned from a year of teaching in Japan.

Assisting the hostesses at the serving tables will be: Mrs. Grace Bush, business manager of the school district; Mrs. Marvin Nottingham, wife of the vice principal of the high school, Mrs. Stewart Neely, wife of the vice principal of Central School and Mrs. John Baker, wife of the president of the Coronado Teachers' Association.

First football game of season set at Coronado high school Friday night

Coronado High School's football teams are scheduled for nine games this autumn, with the first against Saint Augustine tomorrow (Friday) night on the local field.

All varsity games this year are on Friday nights and all begin at 8 p.m. Bee games begin at 6 p.m.

Other non-league games scheduled include one against Laguna Beach, here, on September 28.

First game of the Avocado League will be against Mar Vista, October 5, on the Coronado field.

A league game against Fallbrook, also played here, will be October 12. It will be followed by a non-league game against Mission Bay, October 19.

The first game away from Coronado will be October 26, against Escondido, with the next game November 2 against San Dieguito, also away.

The last home game will be November 9 against Oceanside, with the remaining game on the regular schedule set for November 16, against Vista.

Details on local adult classes

Thirteen different classes for adults in Coronado started this week. As announced by Harold E. Neidermeyer, director of the program, the classes are as follows:

Art Fundamentals — Jr. High Art Room in Park, Wednesday, 7:15-9:15 p.m. Designed for beginning students, this course includes perspective drawing, charcoal sketching, composition, color theory and water color. Mr. Lefflang.

Arts and Crafts — Youth Center, Wednesday, 10:00 a.m.-2:30 p.m. This class affords an opportunity for artistic creation. Learn to make art objects for the home and for gifts and favors. Leather work, copper work, Dresden painting and textile painting will be some of the subjects studied. Mrs. Webb.

China Painting — Library Park Clubhouse, Friday, 10:00 a.m.-2:30 p.m. Experience the satisfaction of creative work through producing fine hand-painted china. Mrs. Gordon.

English for the Foreign Born — High School Room 8, Tuesday, 7:15-9:15 p.m. This is a course in simple English designed to meet the needs of the foreign born and those who wish to improve their use of basic English. Mr. Bradley.

Millinery — Library Park Clubhouse, Monday, 10:00 a.m.-2 p.m. One of our newest offerings. It is very popular with both beginning and advanced students. Mrs. Willis.

Oil Painting — Youth Center, Monday, 10:00 a.m.-2:30 p.m. A popular course in which both beginning and advanced students receive individual instruction in oil painting. Part of the work is carried on in outdoor classes. Dr. Leonard.

Personal Investments — High School Library, Wednesday, 7:15-9:15 p.m. This course deals with all aspects of personal investment problems. Stocks, bonds, real estate, insurance and mutual investment funds are some of the things discussed. Mr. Jackson.

Rug Weaving — Library Park Clubhouse, Wednesday, 10 a.m.-2:30 p.m. This course teaches the student to weave all types of hand-made rugs. Mrs. Hoagland.

Sewing — High School, Room 16, Monday and Wednesday, 7:15-9:15 p.m. In this class time and money saving methods of modern dress-making and pattern analysis will be taught. Sewing machines with all attachments are available in the class. Mrs. Alcantair.

Spanish — High School Library, Tuesday and Thursday, 7:15-9:15 p.m. The introductory course, meeting Tuesdays, aims to teach

the student the elements of Spanish pronunciation, correct vocabulary, elementary grammar and conversation in easy Spanish. The advanced course, meeting on Thursdays, is offered for those who have had a little Spanish prior to entering the class. Mr. Alcaraz.

Typing — High School Room, 17, Tuesday and Wednesday, 7:15-9:15 p.m. A class with individual instruction for beginning and for advanced students who wish to increase their typing speed. Mr. Stevens.

Upholstery — Jr. High Shop, Monday and Thursday, 7:15-10:15 p.m. In this class you can learn to reupholster your furniture with professional results. Mr. Vanderpool.

Woodshop — High School Shop, Tuesday and Thursday, 7:00-10:00 p.m. This course is especially valuable for those who are interested in working with hand and machine tools. Full high school shop equipment including tools, shop tables, wood and metal burning machines and electric saws are available. Mr. Hunting.

Safety chain of letters started by fifth grade school class

A "safety chain" of letters started Tuesday in a fifth-grade class at Crown school as part of a general upsurge of civic concern with traffic safety here.

Police Chief R. H. Manchester and Mrs. Marianne Cavanaugh,

city juvenile officer, met with the fifth grade class taught by Miss Nell Wright to start off the chain Tuesday afternoon.

The class had written to Manchester, asking how the students could help promote traffic safety.

Each child in the class will write three letters to other school students. Each letter contains a plea for cooperation with a safety pledge and a request that the chain be continued.

Students will bring the three letters they write to the police administration building to be mailed. On presenting the letters they will become members of a new honorary group, the Coronado Students' Safety Club and will be given membership cards in it.

The letter pledge includes all phases of safety, calling for "common sense" treatment of safety problems.

Self-taught majorette now with high school corps

As Reported by Phil Andreen

A self-taught majorette at the age of eight, Susan Wilkens, now a member of the Coronado High School majorette corps, has graduated to a teaching job for others.

Miss Wilkens, now a junior in high school, taught herself baton twirling here in Coronado. She got so good at it she was invited to be high school mascot in 1948, but didn't have time, between her school work and an active interest in horseback riding.

"My first formal majorette lessons came in 1951, when I was in the sixth grade," Miss Wilkens said. "Dorothea Suter, of Coronado, had a corps and I joined it. We led the Halloween parade that year."

"I started teaching others to be majorettes when I started with my 10-year-old sister. Then, with the help of my mother, I taught for the Recreation Department here. We had about 65 students."

Miss Wilkens is 5 feet 4 inches tall and blonde. She is starting her second year with the high school majorette corps this season.

MISS SUSAN WILKENS

C.H.S. class of 1955 surprises with gift to high school

The class of 1955, Coronado High School, last week presented the school with two 72 cup coffee urns and a "hotdog" machine for use at the refreshment stands at Cutler Field.

The gift came as a surprise to all concerned, since the class of 1955 believed itself bankrupt at the end of the school year last spring.

A financial study just completed showed enough money in the class treasury for the gift.

C. H. S. football team loses one; meets Laguna Beach tomorrow

By PHIL ANDREEN

Looking forward to victory over Laguna Beach tomorrow night, Coronado High School's football team is feeling the defeat suffered last Friday when they were overpowered by Saint Augustine, 31-19.

Tomorrow night's game will be at Cutler Field, Coronado. The Bee game will start at 6 p.m., varsity at 8 p.m.

Harold Tobin, right halfback, was responsible for Coronado's 19 points, scoring all of them himself. His first touchdown was on a marvelous kickoff return, that carried 85 yards. His second was a 45-yard run on an intercepted pass and his last another kickoff return, which he carried 55 yards.

He also made one point by running a point after touchdown.

Left Halfback Dan Allan, also sparked the team with many runs.

Though Coronado was ahead in the first half, the Saints came from behind with two touchdowns in the second to win.

Returning lettermen Walt Heinecke, guard; Harold Tobin, halfback; Ed Lopez, end; Monty Scruggs, center and Doug Newman, tackle, led the starting lineup. With them were Jerry MacVicar, end; Sandy Hess, tackle; Dan Clifford, guard; Phil Hale, fullback; Walt Albright and Dennis Grimaud, quarterback and Dan Allan, halfback.

School historian, news staff named

Miss Pat Archibald, senior, was last week elected Associated Student Body Historian for the 1956-1957 Coronado High School Year.

Duties of the historian include keeping a scrap book of the newspaper articles and events of the year, including everything from sports and drama, to curriculum and all other activities.

Pat's twin sister, Carla, is also on the go at CHS, as editor of the school paper, the Islander.

On Carla's staff are News Editor Sylvia McKenzie, Editorial Editor Grace Rivera, Feature Editor Pam Holt, Sports Editor John Shellenberger, Business Manager Darlene Wright, Feature Columnist Janice Fahle, Ad Manager Kathy Creech, Exchange Editor Rich Garness and reporters Ruben Inzunza, Stan Jadovitz and Susan Wilkins. Paul Shaler is the faculty advisor.

Thurs., October 4, 1956

Miss Barbara Gay attends national conference

Miss Barbara Gay

Miss Barbara Gay, fourth grade teacher at Crown School, will be attending the Executive Council meeting of the National Intercollegiate Association, of Women Students at Lansing, Michigan, this weekend as the Western Regional Coordinator representing 14 states and 40 colleges and universities.

Purpose of the meeting will be to plan the National Convention to be held in April at Michigan State.

The national organization acts as a coordinating body for all women students at colleges and universities.

Each member school is organized locally into associations which coordinate the entire women's programs on their respective campuses.

Miss Gay is one of four national advisory officers.

Great Books' course to start here October 16

A first-year Great Books discussion group is being sponsored in Coronado by the Adult Education Department.

Starting date is October 16, from 7:15 to 9:15 p.m. in Room 6, Coronado High School.

"Any person with a willingness to read, an interest in the fundamental issues—personal, moral, social—that confront us today, will find enjoyment in this course," Mrs. Abigail Dickson said. She and Mrs. James Peltier will lead the group.

Participants meet every two weeks for two hours in the "great conversation" that has been going on for centuries with Plato, Adam Smith, Aristotle, Jefferson, Thoreau, Milton, Tolstoy and many other great thinkers, Mrs. Dickson said.

The main purpose of the Great Books program are "to keep alive the common heritage of thought, sensibility and faith which finds expression in the great books of our tradition; to give men, through reading and discussing the great books, a richer comprehension of what the good life can be and to help them, here and now, to lead the good life, for themselves, their community and their nation."

'Green and White' day at high school

Green and white, Coronado High School's colors, will have priority over all other colors tomorrow at the annual Green and White Day.

Attired in green and white for the day, the students will attend an assembly at noon time, to encourage and inspire pep and spirit for the night's football game against Fallbrook.

Entertainment for the gala affair will be presented by the band, cheerleaders, pep leaders, majorettes and an array of talent under Rich Aegerter.

Committee members for the event include Jeanette Dong, who is the supervisor of the activity as Commissioner of All School Activities; Paul Plum and the Freshman Class on cleanup; Betsy Lahmann, pep; Marilyn Mecartea, food; Rich Aegerter, entertainment and Paul Dotson, stage crew.

Talent for the program includes The Four Roses (Marti Funk, Marjie McKechnie, Betsy Lahmann and Patti Collis) singing; Linda Madden, in a monologue; Joan Quijada, Ann Weisgerber, Donny Daniels and Barbara Waugh, pantomiming and Marilyn Moyle and Carla Archibald, dancing.

"Green and White Day is an excellent way to inspire pep for the Fallbrook game," says Jeanette. "We expect to find the halls filled with students wearing green and white." C.J. 10/11/56

C.H.S. football team meets Fallbrook C.J. in fight against long losing streak 10/11/56

By PHIL ANDREEN

Tobinball, not football, was played by the Coronado High School football team last Friday in its unsuccessful attempt to score against Mar Vista, the latter finally scoring 26 points against Coronado's 0.

Harold Tobin, Coronado halfback, often called the best back in San Diego, was seen in the final quarter as the only player in the backfield. In this unusual offense, a ten man line blocked for Tobin, who had a pass-run option.

Sparking the Mariners was quarterback Ed Ruth, who ran two touchdowns and passed for two others.

The first score for Mar Vista was on a pass from Ruth to fullback Jerry Shaw, who ran 10 yards to score.

An 8-yard sneak by Ruth and a pass from Ruth to half Jerry Overtone on the 10 added two more touchdowns to the Mar Vista tally.

Intercepting a long Coronado pass, Ruth ran 75 yards to a touchdown in the final score of the game.

Yearbook staff chosen at school

Sally Northrup, senior at Coronado High School, has been chosen as editor of the 1957 Beachcomber, Coronado High's yearbook.

Sally's staff will include Anne Weisgerber, assistant editor; Arlene Giesser, business manager; Sally Sears, sales and dances; Larry Brown, publicity; Jim Heath, senior pictures; Joan Quijada, girls' sports editor and Tom Winant, boys' sports editor.

Martha Dubleman, Bonnie Daniels and Paige McKinney will have the job of identifying pictures.

Selling the yearbook are David Fahle, freshman; Susan Jenkins, sophomore; Sally Sears, juniors and Peter Gray, seniors.

Marilyn Mecarte and Jim Burrows are also members of the staff.

Walter Albright, Coronado quarterback was injured in the Laguna Beach game two weeks ago and was unable to play.

The score of the Bee game was 0-0. Returning lettermen were Bob Kipperman, end; Robert Nowinski, tackle; Gary Grima, half and Armando Cisneros, quarterback.

Varsity Coaches Rigdon, Durland and Bee coaches Holm and Staneck look forward to victory over Fallbrook tomorrow (Friday) with the Bee game starting at 6 p.m. and the Varsity starting at 8. The game will be played here.

Vivid Oriental scenes described by Coronado high school teacher

By ALICIA WEEKS

A year in the Orient impressed J. Clark Bruce with the contrasts and conflicts of modern and ancient Asia, as he saw them in Bangkok, Hong Kong and Tokyo.

A government and counseling instructor at Coronado High School, Bruce recently returned from a leave of absence of a year. During that time, he taught history and English to children of army and air force personnel at Kokura, Japan, located at the southern end of the island of Kyushu.

A ten-day trip to Hong Kong and Thailand during Christmas vacation highlighted Bruce's stay in the Orient.

"In Bangkok, Thailand, any taxi driver can direct you to an opium den where patrons may enjoy a night 'out of this world' for 50 cents. That is the cost of an opium capsule and also includes a pipe, a pot of green tea and a private room. The dens are legal there and open for tours," Bruce said.

The use of one's feet is permitted in Thailand boxing, according to Bruce. In an arena similar to Madison Square Garden, the opponents, fans and a group of musicians are assembled. Before the match begins, a solemn Buddhist ceremony is performed and the opponents exchange bows and courtesies before and after the match. The musicians play appropriate selections during this time.

Bangkok is often called the "Venice of Asia," Bruce said. The land is inundated and bamboo houses are built on stilts.

Purchases are made from merchants who travel from house to house along the canals hawking their wares from their "floating stores."

"It is said that children learn to swim before they learn to walk," Bruce said. "I have never seen people so happy! Everyone seems to get such a kick out of life, even though they may not have a cent to their names."

The canals of Bangkok presently are in the process of being filled in, so the city, located 30 miles from the ocean, may not have the distinction of being a "city afloat" in the future.

Thailand, which belongs to the South-East Asia Treaty Organization (SEATO) has never been ruled by a foreign country. Although receiving assistance from the United States, the country (whose name literally means 'land of the free') has its own king and parliament, the parliament being elected by popular vote of the people.

"The temples there are fabulous!" Bruce said. "Most are made of white marble. One of the temples, the Buddhist Temple of the Reclining Buddha, is 50 feet high and 50 feet long and covered with gold. The tile, some of which is pure gold, was imported from Germany especially for this temple. It took volunteer laborers 20 years to build the temple."

"The crown colony of Hong Kong is a seething mass of human beings. Besides the beggars who line Hong Kong streets, there are an estimated 2,300,000 refugees who have fled there from Communist-held China. There are no sanitary facilities, and, needless to say, disease and sickness are everywhere," Bruce said.

"On the lighter side, I had my picture taken at the Communist border, and toured the Tiger Balm Gardens. Now there is a place that is indescribable."

The gardens, located on a hill overlooking Hong Kong and the harbor, were built by a Chinese who made a fortune on a patent medicine called Tiger Balm. Throughout the gardens are huge cement statues of characters — people, animals and monsters — "acting out" Chinese legends.

"The statues are painted vivid colors. It seems more like a dream than reality and is something you

would have to see to believe or appreciate. When the man passed away several years ago, he willed that the gardens be made a public park and today it is a favorite tourist attraction," Bruce said.

"Speaking of favorite places, rural Japan was one of mine. It seems almost incredible that farming methods in Japan have remained virtually unchanged for 1,000 years. On the average-size farm of 2½ acres, the plow is still pulled by oxen, planting still being done by hand," he added.

A great contrast to the rural area is the modernized Japanese city. In Tokyo, trains, subways, bicycles and busses are the popular modes of transportation.

"Besides the fact that hardly anyone in Japan can afford to buy or maintain an automobile, the streets are too narrow and crowded with people to accommodate heavy automobile traffic," Bruce stated.

"The train schedule in Tokyo is so efficient that one may set his watch by the trains. They have an excellent bus service, too. Not only do you get transportation, but also a guided tour of the city."

"Uniformed young ladies, complete with public address systems, point out places of interest and entertain passengers with Japanese songs, often asking customers to join in."

The shops stay open until 9 or 9:30 at night. Often merchants will sit outside their shops making the merchandise they sell. Almost everyone carries a furo-suki, a square piece of cloth, the ends folded over to form a bundle, in which purchases are carried.

The only reminder of the atom blasts in Hiroshima and Nagasaki are the ruins of a Catholic church in the latter city. Both cities have museums which contain relics of the bombings — burned clothing, melted tile, pictures of victims—as a constant reminder of the tragedies of war.

"The last thing the Japanese want is war. They are trying to rebuild their country. The Japanese are extremely friendly and while I was there, I never once saw an anti-American demonstration. The United States is 'trying to help, of course' and employs Japanese on the military bases—in fact, they even have Japanese women barbers in our military establishments," he said.

The American influence has been such that all over Japan people are learning to speak English.

"English is taught in the schools and one of the most popular contests in Japan is the 'English-speaking' contest. Students first compete in contests locally, then throughout a district, finally to the finals. They may be compared to oratory contests held in this country."

"I was a judge in one of the contests and the interest shown and progress being made by the Japanese in the language field is remarkable. You know, English isn't the easiest language to learn to speak, especially American-type English!"

Japanese schools are modeled on ours, with one SLIGHT variation—they are not coeducational. The students wear uniforms, black for the boys and white blouses and blue skirts for the girls.

Walking into an auditorium filled with girls, it would be practically impossible to locate a special one, Bruce said. They all wear the same hair style, a short bob and all have jet-black hair. That, combined with the uniform white blouses, creates an unusual situation, Bruce said, typical of the differences between the Orient and the western world.

J. CLARK BRUCE counsels Coronado High School junior, Dennis McCall. Bruce, a government and counseling instructor, recently returned from a year in Japan, where he taught history and English to children of army and air force personnel.

MISS LOIS BROWN

Lois Brown selected as CHS Girl of the Month

Lois Brown, a Coronado High School senior, has been chosen September Girl of the Month by the Girls' League cabinet.

A Girl of the Month is chosen each month of the school year by the cabinet. Selection of the girl is based on activities and service to the school.

Lois was chosen for her outstanding work as Commissioner of Finance. She is a member of the Art, Booster and Spanish Clubs and Senior Tri-Hi-Y, girls' honorary organization.

Lois is the daughter of Mr. and Mrs. Milton Brown of 960 Country Club Lane.

Seaman elected to head Kiwanis

Wilfrid C. Seaman, principal of Coronado High School, has been elected president of the Coronado Kiwanis club for 1957.

Other new officers include James Vlachos, vice president and Edward Wittenkeller, treasurer.

Elected to the Board of Directors were John Baker, Fred Price, David McIntyre, Stewart Neely, Arnold Setterlund, Harry Vice and Sam Woodhouse.

Installation ceremonies will be conducted December 8 by Dr. W. A. Pepin, presently lieutenant

WILFRID SEAMAN

governor of Kiwanis division 21. Expected to be at the ceremony is Lieutenant Governor-elect Harry Hearn, a member of the Coronado club.

Seaman has been active in many Coronado programs, including the Fourth of July parade activities. He is a member of the city Planning Commission.

He has been Kiwanis vice president for the past year and has been on the club's board of directors for two years.

Accident policy at schools told

The Coronado Board of Education has organized an accident insurance program for all students attending Coronado Public Schools.

Paying up to \$2,500 for medical expenses including doctor's bills, laboratory fees, nurse's bills, medication and dressings, dentist's bills, X-ray fees and hospital fees, the policy is free to every student of the public schools.

In order to collect, a claim form must be submitted within 21 days of the accident. School officials said it is the responsibility of the parent or child to see that a proper report of the accident is made at the time of the accident.

The policy covers any accident which occurs:

When a student is going between home and school and for one hour before the student enters class and for one hour after the student is dismissed from school.

When in a school building or on the school grounds.

When on a required field trip.

When on a school-sponsored trip in a chartered bus.

When engaged in athletic contest or practice.

When being transported as a member of an athletic team, band, etc.

When participating in school-sponsored and supervised activities of any nature, either away from school grounds or after school hours.

Glorietta mothers to meet Thursday

A general meeting of the mothers of students at Glorietta School has been called for next Thursday afternoon at 2:30 p.m. in the auditorium of the Housing administration building.

The meeting will be for organization of the Glorietta Mothers' Club for the coming year. Major item of business will be the election of officers.

Coronado Journal
Coronado, California

C.H.S. football team loses a close one; meets Mission Bay squad tomorrow

By PHIL ANDREEN

Leading until the final three minutes of the final quarter, the Coronado High School football team dropped a close game to Fallbrook, 19-14, last Friday night.

Harold Tobin, Coronado halfback, made the first score of the game with a 90-yard run. Tobin also ran the conversion.

Dennis Grimaud, Coronado quarterback scored the Greenies' second touchdown with a short dash from the ten-yard line. Tobin again ran the conversion. The first half stood with the score 14-0.

A bad hike from center in the third quarter was recovered by Fallbrook lineman Bob Parker in the Coronado end zone, giving Fallbrook 6.

Another touchdown by the Warriors brought the score to 14-13, where it stayed until three and a half minutes before the end of the game, when Hank Meza, two-time all Avocado League fullback, ran for the final score of the ball game.

Twice Tobin had touchdowns in the palm of his hand. The first close one, a 45 yard touchdown run was called back on a clipping penalty against Coronado. Sweiv-

ing to avoid a Fallbrook tackler, Tobin was left in the clear, later only to be dropped, not by a tackler, but by a slippery football field.

Dan Clifford, Coronado guard, was taken out of the game in the first half with a shoulder injury.

This second league combat was not entirely disappointing, as the Coronado Junior Varsity team literally 'wiped out' Fallbrook Junior Varsity, 26-0.

Three of the four touchdowns were scored by Armando Cisneros, quarterback; Gary Cordova, halfback and Robin Crenshaw, halfback.

The fourth was made by lineman Bob Nelson, who hit a Fallbrook ball carrier so hard that the ball flew into the air, then grabbed the ball and ran for six points.

The two conversions were made by Cisneros.

Fallbrook backfielders found a brick wall in the Coronado line since many Varsity players came down to Bee ranks.

Tomorrow (Friday), Coronado Varsity meets Mission Bay here at 8 p.m. The Bee game will be played at Mission Bay High at 3 in the afternoon.

Progress reported on kindergarten

Routine progress has been made on the plans to build an addition to the kindergarten at Crown School, A. E. Schaefer, superintendent of schools, said today.

The city Planning Commission has been asked for its official approval of the plan. Approval from the state Aeronautics Board has been received. The Aeronautic approval was required under a new law that affects any school or school addition built within two miles of an airport.

School survey of parents planned

The Coronado Public Schools expect to start a survey of all families of school children on October 31.

Purpose of the survey is to determine where each child's parents live and where they work. It is used to determine how much federal aid the school district is entitled to under Public Laws 815 and 874.

Delay in work on 8 classrooms

The Board of Education, in its meeting last night was to act on a request from Raymond A. Whitwer, contractor, for an extension of his contract for construction of eight classrooms at Central Elementary School.

Whitwer said the recent steel strike had interfered with delivery of materials and requested an extension of 35 days.

Superintendent of Schools A. E. Schaefer said the buildings should be ready about November 20 and he expects classroom supplies to be moved in over the Thanksgiving holidays.

CLEAN-UP SQUAD at Coronado High School got to work last week to "red-up" the school patio, which was reopened for regular use. Shown kneeling are Phyllis Scruggs and Phyllis Star. Standing, left to right, are Joe Gubler, Bob Carlile, Mickey

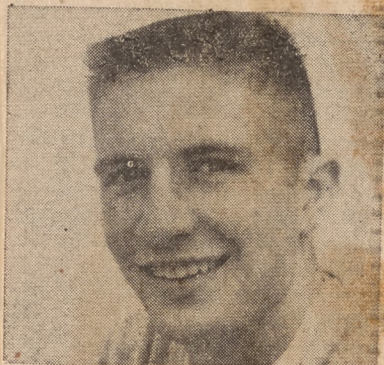

Moore, Tom Rogers, Monty Scruggs, Roger Pearson, Don Buck and Jerry MacVicar. Students use the patio as an outdoor lounge, especially at lunch time. It is equipped as a recreational area also.

10/18/56

Walter Heinecke Boy of Month at high school

Walter Heinecke was chosen last week as September Boy of the Month at Coronado High School.

Walt, the ASB president, was selected by the Boys' Federation

WALTER HEINECKE

cabinet, for his efforts toward improving the school.

A senior, Walt has attended Coronado Schools since the first grade.

A diligent and hard worker for what he believes is right, Walt maintains a B average and after graduation he plans to attend college, where he will major in teaching business administration.

An active athlete, Walt is the only two year letterman on the football squad.

Big crowd expected tonight to hear University of California speaker

More than 500 Coronadans are expected tonight (Thursday) at the second Parent Teachers Association meeting of the school year, which will be held in the high school auditorium, starting at 8 p.m.

They are to hear Dr. Myron S. Olson, professor of education from the University of California, discuss the emotional relationships between a child and his parents and teachers in a talk titled "The Finest Person I Know."

A. E. Schaefer, superintendent of schools, predicted "a very large gathering to hear this man. He is one of the finest speakers we could ask for."

William Wakefield, P.T.A. program chairman, said the agenda

will include a progress report on the group's request for city action to make the intersection of Palm and D into a safer crossing for children. The matter is under study by the city Planning Commission.

Lt. Cmdr. Eugene C. Gilbert

DR. MYRON S. OLSON

Educator, writer, lecturer

will preside.

The mothers of the first grade will be hostesses for the evening and have planned a small reception on an "Election" theme in the high school patio after the meeting.

Mrs. Howard J. Adams is hospitality chairman. Assisting her tonight will be Mes. C. E. Rice, Kim Kelley, Frank McFarland, D. Turnipseed, Ben Cohen, John Nichols, William Hamby, W. D. Kesselring and E. D. Brock.

Planning group acts on traffic; takes P.T.A. "hot potato" in hand

The city Planning Commission Monday took under study the Coronado P.T.A.'s traffic study report, described as "something of a hot potato" by Commission Chairman, Ben Cohen.

The group put the report on its agenda for November 12, with members instructed to read it and inspect the street locations designated in it before the meeting.

The action was taken over the objection of Commissioner W. C. Schultz, who said the commission should wait until the Board of Education acts on the P.T.A. report.

At the same meeting the commission voted unanimously to recommend that two traffic islands be built at the intersection of Palm, D avenue and Sixth street.

One safety island would divide the long crosswalk used by school children proceeding down Sixth street past the police and fire stations. The other would split the distance of a similar long crosswalk where Palm and D intersect.

The two-island idea was submitted to the commission by the City Engineer's office, and was preferred by Police Chief R. H. Manchester and Fire Chief C. N. Damren. Two other ideas were considered, one that a traffic circle be established to break up the whole intersection, with one-way traffic around the circle, the other that the corner of Palm and D be "squared off."

It is understood that Chief Damren objected to both alternative ideas on the ground that they would interfere with the operation of fire equipment.

The commission also reopened study of the possibility that traffic signals be installed on Orange avenue at Sixth and Seventh streets; started a review of the Holmes and Narver report on local sewage treatment problems.

C. H. S. team beats Mission Bay, 6-0 for first football win of season

By PHIL ANDREEN

Coming through in the third quarter with a three-yard plunge, Harold Tobin, Coronado High School halfback, lead the Coronado Islanders to their first victory of the season last Friday night over Mission Bay, 6-0.

Scoring after a 60-yard drive, Coach Rodger Rigdon's boys left City Prep League Buccaneers with their fourth consecutive defeat.

Threatening in the last minutes of the game, a Mission Bay fourth-down pass was knocked

down by Dan Allen, Coronado halfback, in the end zone.

The Bees suffered defeat by the Mission Bays Bees with a score of 12 to 7. The game was played at Mission Bay High in the afternoon.

The Greenies only run in the Bee game was on 50-yard pass interception run by quarterback Armando Cisneros, who also added the extra point.

Tomorrow Coronado plays at Escondido, with the Bee game starting at 6 and the Varsity at 8.

High school seniors take college test

As a prelude to college boards and entrance exams, the 1956 Scholarship Qualifying tests were given to seniors yesterday at Coronado High School.

Seniors taking the test were Larry Brown, Jeanette Dong, Peter Gray, Marilyn Moyle, and Preston Probasco. Jim Heath, Sally Northrup, Anne Weisgerber, Carla Archibald, Ginny Long, Sharon Calvy, Pat Archibald, and Linda Spence are also taking the two-hour exam.

The test was given all over the United States on the same day at approximately the same time. Its primary purpose is to find out how successful a student will be in doing college work.

Any student who qualified in this test is automatically considered for all the scholarship programs registered with the Education Testing Service Corporation.

Invite all to study of great books

Plato's "Apology" and "Crito" will be discussed by members of the Coronado Great Books Discussion Group at Coronado High School, room 6, at 7:15 p.m., October 30.

There is no fee and no scholastic requirement for these informal, bi-weekly discussions. All interested persons are invited to attend, Mrs. Abigail Dickson said.

"America was built by men who thought for themselves about the issues that effect all men—issues of War and Peace—of Justice, Freedom, Right and Wrong. You can attend the same school they did—the school contained in the World's Greatest Books," she added.

The Great Books Discussion Groups are considered to be the country's largest liberal adult education program.

Still no luck for C. H. S. football team as Escondido hands out fifth loss

By Phil Andreen

A 17-yard pass play produced Coronado's only score against Escondido last Friday as the Islanders lost, 26-7.

Walt Albright, Coronado quarterback, was seen in action again after being out the past few weeks with a leg injury.

Stan Jadovitz, Coronado half, scored the Islanders only touchdown, running 17 yards after snagging a lateral pass from Albright. Harold Tobin, Coronado half, scored the extra point.

A 60-yard pass interception run ripped loose by rookie halfback Chuck Triebel proved useless as the Greenies lost the ball to Escondido with a fumble.

The Junior Varsity came through with a 20-19 victory.

A 40-yard touchdown pass gave Coronado their first 6 points. The pass was completed from Armando Cisneros, quarter-

back, to Bill Kipperman, end.

A 43-yard run by half Gary Grimaud and a 20-yard pass interception by Jose Gorriedo brought the attack to a close. Cisneros kicked the two extra points.

Escondido's scores were made on an intercepted pass, a short plunge, and a long run.

Next week Coronado meets San Dieguito, there, with the Varsity game starting at 8 p.m.

Chest meeting

The annual general meeting of the Community Chest will be held next Wednesday night, starting at 8 p.m., in the Red Cross auditorium.

Anyone who has contributed one dollar or more is a member of the Chest, and is entitled to vote at the meeting.

Class in rug-hooking seeks new members

There are several openings in a rug-hooking class being conducted every Wednesday at the Coronado Youth Center, Harold Niedermeyer, director of the Coronado Adult Education Program, said this week.

The class meets from 10 a.m. to 2:30 p.m. each Wednesday. Registration fee is one dollar, and anyone interested is welcome to join the group, he said.

High School Homecoming

GIRL OF THE MONTH at Coronado High School during October was Miss Jeanette Dong, who as Commissioner of All-School Activities was responsible for planning tomorrow night's (Friday) Homecoming celebration. Miss Dong is the daughter of Mr. and Mrs. Lloyd Dong, of 832 C avenue.

Coronado High School's pomp, pageantry and excitement of the annual Homecoming will be staged tomorrow (Friday) night during the Coronado-Oceanside football game at Cutler field.

Homecoming Queen Arlene Giesser will be crowned during half-time activities, which will also include precision marching by the combined High School and Junior High School bands and a "fire-baton" routine by the school Majorette Corps.

Preston Probasco, Commissioner of Assemblies, won from Associated Student Body President Walter Heinecke, the sought-after job of crowning Miss Giesser. Heinecke will be with the football team on the field.

A group of alumnae cheerleaders and songleaders will also take part in the halftime activities. The list tentatively includes Kathy Barngrover, Linda Stanford, Jackie Newton, Claudette Cason, Linda David, Marilyn Lamberton, Francis Schutt, Gwen Turnipseed and Alicia Weeks.

Miss Giesser also holds the title of Miss Coronado of 1956-1957. She is head cheerleader at the high school, was Maid of Honor on the 1956 Beauty Court, was Homecoming Queen last year, also. The daughter of Cmdr. and Mrs. A. A. Giesser, of 900 Alameda boulevard, she is blonde and has green eyes.

The four members of the Homecoming Court will be escorted onto the football field by the four class presidents of the school, Richard Garness, senior; Terry Jones, junior; Rich Aegerter, sophomore and Paul Plumb, freshman.

Miss Jeanette Dong is studentrection of Paul Henneberg, with coordinator for the event. The the junior high school group led high schol band is under the di- by Charles Granzer.

11/8/56

NEW TITLE

for Miss Arlene Giesser is that of Homecoming Queen for Coronado High School's 1956 homecoming celebration

1956 HOMECOMING COURT is shown with Queen Arlene Giesser at left. Honored with positions on the court are (from left) Elizabeth

Lahmann, Sally Sears, Marjie McKechnie and Patti Collis. Miss Sears is a junior, the others all seniors.

Navy tells of seadrome

layout here

11/8/56
C.J.

OFFICIAL U.S. NAVY DRAWING showing future location of the navy's South San Diego Bay seadrome operating area. The navy said

yesterday the base will not interfere with water traffic on South Bay.

Details of the location of the navy's South Bay Seadrome along the Silver Strand have been approved by the Navy Department, Rear Admiral C. C. Hartman, USN, Commandant, Eleventh Naval District, said today in a letter to Mayor Coleman M. Gray.

Rear Admiral Hartman said the location will not deny access by water to Rancho Carrillo.

He also said that regulations pertaining to navigation in the restricted seaplane operations area will contain "mutually satisfactory provisions" for small boat traffic.

The Commandant pointed out that Coronado studies for pier-head and bulkhead lines at Rancho Carrillo can be continued, now that final location of the seadrome has been approved. He closed his letter with an assurance that his staff and he are available at any time to discuss the project with the Coronado authorities.

Five million dollars has been allocated for first increment construction of the seadrome. This will include the dredging of about five million cubic yards of bay bottom and the construction of 3200 feet of steel sheet pile bulkhead as a retaining wall along the shore line. Dredging will be done to a depth of 13 feet.

Bids on the work will be taken in March, 1957, and work is to begin in April. It is expected that this phase will be completed in 18 months after work begins, or about October of 1958.

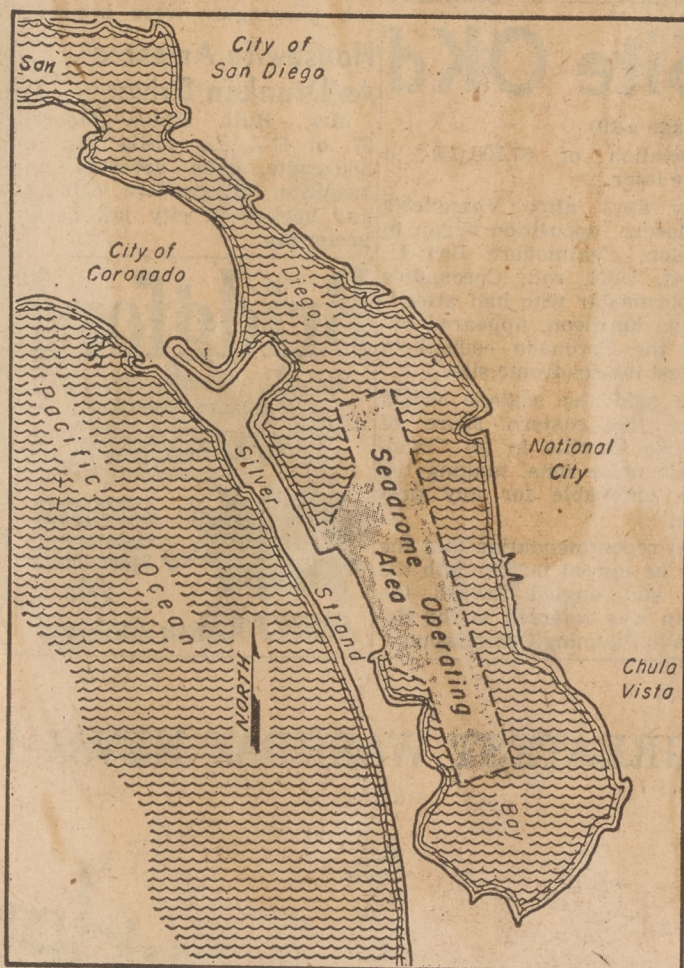

The navy expects Congress to vote a second large increment next year. This would include additional dredging, bulkhead construction, ramps and shore facilities.

Dredged material will be deposited on the East side of the Strand to provide additional land for the Naval Amphibious Base and for the seadrome facility.

The seadrome is intended for use by jet seaplanes, Rear Admiral Hartman said and development of the seadrome should lessen present seaplane operations in the main harbor.

Navy Approves South Bay Site For Seadrome

SAN DIEGO UNION, Nov. 8, 1956

—Official U.S. Navy Drawing
The proposed site of the South San Diego Bay Navy seadrome operating area is shown in this sketch.

\$5,000,000 Allocated For Work

The Department of the Navy has approved location of a jet aircraft seadrome in the South Bay of San Diego harbor, Rear Adm. C. C. Hartman, commandant, 11th Naval District, announced yesterday.

Naval spokesmen have said the Navy must shift its seaplanes from the north to the South Bay because increasing sea and pleasure craft traffic is becoming too hazardous to its air operations.

The commandant's announcement said five million dollars has been allocated to start construction of the seadrome. This will include the dredging to a depth of 13 feet some five million cubic yards of spoil from the bay and the construction of 3,200 feet of steel-sheet pile bulkhead as a retaining wall along the shore line.

Bids on the work will be taken in March. Work is to begin in April. Hartman said it is expected this phase will be completed about October, 1958.

MORE FUNDS EXPECTED

He said a second appropriation is expected to be made Congress next year for additional dredging, bulkhead construction, ramps and shore facilities.

Spoil from the dredging will be deposited on the east side of the Silver Strand to provide additional land for the Naval Amphibious Base and the seadrome facility.

Hartman said the seadrome is intended for jet seaplanes. In flight they will pass above the least populated areas.

Hartman made public a letter to Mayor Gray of Coronado in which he advised the mayor of the Navy's approval of the South Bay seadrome site.

MAYOR ASSURED

Hartman assured Gray that the seadrome will be oriented to give access by water to Rancho Carrillo, an acreage zoned for residential and recreational development. He also wrote that mutually satisfactory regulations for small boat traffic will be worked out.

The Coronado City Council on Sept. 7 voted to ask the Navy for clarification of its seadrome plans. On Oct. 2 it unanimously adopted a resolution protesting use of bay waters

(Continued)

near Rancho Carrillo for a seadrome on the grounds a seaplane base would rule out residential development of Rancho Carrillo and endanger marine traffic.

Rancho Carrillo is a 232-acre peninsula south of the Naval Amphibious Base and east of the Silver Strand. Coronado officials were advised in September by the Army Corps of Engineers that work on pierhead and bulkhead lines at Rancho Carrillo would be deferred until the city and the Navy coordinated their plans.

STUDIES MAY CONTINUE

Hartman advised Gray that Coronado's studies for the pierhead and bulkhead lines can be continued, now that location of the seadrome has been approved.

Hartman closed his letter to Gray with the assurance that he and his staff will be available any time to discuss the project with Coronado officials.

Rear Adm. A. B. Vosseller, on the eve of his retirement while commander of 11th and 12th Naval District Air Bases, told Coronado Rotarians Aug. 29 that the Navy planned to begin work on the seadrome in six months. He said the job would take 2½ years.

OPPOSITION DEVELOPED

Vosseller also said in the luncheon address that it was hoped the next session of Congress would grant a second appropriation of 22 million dollars with a third and final ap-

propriation of \$7,500,000 to come later.

Six days after Vosseller's disclosure, opposition began to develop. Commodore Ben H. Wyatt, USN, ret., Coronado's harbormaster who had attended the luncheon, appeared before the Coronado council to protest the seadrome site.

He said the seadrome would place the eastern shore of Rancho Carrillo in an "intolerable noise zone, making the area untenable for any purpose."

His recommendation that the lane be moved farther into the bay and angled toward the ocean was referred to the Coronado Planning Commission.

Parents go back to school at high school open house

11/8/56

A Coronado High School "Open House" in which each parent will go through a shortened version of his child's daily schedule has been set for Wednesday evening of next week.

The special "day" is part of

American Education Week activities. The Coronado public schools will concentrate attention on the high school. A program is also planned at Sacred Heart School.

The open house will start at 7:30 p.m., with the ringing of the school bell for the first period. Each of the seven periods will last about ten minutes.

In each class the teacher will describe the purpose of the course, the subject matter and the materials used.

"During the whole week we encourage people to visit classes at any time," Marvin Nottingham, assistant principal, said, "as we do all during the year. And we invite people, whether they have children or not, to come visit us. After all, every taxpayer is a part owner in this enterprise."

Between 100 and 150 parents are expected to take part in the open house class schedule, Nottingham said.

Open house programs are conducted in the public elementary schools during California Education week, which comes in the spring.

Coronado wins Homecoming game; last meet tomorrow against Vista

11/15/56

A penalty for unnecessary roughness halted an Oceanside scoring threat in the last 30 seconds of Coronado High School's Homecoming Game last Friday night and gave the local Varsity team its second straight Avocado League victory.

Final score was 14-7.

John Gomez, Oceanside half-back, plunged over in the first half of the game for the only Oceanside score. Walt Albright, Coronado quarterback, carried over a two-yard plunge to tie up the score.

Harold Tobin, Coronado half-back, added the winning touchdown with a short run from the

five-yard line. Tobin also ran both points after touchdown.

Late in the fourth quarter, Oceanside drove down within five yards of paydirt, when an unnecessary roughness penalty against the visitors' quarterback pulled the ball back to the 18 yard line, ending the scoring threat.

The Coronado Junior Varsity met its first defeat of the season, against a 19-6 score. Quarterback Armando Cisneros carried the only Coronado touchdown.

Tomorrow (Friday) night, Coronado meets league-leading Vista in the final game of the season. The game will be played at Vista.

Music, sports, clubs fill life of cheerleader

11/15/56

A love of music marks Miss Marty Funke, Coronado High School cheerleader, who says she has, "a passion for progressive jazz."

Miss Funke is in the school choir and also sings with a girls' quartet called, "The Four Roses."

MARTY FUNKE

She adds to her list of activities membership in the Booster Club, the French Club, the Senior Tri-Hi Y, and Girls' Athletic Activities, of which she is vice president.

As cheerleader, she was responsible for bringing back the box-pleated skirt as cheerleading costume.

She intends to enroll at San Jose State College after graduation here and plans later to start her career as an airline hostess.

TACKY DAY prize-winners at Coronado Junior High School are, left to right, Pete Summers, Bob Concannon, Donald Conley, Caroline Farewell, Jeanine Chivia, Marlene Herz and Ken McGreevy. The Tacky Day, first in five years, was held last Friday as part of the

school's joining in high school homecoming celebrations. Each home room put on a skit at the noon-time party, a King and Queen were picked, a home-grown pep band from Vincent Clemente's eighth grade class provided music.

Double sessions end; new school rooms set

Double sessions at Central Elementary School will end next week, Superintendent of Schools A. E. Schaefer said Tuesday, as eight new classrooms are opened in a new school wing behind the junior high school.

At the same time Schaefer said he is requesting federal aid for construction of eight additional classrooms at Crown School.

The new rooms at Central School were scheduled to be accepted by the Board of Education from contractor Raymond Whitwer Wednesday morning.

They were built at a cost of \$165,000, of which the federal government paid \$141,120. Bond money voted in Coronado last year provided the remaining \$23,880.

First and second grades here have been on double sessions since September. The new classrooms will hold 264 children from second and third grades, with the classrooms they vacate making room for first graders.

Opening of the new rooms will also mean a remedial reading class can be moved from the high school gymnasium into a regular classroom.

Target date for the end of double sessions is November 28.

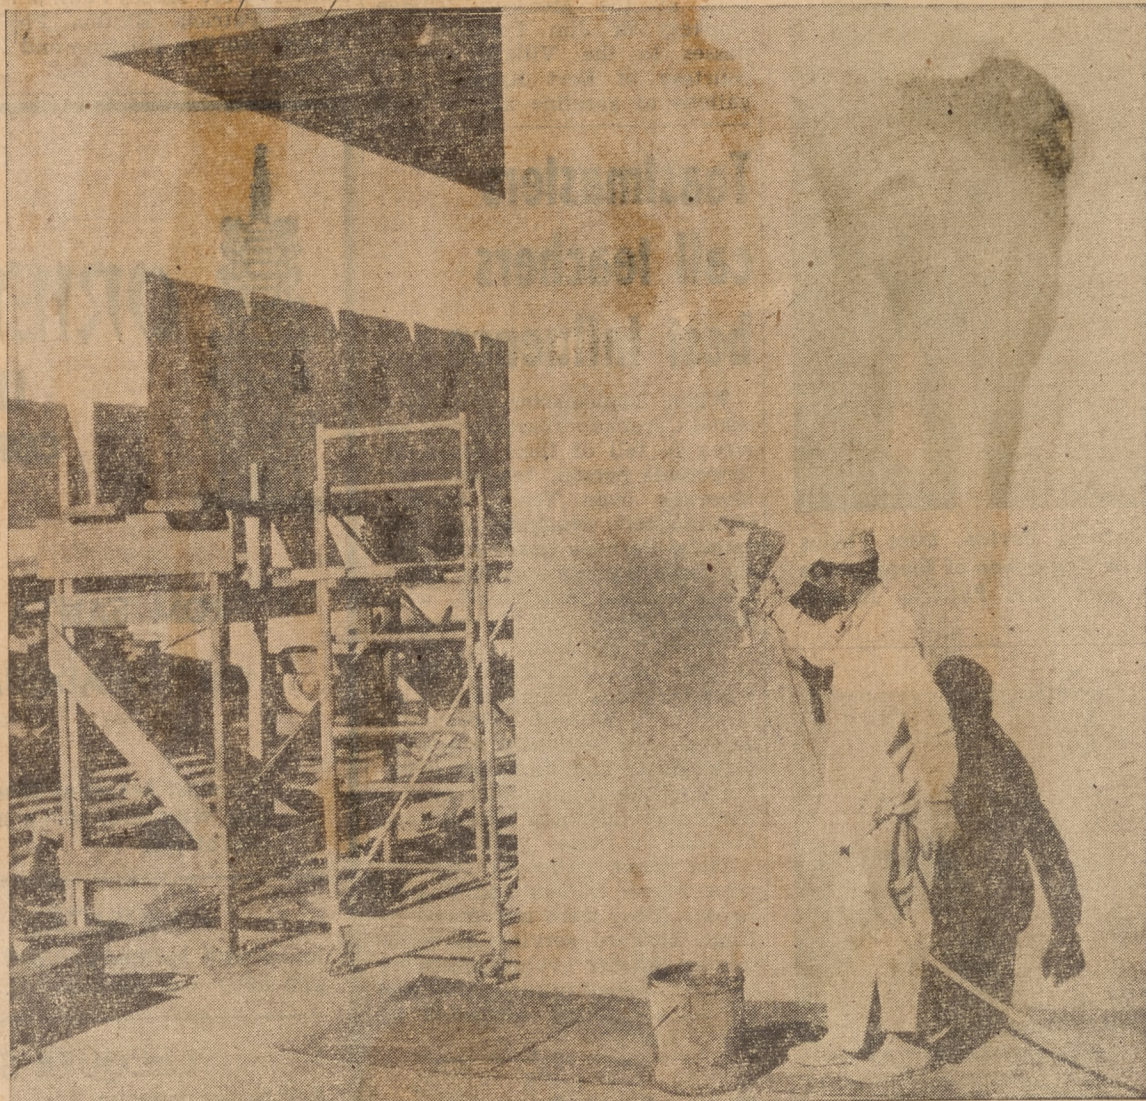

The school district had previously announced plans for an addition to the kindergarten at Crown School. The new program calls for eight classrooms, and lavatory facilities to be built at the other end of the present school, extending northward, and a health unit to go between the present elementary classrooms and the kindergarten.

Total cost of the developments is expected to be about \$208,000.

"Of course we are not sure that the federal grant will come," Schaefer said, "and it may not be as much as we need." The funds for school buildings in military impact areas come under Public Law 815.

Schaefer said the school district will know whether or not to go ahead with the plans by February. Assuming all state approval of plans proceeded without trouble, Schaefer said, construction would begin in mid-March. The classrooms would be completed in the early fall of 1957, but probably not in time for the opening of school in September.

Tentative plans for the Crown School work are being drawn by Paderewski, Mitchell and Dean, architects.

FINISHING TOUCHES to the new classrooms at Central Elementary School were being added early this week. A construction worker is shown

spraying a finish plaster coat on the north wing.

TOMMY LARK PHOTO.

High School visits big success

Nearly 300 parents visited Coronado High School last Wednesday night to go through a shortened version of a school day and to confer with teachers and administrators on high school problems.

Principal Wilfrid C. Seamen reported great enthusiasm over the program, at which only 200 visitors was significant when compared to the total of 500 students in the high school.

Three out of every four --

Seventy-six per cent of all children in Coronado public schools are service connected, a survey just completed by the schools disclosed. This is the highest percentage of Coronado school children in this classification since the schools began such studies.

The school takes a census of students' service affiliations twice yearly. The survey results are used to bolster the requests of Coronado School District for more federal funds for building new classrooms and for other purposes.

A healthy major share of all public school construction costs in Coronado has been paid by the Federal Government, the last such share being \$141,120 of U.S. money received in payment of the \$165,000 cost of eight new classrooms opened in Coronado this week. Coronado paid only \$23,880 of this construction.

The U. S. money comes from appropriations under a school aid program for defense and military impact areas.

Seventeen get diplomas from economics class

Seventeen residents of Coronado who have completed the basic economics course offered by the Henry George School of Social Science held at Coronado High School and conducted by James L. Palmer, received diplomas Tuesday. Graduation exercises were held at Bard Hall, Unitarian Church, 1546 Sixth avenue, San Diego.

Graduates of the class are Cmdr. Damon Cooper, Catherine Deans, Virginia Hatcher, Lt. George M. Hatcher, Lucile B. Hayes, Sally W. Jansen, Elizabeth Nugent, Kathryn O'Bryon Lindsey, Virginia Renaker, Cornelia Schub, Mr. and Mrs. Charles Smith, Melvin L. Schroeder, Dorothy Soderbery, Charles Soderbery, Richard Whitley, and Dr. Elena Whitley Wilson.

High school basketball season opens; squad defending 3 championships

By PHIL ANDREEN

In the first game of their planned march toward a second straight Southern California Interscholastic Championship, the Coronado Varsity basketball team will meet a team from Helix High tomorrow (Friday) in the Point Loma gymnasium. The game (not a league contest) will start at 8:30 p.m.

It will be followed Saturday night in the same gym, at the same time, by a game against Grossmont.

Guards on the team are Mike Luna, Rich Garness, Bob Matthew, Dennis Grimaud; centers are Stan D'Zura, Ron Dot-

son, Pete Davis and forwards are Mike Heyn, Jerry MacVicar, Ronny Rumney, Bill Bacon and Gary Cordova.

Luna, Heyn, Dotson, Garness and Matthews lettered in Bee basketball last year. MacVicar, Rumney, Davis and Grimaud are returning from the Varsity squad, which took the Kiwanis tournament, the league championship and went on to win the Southern California S.C.I.F. trophy.

Although Coronado in past years has usually depended on speed and agility, rather than height, the squad this year sports two boys 6 feet 2, two 6 feet 3 and one 6 feet 4 inches tall.

SPORTSMANSHIP TROPHY won by Coronado High School for the 1956 football season is displayed by Miss Betsy Lahmann, Commis-

sioner of Pep, with Wilfrid Seaman, high school principal and Walt Heinecke, student body president.

Photo by Michaels

High school wins league sportsmanship competition

Coronado High School has been awarded the honor trophy for Sportsmanship during the 1956 fotoball season of the Avocado League. This is the first time the school has taken the sportsman-ship prize in the five years since it was established.

The gold-plated award, the purpose of which is to promote sportsmanship between schools, was received by Wilfrid Seaman, C.H.S. principal at a Parent Teachers Association meeting last week and was awarded to Betsy Lahmann, Commissioner of Pep, in behalf of the school at a pep assembly last Friday.

Judging was based upon courtesy extended visiting schools, co-operation between song and cheer leaders and courtesy between students. A total of 628 points was possible for the season. Last year Coronado lost the trophy by two points.

An important standard of judging was the cooperation between officials and players, players of both teams and both school bands, school officials said.

Students were judged on co-operation with song and cheer leaders, obedience to stadium

regulations, respect for school property and courtesy.

Rowdiness, smoking, drinking, booing and use of noise-makers were judged against student behavior.

Walt Heinecke, student body president, said, "I'm happy and

surprised we have it. We should be able to set a good example to other schools."

Miss Lahmann, to whom the trophy was awarded, said, "We should all be very proud and honored. I hope we can keep the trophy year after year."

Adult classes start here

Adult education classes in Coronado will start their second semester Monday. H. E. Niedermeyer, who directs the program, said today.

Students in the classes will register by coming to the class meetings, which will continue through May 10.

Classes offered:

Art Fundamentals, Junior High School art room, Wednesday night, 7 to 9 p.m.

Arts and Crafts, Youth Center, Wednesdays, 10 a.m. to 2:30 p.m.

China Painting, Youth Center, Fridays, 10 a.m. to 2:30 p.m.

Great Books, this Tuesday and alternate Tuesdays thereafter, Room 6 at the High School, 7 to

9 p.m.

Millinery, Library Park Clubhouse, Mondays, 10 a.m. to 2:30 p.m.

Oil Painting, Youth Center, Mondays, 10 a.m. to 2:30 p.m.

Rug Hooking, Youth Center, Wednesday, 10 a.m. to 2:30 p.m.

Spanish, Room 7 at the high school. Introductory course, Tuesdays, 7 to 9 p.m. Advanced course, Thursdays, 7 to 9 p.m.

Typing, Room 17 at the high school, Tuesdays, 7 to 9 p.m.

Upholstery, Junior High School shop, Tuesdays and Thursdays, 7 to 10 p.m.

There is a registration fee of one dollar for each class.

SENIOR Arlene Giesser was Coronado High School's Girl of the Month for December. She is president of the Art Club and a cheerleader and is also a member of the senior class cabinet, yearbook advertising manager and homecoming queen. She was selected for the honor by the girls' league cabinet.

New teacher at local high school

Richard Courtier, 28, of La Cross, Wisconsin has been added to the staff of Coronado High School as typing teacher. He replaces Mrs. Maria Moe, who has retired.

Courtier is a graduate of the State Teachers' College at Winona, Minnesota and previously taught at Mankato College.

Economics class to start here soon

The Henry George School of Social Science will open classes in Coronado on Wednesday, February 4.

The free discussion groups will meet twice weekly, Monday and Wednesday nights, beginning each time at 7:30 p.m. in Room 3, Coronado High School.

The classes are concerned with economics and government structure. Anyone interested may enroll by attending the classes.

Mrs. Richardson chosen candidate for county-wide Woman of the Year

By ALICIA WEEKS

An outstanding "woman of any year" is the title that could be bestowed upon a Coronado woman who says that "working with the children of Coronado is my main interest."

Mrs. William E. (Betty) Richardson of 767 B avenue possibly is best-known locally as Coronado School Nurse for the elementary and junior high schools, a position she has held since 1944.

She was one of 12 San Diego County women honored last night at a formal banquet in San Diego.

One of this group was chosen "Woman of the Year." The selection was kept a secret by members of the committee of the President's Council of Women's Service Clubs, sponsors of the annual event.

Mrs. Richardson was nominated by the Business and Professional Woman's Club of Coronado. Women were selected for the honor on the basis of service to community, excellence in profession and the setting of high standards of all woman-kind.

Mrs. Richardson came to Coro-

nado from Los Angeles in February of 1941. She and her husband, a mechanical engineer, reside on B avenue where they raised two sons—Bill, an oil geologist now living in Tulsa and Jim, who is with the fire prevention group in San Diego. Both are graduates of Coronado High School.

During World War II, she set up the local Nurses' Aide program and taught classes for the Red Cross in home nursing and first aid. In line with her profession, she has served as health and safety chairman for the Southern District of the BPW and for the tenth district of Los Angeles Parent-Teachers Association, which she also served as president for two years. She has been a member of the Red Cross for 30 years.

Mrs. Richardson is a past-president of the local BPW (1951-1952) and presently is serving as chairman of scholarship in the Southern District and of International Relations for the Coro-

Adult classes

Students may still register for classes in the Coronado Adult Education program, according to H. E. Nidermeyer, director of the program.

Students register by attending classes, for which there is a registration fee of one dollar.

Classes offered:

Art Fundamentals, Junior High School art room, Wednesday night, 7 to 9 p.m.

Arts and Crafts, Youth Center, Wednesdays, 10 a.m. to 2:30 p.m.

China Painting, Youth Center, Fridays, 10 a.m. to 2:30 p.m.

Great Books, February 12 and alternate Tuesdays thereafter, Room 6 at the High School, 7 to 9 p.m.

Millinery, Library Park Clubhouse, Mondays, 10 a.m. to 2:30 p.m.

Oil Painting, Youth Center, Mondays, 10 a.m. to 2:30 p.m.

Rug Hooking, Youth Center, Wednesday, 10 a.m. to 2:30 p.m.

Typing, Room 17 at the high school, Tuesdays, 7 to 9 p.m.

Upholstery, Junior High School shop, Tuesdays and Thursdays, to 10 p.m.

Mrs. Richardson

(Continued from Page 1)

nado group.

She finds time to serve as social chairman for the Coronado Teachers Group and is a member of the California School Nurse Organization and the Art Association. She was instrumental in the establishment of the National Federation of Business and Professional Women in Mexico.

The "good neighbor" policy means more to Mrs. Richardson than just a phrase. Her conception of it may be seen in the newly established Mexican Scholarship, which she created.

A young Mexican woman, recommended by her country and able to pass United States college entrance requirements, is sponsored by the Southern District of the BPW. Her books, tuition and incidentals are furnished through the voluntary contributions of members, with the only obligation on the part of the young woman being to return to Mexico and to use her knowledge in helping to better her country.

Last year a young woman from Mexico City was graduated from USC with a degree in Commerce. She was the first to benefit from the scholarship, which was four years in the planning and took a year and a half to set up.

A bacteriology student from Mexicali is attending UCLA this year under provisions of the scholarship. A.W.

Basketball team scores two more victories for school

By PHIL ANDREEN

Two more victories won by the Coronado varsity basketball team over Escondido, 66-42 and San Dieguito, 45-33, pushed the team nearer to the much waited-for game with league leading Ocean-side.

Lagging behind in the first quarter, Coronado came through with a 26-20 halftime score against Escondido on their own court. With the sound of the final buzzer came the gratification that Coronado is the only team to have beaten all opponents in the league. Ron Rumney wound up with 22 points for the evening, with Mike Luna following closely with 20 points. Rich Garness scored 14 points.

The Coronado Bee team was defeated, 62-46. High point man Paul Whiting, scored 9 points.

Getting off to a slow start, Coronado hit San Dieguito with a 27-16 halftime score and were never pressed during the rest of the game. Mike Luna led in scoring honors, with 13 points, while Rich Garness got 12, Ron Dotson and Dennis Grimaud 7 and Ron Rumney 6 points.

Aggressive Jim Gallagher led the Coronado Bees to victory over San Dieguito, Bees, 42-30. Gallagher's 19 points paced the team

while Rich Diabiti made 10 points. Armando Cisneros was taken out of play when his glasses shattered around his eyes. He was uninjured.

Tonight (Thursday) the Islanders meet Vista, there, for the final game of the season.

Sixth graders study stars

A sixth grade class at the Glorietta School taught by Bert Stites, heard a discussion on the planet Mars, illustrated with colored slides, which was presented yesterday by Rudy Lippert of the San Diego County School Service.

The program, arranged through Dr. William Unsicker, curriculum coordinator, was in connection with the class' study of the solar system.

Another phase of the sixth graders' work has been the preparation of a "Solar system bulletin board," featuring all the planets in their orbits. This project was directed by a committee of students, including Levana Gray, Jim Ortiz, Gordon Parrish, Robert Robertson, Eileen O'Halloran and Jerry Cruz.

Beginners' Spanish course offered

An adult education course in beginners' Spanish will be offered in Room 3 of the Coronado High School.

The course, which will be taught on Tuesdays, will be under Mrs. James Summers who is a substitute teacher. The school has announced that they now have nine enrollments in the class and it is tentatively scheduled to run through May 10.

School safety progress

LAST CALL for bicycle licenses came for Coronado youth last Saturday when more than 500

children lined up to register their bicycles with the police department.

Tommy Lark Photo
Hotel del Coronado Studio

Last October a seven-man committee on school safety reported to the Coronado Parent-Teachers' Association and recommended 17 measures to improve school safety. Just what has been done and who's done it will be reported at another PTA meeting on Tuesday, February 19.

According to the safety committee, these are the accomplishments thus far:

Proposal 1. The schools must give continuous safety programs

throughout the year both in bicycle and pedestrian safety instructions. Cooperation between schools and the police department has led to classtime instruction by the department concerning bicycle riding. Good movies on safety are being shown.

Proposal 2. Informing and instructing parent drivers as to their responsibility in delivering and picking up children.

Proposal 3. Inform the parents

concerning a safe location for parking when picking up or delivering children.

On the two above recommendations, the police department has drawn up a letter and mailed it to parents specifically telling what they can do to improve safety in the community. A portion at the end contains a pledge which parents sign and mail back to the police department stating that they have read and will do

their best to comply with the terms of the letter.

Proposal 4. Stringent police supervision and enforcement. By placing a policewoman at the intersection of Sixth and D avenues the police have tried to give more supervision.

Proposal 5. That no child in kindergarten, first or second grade be allowed to ride bicycles to school.

Proposal 6. That high school drivers be made aware of their violations of traffic regulations in the area of schools. The school says that it can only recommend on these two proposals but cannot enforce them.

Proposal 7. There should be a yellow crossing zone on the corner of Prospect and Third.

Proposal 8. Investigation of the long crossing between the west side of Glorietta boulevard and third street and the school.

The city council has acted on both these requests and corrected the situation.

Proposal 9. There should be teachers supervising children arriving and leaving school. A. E. Schaefer, superintendent of

schools, says this is impossible as the teachers have other duties at that time.

Proposal 10. That the crossing guard at Sixth and Alameda be used to greater advantage at a more heavily trafficked area. The police department acted on this recommendation.

Proposal 11. That proper bicycle parking facilities be installed. Schaefer says this is impossible.

Proposal 12. One teacher in each school must be made responsible for a safety program and training. Schaefer said his principals would be responsible.

Proposal 13. Appointment of a safety committee consisting of representatives from the police department, school board, P.T.A. and the teachers of safety mentioned in proposal 12. After consideration the city council solved the problem by agreeing to appoint a committee of three and have the chief of police act in an advisory capacity.

Proposal 14. A regular police officer to be stationed at dangerous crossings during busy hours, particularly at Fourth and

Coronado girls attend model legislature

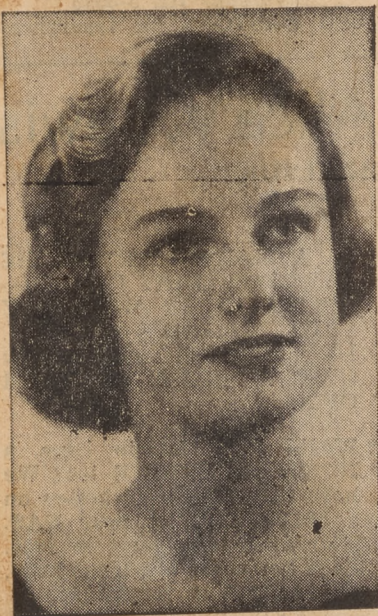

Sue Johnson, 1115 Loma avenue, Coronado High School senior and Pat Moyle, 255 B avenue, Coronado High School sophomore represented their Tri Hi-Y clubs at the YMCA Youth and Government Model Legislature in Sacramento, February 21-23.

The young legislators among eight from the County YMCA Clubs and Mr. W. D. Kinnon, trip advisor, traveled by train Wednesday (February 20) and returned Sunday. Sue is assigned Assembly and Pat to the Senate. A bill designed to provide insurance protection for dependants of persons confined in juvenile and honor camps, was submitted by the girls.

The delegates and their clubs, the Coronado Senior and Intermediate Tri Hi-Ys, have studied state legislature procedures and the subject of their bill. Pre-legislative conferences were held at Pepperdine College and Claremont Men's College for further preparation.

The purpose of the Y program is to train youth leaders in state law making as part of their preparation for adult citizenship.

The Coronado Rotary Club served as co-sponsors of the project through counselling and trip assistance.

SUE JOHNSON was one of the Coronado High School girls who played a part in the model legislature in Sacramento last week.

Local group endorses cigarette, beer taxes to aid state schools

The Coronado Board of Education at its regular meeting last week endorsed three bills presently before the State Legislature which would increase state aid to California schools by approximately 70 million dollars a year and propose new revenues to finance the apportionment program.

The measures endorsed are Assembly Bills 3045, which would increase minimum salaries of fully-qualified teachers from \$3400 to \$4200; 3046, which would

place a tax of three cents per package on cigarettes and 3047, which would increase the tax on beer from two cents a gallon to the national average of ten cents.

A. E. Schaefer, district superintendent, said that these tax proposals merit strong public support, as the proceeds will go to improving our schools.

"Since this additional school revenue, so critically needed now, would come from the broad tax base of the state, it would not be necessary to increase the load carried by home owners," Schaefer said.

He added that beer has escaped with a lower tax in California than anywhere else in the United States. One state levies 42.7 cents a gallon. Taxes on cigarettes are generally accepted as an equitable means of meeting government cost and are used by 42 states.

The Board of Education further urged interested parents and citizens of Coronado to write Senator Kraft and Assemblymen Schrade, Crawford, Luckel and Hegland recommending passage of these bills.

Local graduates score in college

Coronado High School graduates are making better than "B" average grades at Stanford University, according to a report of the registrar received by Mr. W. C. Seaman, high school principal, last week.

The report is based on the six Coronado students who have entered Stanford since 1953. These are John Strohbehn, Dick Stanford, Peter Gerlach, Carl Meyer, Peggy Moser and Frannie Schutt.

This high grade average places Coronado High in the top 13 schools of the 260 California public high schools, represented at Stanford, Mr. Seaman said.

Another interesting fact, according to Mr. Seaman, is that in the top 13 schools only two have more graduates at Stanford than Coronado. Most of the higher averages are based on only two or three students.

Among the private schools in California eight of the 63 have as high or higher averages.

Of San Diego city and county public and private schools only Brown Military, with one graduate enrolled, has an average as high or higher than Coronado's, stated Seaman.

Crown School pupils take trips to demonstrate class studies

Seeing is believing, or so feel many of the pupils of Crown Elementary School who have recently completed various field trips in connection with the classroom studies.

These trips gave the children the opportunity to observe first hand aspects of their current social studies or science units.

The first grade classes of Mrs. Jeanette Cason and Miss Ann Steenbergen furthered their study of the farm and dairy by each spending an interesting morning at the Dairy Mart Farm in San Ysidro. There they saw the cow being milked and the milk bottled and made ready for truck delivery.

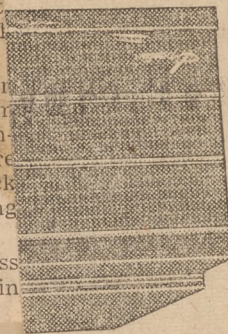

Following the tour, the children watched the making of ice cream and sampled some of it. Accompanying Mrs. Cason's class were Mrs. Robert Danielson, Mrs. Jack Felsman, Mrs. W. D. Kesselring and Mrs. Raymond Neal.

Other mothers going with Miss Steenbergen's were Mrs. Edwin

Brock and Mrs. S. H. Alexander. One of the follow-up classroom activities was the actual making

School business officials schedule annual convention here March 20-22

The 30th annual convention of the California Association of Public School Business Officials will be held March 20-22 at Hotel del Coronado.

Dr. M. A. Hesse, president of the association and business manager of the Glendale Unified School District, will preside over the three-day event which will begin with registration March 20 at 10 a.m. and the first general session at 2 p.m.

Mrs. Grace D. Bush, business manager of the Coronado Unified School District, is chairman of the first evening's entertainment which will be in the form of a style show in the Circus Room. The theme, "Guys, Dolls and Dol-

lies" featuring fashions for the entire family, will be carried out in stage and ramp decorations. Mrs. Lewis Kipperman will narrate the show.

Songs from "Guys and Dolls" will be offered by Miss Peggy Howerton of the San Diego Starlight Opera Company and Danny

Cox. Other numbers will be sung

The committee assisting Mrs. Bush includes Mmes. Nora Fish, Gertrude Jagger, Jerome Crouch, George Geyer, Betty Wright, Betty Leobolti, A. Churchman, Frances Moisseau, Ruth Pfister, Grace Hansen, H. Hughes, Barbara Forrest, Margaret Comstock and Miss Jane Minshall.

Harold G. Hughes, chairman of the San Diego-Imperial section of CAPSBO, is host committee chairman for the convention. Panel discussions will be under the direction of Charles E. Skidmore, superintendent of the Santee School District.

by the CAPSBO quartet and fun provided throughout the evening by Spice's Clown Jewels.

School problems aired at meeting of Residential Association

"Why not pay a bonus to high school science teachers" was the suggestion made from the floor at the Residential Association meeting, March 11, in response to Superintendent of Schools A. E. Schaefer, who addressed the organization on current school problems.

In speaking of hiring teachers Schaefer remarked on the difficulty of finding science teachers for junior and senior high schools.

Schaefer vetoed the suggestion on the grounds that the rest of the teaching staff would resent the preferential treatment for science teachers. A doctor in the audience remarked that the Armed Forces now have a system of paying more to reserve doctors in order to procure them and he

said that the regulars do not resent the higher pay to reserves.

In the portion of his talk dealing with the school budget, Schaefer said if the proposed new taxes on beer and cigarettes do not pass the legislature Coronado will face a school bond election. He quoted the school tax rate for Coronado as \$2.10, which is lower than neighboring communities and emphasized that despite government funds Coronado receives, the school tax rate is too low.

Also on the program was Lt. Gen. A. D. Cooley of the Golf Course Committee, who expressed the hope that no building, however small, will be erected at the course until there is an over-all plan drawn by an architect.

City Manager Col. Earl Ketcham, just returned from Los Angeles where he interviewed Army engineers, discussed Coronado beach erosion and the sea wall, sewage disposal and new methods of clearing the beach as learned at Huntington Beach.

Despite a time conflict with the Concert Association there was a good attendance. The next regular meeting will be in May at the Red Cross building.

First graders' newspaper successful

First graders at the Central Elementary School have been wasting no time starting their journalistic careers.

According to their teachers, they have been turning out copy steadily for the past months as a teaching project in reading and writing.

It works like this: Each child puts down on paper his story idea, using words he knows or looks up in his reading book or is able to sound out.

Then the teacher helps edit the copy and it is dittoed each week in the form of a newspaper and distributed to the class.

Miss Ann Hall, one of the first grade teachers says, "This method has helped gain the interest of the children in reading and writing. All of them have participated at one time or another."

As a sample of what the 6 to 7-year-old set is all excited about, the following item by Charles Kanapicki is submitted:

My family went on a P2V bomber. We went to the cockpit. We turned the steering wheel. We went to see the bombs.

The teachers of the young reporters, in addition to Miss Ann Hall, are Mrs. Wanda Hunting, Mrs. Rose Moore and Miss Ida Fitzgerald.

School district applies for federal funds

The Coronado Unified School District has requested a \$170,845.50 in federal monies for maintenance and operation of schools for the 1956-57 school year.

Under Public Law 874, these monies are to be used for salaries, supplies and upkeep of schools.

Another law, Public Law 815, supplies federal monies for school construction. According to Capt. A. J. Gray, president of the School Board, Coronado has received about a million dollars of these funds in the past five years.

space is necessary for working and storage area at city hall.

The seawall along Ocean Boulevard from Marina avenue to North Beach will be lowered and widened to make it more effective as a runup for waves. This was recommended by Army engineers and will improve the view for residents and visitors along Ocean Boulevard. The work will be done by city workers gradually.

Coronado girls attend model legislature

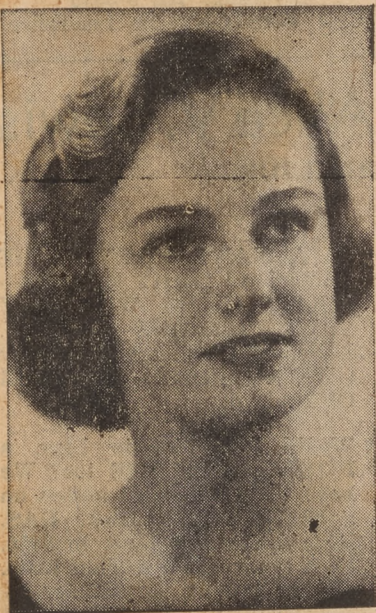

Sue Johnson, 1115 Loma avenue, Coronado High School senior and Pat Moyle, 255 B avenue, Coronado High School sophomore represented their Tri Hi-Y clubs at the YMCA Youth and Government Model Legislature in Sacramento, February 21-23.

The young legislators among eight from the County YMCA Clubs and Mr. W. D. Kinnon, trip advisor, traveled by train Wednesday (February 20) and returned Sunday. Sue is assigned Assembly and Pat to the Senate. A bill designed to provide insurance protection for dependants of persons confined in juvenile and honor camps, was submitted by the girls.

The delegates and their clubs, the Coronado Senior and Intermediate Tri Hi-Ys, have studied state legislature procedures and the subject of their bill. Pre-legislative conferences were held at Pepperdine College and Claremont Men's College for further preparation.

The purpose of the Y program is to train youth leaders in state law making as part of their preparation for adult citizenship.

The Coronado Rotary Club served as co-sponsors of the project through counselling and trip assistance.

SUE JOHNSON was one of the Coronado High School girls who played a part in the model legislature in Sacramento last week.

Local group endorses cigarette, beer taxes to aid state schools

The Coronado Board of Education at its regular meeting last week endorsed three bills presently before the State Legislature which would increase state aid to California schools by approximately 70 million dollars a year and propose new revenues to finance the apportionment program.

The measures endorsed are Assembly Bills 3045, which would increase minimum salaries of fully-qualified teachers from \$3400 to \$4200; 3046, which would

place a tax of three cents per package on cigarettes and 3047, which would increase the tax on beer from two cents a gallon to the national average of ten cents.

A. E. Schaefer, district superintendent, said that these tax proposals merit strong public support, as the proceeds will go to improving our schools.

"Since this additional school revenue, so critically needed now, would come from the broad tax base of the state, it would not be necessary to increase the load carried by home owners," Schaefer said.

He added that beer has escaped with a lower tax in California than anywhere else in the United States. One state levies 42.7 cents a gallon. Taxes on cigarettes are generally accepted as an equitable means of meeting government cost and are used by 42 states.

The Board of Education further urged interested parents and citizens of Coronado to write Senator Kraft and Assemblymen Schrade, Crawford, Luckel and Hegland recommending passage of these bills.

Local graduates score in college

Coronado High School graduates are making better than "B" average grades at Stanford University, according to a report of the registrar received by Mr. W. C. Seaman, high school principal, last week.

The report is based on the six Coronado students who have entered Stanford since 1953. These are John Strohbehn, Dick Stanford, Peter Gerlach, Carl Meyer, Peggy Moser and Frannie Schutt.

This high grade average places Coronado High in the top 13 schools of the 260 California public high schools, represented at Stanford, Mr. Seaman said.

Another interesting fact, according to Mr. Seaman, is that in the top 13 schools only two have more graduates at Stanford than Coronado. Most of the higher averages are based on only two or three students.

Among the private schools in California eight of the 63 have as high or higher averages.

Of San Diego city and county public and private schools only Brown Military, with one graduate enrolled, has an average as high or higher than Coronado's, stated Seaman.

Crown School pupils take trips to demonstrate class studies

Seeing is believing, or so feel many of the pupils of Crown Elementary School who have recently completed various field trips in connection with their classroom studies.

These trips gave the children the opportunity to observe first hand aspects of their current social studies or science units.

The first grade classes of Mrs. Jeanette Cason and Miss Ann Steenbergen furthered their study of the farm and dairy by each spending an interesting morning at the Dairy Mart Farm in San Ysidro. There they saw the cows being milked and the milk bottled and made ready for truck delivery.

Following the tour, the children watched the making of ice cream and sampled some of it. Accompanying Mrs. Cason's class were Mrs. Robert Danielson, Mrs. Jack Felsman, Mrs. W. D. Kesselring and Mrs. Raymond Neal.

Other mothers going with Miss Steenbergen's were Mrs. Edwin

Brock and Mrs. S. H. Alexander. One of the follow-up classroom activities was the actual making of butter by Miss Steenbergen's pupils. They then shared their product on crackers with the other first grade class.

As an activity to introduce a study of zoo animals, the second grade classes visited the San Diego zoo. Accompanying Miss Jane Pennell's class were Mrs. Raleigh E. Rhodes and Mrs. William Garrison, while Mrs. Robert Lemmon and Mrs. E. W. Logsdon went with Miss Joan Karas and her class.

To tell about their trip, Miss Karas's pupils wrote a story which will be part of each child's own booklet containing other poems, pictures, and reports. Miss Pennell's class is painting a large wall mural showing the animals in their natural habitat.

Earlier in the school year Miss Barbara Steere's third grade pupils traveled to Balboa park to visit the Museum of Man where they found the answer to many of their questions about the Southwest Indians.

After lunch the class went to the Museum of Natural History to gather information for their committee reports on wild animals of North America. Both museum tours were preceded by illustrated talks by museum personnel.

Accompanying the class were Mrs. Robert Bothwell, Mrs. Alvin Emig, Mrs. John Gallahar and Mrs. John Winton.

To complete a unit on weather, Marvin Bensley and his sixth graders went to the Fleet Weather Central, Naval Air Station, North Island. Accompanied by Mrs. Max Jack and Mrs. H. B. Meek, the children visited the briefing room, map room, teletype room, and instrument room.

The class observed the release of a weather balloon. Weather maps and lights sent up with the balloons at night were given to each child and the class received a model of the instrument case that is sent up with each balloon.

The trip, arranged by Cdr. Max Jack and Cmdr. E. W. Pate, added much to the children's understanding of the causes of weather changes, the method of accumulating information to predict weather and how this information is dispersed.

School district applies for federal funds

The Coronado Unified School District has requested a \$170,845.50 in federal monies for maintenance and operation of schools for the 1956-57 school year.

Under Public Law 874, these monies are to be used for salaries, supplies and upkeep of schools.

Another law, Public Law 815, supplies federal monies for school construction. According to Capt. A. J. Gray, president of the School Board, Coronado has received about a million dollars of these funds in the past five years.

Schools to gain funds if tax bills are passed

Passage of the State Assembly bills for increased state aid to schools would bring approximately \$90,000 in additional funds to the Coronado Unified School District, stated members of the Coronado Teachers' Association finance committee last week.

"It would take more than a 50 cent increase in local property tax to raise this needed money for Coronado's schools," said the

members of the committee, following a meeting on the pending legislation addressed by Dr. Arthur F. Corey, executive secretary of the California Teachers' Association.

Assembly bills introduced by Assemblyman Geddes (R-Claremont) would:

(1) Increase the state allocation to schools by 15 cents a student a day. The present allocation of \$180 a year a student amounts to about \$1.00 a student a school day.

(2) Increase basic state aid, which each district would receive regardless of its local effort, from \$120 a year a student to \$135.

(3) Increase the minimum salary for fully credentialed teachers in the state from \$3,400 to \$4,200 a year.

(4) Levy a 3 cents a package tax on cigarettes.

(5) Increase the state tax on beer from two cents to the national average of 10 cents a gallon.

Corey said that \$23.41 is now taken out of the present \$180 allocation for district growth, county service funds, special instruction for handicapped students and transportation for students, leaving only \$156.59 a student for distribution to the school districts. He said some districts in the state are growing from 25 to 50 per cent a year.

Corey added that Dr. Paul Strayer, an expert economist at Princeton University hired by the California Teachers' Association to study California's tax structure, reported that state funds would need to be replenished if 70 million dollars more is allocated to state schools.

California is one of only six states in the United States that does not have a cigarette tax. Corey said the three cents a package tax would raise 55 million dollars a year and increase as the population increases.

He also stated that the national average state tax on beer is 10 cents and such a levy in this state would raise 16 million dollars a year. The proposed taxes have been labeled by some opponents as discriminatory but the major opposition will not come from persons who use the commodities or from their manufacturers, Corey concluded.

The Coronado Teachers' Association urges interested parents and citizens to write to Assemblymen Jack Schrader, George Crawford, Frank Luckel and Sheridan Hegland recommending passage of the three Assembly Bills 3045, 3046, and 3047, said Mr. John Baker, president.

PTA to have big meeting tonight at 8

The Coronado PTA will meet tonight at the High School Auditorium at 8 p.m. for its annual business meeting and nomination of officers.

The meeting will be opened by the Junior High School band and the Senior High School choir will give closing selections.

Also on the schedule for this evening is a vote on the establishment of the school safety patrol, the introduction and discussion of state bills on education and a discussion of the reorganization of the PTA into small groups for each school.

School teams win honors

The Laguna Beach Invitational Tropys meet drew many athletes from Coronado High and eleven of them won honors in the annual meet of Southern California small schools of under 800 students.

Varsity-wise, a second place was taken by the relay team consisting of Bo Rifenraf, Hal Tobin, Dan Allen and Dennis Grimaud; Bruce Yates ran for second in the 880, while miler Robin Nowinski won a third place.

The B ranks found Armando Cisneros sweeping the lot in pole vault; Bill Bacon and John Morton winning a second in the high hurdles and a third in the 660 respectively. Brad Holcomb's leap of over 20 feet brought him a first place in the C broad jump, while Dave Anderson captured a third in the 660.

tennis team defeated non-league Escondido last week by a narrow margin of 2 points. Dennis Grimaud received 10 points as he won the 100 and 220.

By a wide margin of 6 to 1, the Garness won 6-2, 6-1, Gary Bunker Chula Vista. Playing singles, Rich Garness won 6-2, 6-1, Gary Bunker 6-4, 6-2, Ed Patterson 6-0, 6-3 and Terry Jones 6-1, 6-2. Doubles team Mike Rutter-Bob Kipperman were defeated 2-6, 4-6, while Phil Andreen-Dennis McCall won 7-5, 6-3 and Don Rider-Joe Zerbini won 6-2, 6-3.

CHOSEN by the Boys' Federation as Coronado High School's Boy of the Month for March is George Freese. He was selected for his work "behind the scenes" as a member of the stage crew in the school's stage productions. 3-28-57

Kay Weisgerber winner of Junior high spelling bee

An old-fashioned spelling bee was held at Coronado's Junior High School last week with eighth grader Kay Weisgerber emerging as the school champion.

At a special essembly held last Wednesday, Kay beat out seventh grader Thorne McCarty for the title and will be awarded a championship cup by the student body. As seventh grade winner, Thorne will also receive a cup and both names will be engraved on a permanent plaque.

The student body is planning

to make the spelling bee an annual event at the junior high school.

Two months of preparation went into the final assembly. Emphasis on correct spelling in written compositions and individual spelling bees in classes led to the selection of a representative from each class to compete in the finals.

Home room champions were Cynthia Sass, Thorne McCarty, Scott Fisher, Ellen Bicknell, Kathe Callister and Marilyn Thompson for the seventh grade.

Eighth grade winners were Ronald Piorek, Kay Weisgerber, Linda Clark, Connie Turner and Betty Harris.

School principal Paul Berry has announced that next year the school hopes to institute a penmanship contest also with some similar award.

4-4-57

Coronado students seek scholarships

Five Coronado High School seniors have been chosen as semi-finalists by the California State Scholarship Commission in their contest.

Dan Allen, Jeanette Dong, Jim Heath, Preston Probasco and Anne Weisgerber will compete.

Seven hundred high school seniors, selected from schools throughout California, will receive the scholarships, which will entitle them to attend any college is accredited by the Western College Association.

Public schools week to be observed with open house

Open house at all Coronado Public Junior High and Elementary schools will highlight the thirtieth annual observance of Public School week, April 29-May 3.

The public is invited to the open house programs which are scheduled for Thursday evening, May 2, from 7 to 9 at Crown, Glorietta and Central Elementary schools as well as the Junior High school. The High school held its open house last November.

Also, all schools will be open for visits during the week, and all adults—not just parents—are welcome. The yearly observances

were originated after World War I to focus attention on the then-neglected public schools.

The High school and Junior High will be open between 8:25 and 3:30 daily with the regular classes in progress. Visitors should come to the school offices at 650 D avenue or 650 E avenue, where students will meet them and conduct them to the class they choose to visit.

The elementary schools have arranged a series of demonstration classes for the week to which parents are especially invited. Parents should come to the school office to be directed to the room

CORONADO HIGH SCHOOL winners in annual San Diego State College Journalism day contests from left to right: Carla Archibald, Kathy Forsyth, Pam Holt, Jan Fahle, Suzie Wilkins and Penne Price.

LAST WEEK Mrs. Hunting's first grade class was very busy completing an Easter art project which included an Easter egg tree, an Easter bunny and a background mural. Working on

Easter project are: Left to right, Vicky Pricado, Eddie Dugger, Mrs. Hunting, teacher, Pamela Price and Stuart Wilson.

JUNIOR HIGH SCHOOL STUDENTS holding their paper mosaics are left to right: Tom

Shephard, Donna Dugger, Scott Knox and Grad Gallup.

Art show is part of schools week

A feature of the Coronado Public Schools week celebration will be the fifth annual public schools art show from 8 to 4 p.m. daily next week in the Central Elementary gymnasium on E avenue.

There will be a special preview showing Sunday, April 28, from 1 to 4 p.m. The exhibition will also be open during the open house, next Thursday evening, from 7 to 9.

The showing includes selected work from all elementary rooms in Central, Crown and Glorietta schools and from the art and art crafts classes of the Junior High and High School, as well as projects from the Junior High shop classes.

The displays were selected as being representative art work. "Special award" ribbons indicate outstanding work at the various grade levels.

SUPERVISED ATHLETICS for the younger students at the Glorietta Elementary school is an important phase of their education. Pictured here is a tumbling session of Mrs. Sarber's

third grade students. Ella Mae Rose demonstrates proper tumbling form to her fellow third graders.

Kippermans to fete graduates at patio party, fashion show

Mr. and Mrs. Lewis Kipperman will hold their seventh annual patio party and fashion show Sunday at 2 p.m. honoring girl graduates of Coronado High, Junior High and Sacred Heart Schools. The afternoon fete will take place in the Kipperman home, 1617 Miguel avenue.

Assisting Mrs. Kipperman are Sylvia McKenzie, Marjorie Brown and Gail Metze, in charge of

models, hostessing and decorations, respectively.

Twelve girls from the high school junior class will model "around-the-clock" wear. The models will be Sally Beauchamp, Anna Boccaccio, Charlene Cannell, Connie Carpenter, Ann Farwell, Connie Kiernan, Sylvia McKenzie, Sally Sears, Statia Stanford, Joan Stphan, Karen Wanless and Susan Wilkens.

The hostesses, selected from the sophomore class, will include Marjorie Brown, Helen Chew, Penne Compton, Kathy Forsyth, Susan Jenkins, Gail Kirkpatrick, Sandy Logan, Mary Jean Moyer, Pat Moyle, Carolyn Reed and Ki Winchester.

Making name cards and decorations are freshman class girls, Margie Baker, Gina Harlan, Sheila Hildreth, Gail Metze, Linda Meyer and Ronna Reed.

Any Coronado girls who are graduating from eighth grade or senior high or from other schools or those who did not receive invitations, are requested to notify Mrs. Kipperman at HE 5-5437.

4/25/57

5/2/57

THE CAST of the senior play, "Down to Earth" to be presented May 10 and 11 at Coronado High School, is shown the script by Miss Bobbie Booth, director. Girls from left to right are

Kathy Creech, Kathy Mann, Miss Booth and Mary Sherman. Boys are Peter Gray, Sandy Milne, Joe Gubler, Chet Alcaraz, Monty Scruggs and Jerry MacVicar.

Science popular in high school

That Coronado high school students are science minded has been demonstrated by two surveys conducted recently by the counselors.

The first reveals that of the present senior class 98 per cent have elected to take at least one year of science, 56 per cent have taken at least two years and 20 per cent have had science for three or more years.

Three of the 89 seniors have taken four years of science. They are Larry Brown, Ginny Long and Tom Winant.

Biology is the most popular science, with 74 students having taken it. Chemistry, general science and physics follow in that order.

The other survey showed that math and science interests rank high with freshmen boys.

The results of the Kuder Interest Inventory administered to all ninth graders earlier this year indicates that 45 per cent of the boys have highest interest in scientific and mathematical occupations.

The girls' interests were fairly evenly scattered with the highest being occupations having to do with social service.

FOUR-YEAR high school science students are: Tom Winant, Ginny Long and Larry Brown.

Schools get \$51,375 from U. S. to build addition to gym

5-9-57

Coronado schools Tuesday got another bite of Uncle Sam's pie. Latest in a long line of federal grants obtained for the Coronado Unified School District was an appropriation of \$51,375, reserved for the district by the federal government.

The money will be used to build an addition to the gymnasium of the ever-growing high school, said Supt. of Schools A. E. Schaefer. To be built are additional locker rooms, showers and sanitary facilities.

Plans for the addition have been completed by Architect Louis Dean. Work is expected to start

almost immediately and the addition completed by October 1. Schaefer nailed down the money on a trip to Washington three weeks ago. He has obtained many other appropriations from the federal government.

CHS teams again bring home wins

5/2/57

By PHIL ANDREEN

Practice and a determination to win has rewarded Dennis Grimaud, as he broke the Coronado High varsity 300 yard dash record last week. His winning time of 32.4 seconds was just under the old record time of 32.5 seconds. The junior is an all-around athlete, lettering in football, basketball and track.

Batting 1000, the tennis team brought its league wins up to 4 out of 4, with two victories over Oceanside 6-1 and Vista 7-0. Winning scores at the Oceanside meet were top-seeded Rich Garness 6-4, 1-6, 6-4; Ed Patterson 6-0, 6-1; Terry Jones 6-2, 6-2; Phil Andreen-Dennis McCall 6-1, 6-2; Don Reiter-Joe Zerboni 6-1, 6-2. Mike Rutter-Bob Kipperman were defeated 2-6, 5-7. Only six games were given away at the Vista meet, as Coronado brought home 84 points.

A new Vista relays mile relay record was last week set by a Coronado foursome consisting of Chuck Treibel, Rin Rumney, Dan Allen and Grimaud, with a time of 3 minutes, 34.3 seconds. Another first place was won in the 440 relay, with Treibel, Dennis Koelly, Hal Tobin and Grimaud doing the honors. Both wins brought home trophies. Other places were a second in the high jump, with the combined jumps of Rumney, Armando Cisneros and Steve Ashworth; thirds in the shotput with Bill Powell, Ron Dotson and John Gasprich putting the 120 low hurdles, Jim Love running shuttle relay, Bill Bacon, Love, Dotson and Rumney hopping the hurdles and the mile by Robin Nowinski; a fourth in the medley relay by Stan Jadovitz, Allen, Bruce Yates and Grimaud.

SHARON SULLIVAN gets down on her knees and begs to Chet Alcaraz in the senior play at Coronado High school, "Down to Earth." The show will be presented tomorrow and Saturday nights.

'Down to Earth' to be presented by high school senior class

"Down to Earth," a comedy fantasy, will be presented by the senior class of Coronado High to-

morrow and Saturday, May 10 and 11, at 8 p.m. in the high school auditorium.

The story is built around three angels who come down to earth to make an aged couple come back to heaven with them. The old woman, however, refuses to leave earth.

Pilone, an angel, is portrayed by Tom Winant in the lead male role. The female lead is Sandra Justice, playing Augusta Applegate. The other two angels are Dan Allen and Mary Sherman. Also in the play are Peter Gray, Sandy Milne, Emily Pugh, Sharon Sullivan, Joe Gubler, Sally Northrup, Kathy Mann, Chet Alcaraz and Marti Funk.

The director is Miss Bobbie Booth and student director Anne Weisgerber.

Furniture for the comedy was contributed by Coronado Warehouse and Supply. Admission will be 50c.

TWO OF THE MALE ANGELS in "Down to Earth" are portrayed by Tom Winant and Dan Allen. They are shown here with equipment no angel should be without—cosmic counters.

Four students win scholarships

Four Coronado High School students were awarded state scholarships worth up to \$600 per year.

The students, Jeannette Dong, Anne Weisgerber, Dan Allen and Preston Probasco won in a competitive aptitude test.

The scholarships may be used in any California college or university accredited by the Western College Association. The purpose of the award is to allow outstanding students of high moral character, good citizenship and a dedication to American ideals, attend private institutions.

High school choir, glee club to sing May 15

The Coronado High School choir and the Girls' Glee club, under the direction of Mrs. Elizabeth Huser, will present their annual spring concert of choral music Wednesday, May 15, at 8 p.m. in the high school auditorium. The concert is open to the public. There is no admission charged.

The program will consist of selections by the choir, the girls' glee club, the combined singers of both organizations and will feature songs by a boys' quartet composed of Ed Lopez, Armando Cisneros, Walter Heinecke and Mike Luna.

Composers represented on this program include Mozart, Clokey, Arcadelt, Lekberg, Will James and Carl Mueller.

Doubts expressed Parents Council on July 4 parade to meet Tuesday

Last week's resignation of Phil Dennler as chairman of the Fourth of July parade has brought up the question of whether or not there will be a parade at all.

At Tuesday's city council meeting, Councilman Lloyd Harmon said that the parade had been tradition in Coronado since 1888 and he definitely wanted to see some kind of parade this year.

The problem was held over for conference at the end of the meeting at which time president of the Chamber of Commerce Wayne Moyer and manager of the organization, Larry Priddy, sat with the council to discuss the problem.

No one volunteered to take the chairmanship of the event but various parade suggestions were offered. Priddy said he would contact some people known to have worked on previous parades and get as much information as he could.

It was pointed out that there are only 55 days until July 4. Some of the suggestions made were outboard boat races, fireworks, a water show and a small parade to produce the best possible day for Coronado.

The Parents' Council of Coronado will hold a special meeting on Tuesday, May 14, at 8 p.m. in the Library of Coronado High School. All parents of teen-age children are urged to attend.

Election of officers for the coming year will be an important item on the agenda. The following slate will be presented: President, J. R. Goodbody; vice president, Capt. Ralph M. Metcalf, USN; second vice president, Mrs. Ralph S. Smyle; secretary, Mrs. A. J. C. Forsythe; treasurer, Mrs. Clarence T. Anderson; directors, Dr. James P. Verneetti, Mrs. Norman Sears, Capt. Frank J. Winant, USN, Mrs. Wm. Parham.

Featured guests of the evening will be Mrs. Corinne Carle, Ben Cohen and F. B. Van Valkenburg, candidates for the school board election of May 17.

The council is a newly formed organization for all parents of teen-age children in Coronado. Its chief function is to provide a common meeting ground for parents of this age group to discuss mutual problems and to cooperate in every way with school and community officials.

Avocado League championship won by Coronado High School track and field teams

By PHIL ANDREEN

Leading by one point at the end of the All Avocado League championship track meet, Coronado high captured the Avocado League championship, contributing seven athletes to the league team and two new league records.

A qualifying meet held two weeks ago permitted the top men in each division to compete in the final, championship meet.

School addition to be built

Five more classrooms will be built this summer to house Coronado's fast growing school population.

The rooms will be at Crown School, on Sixth street. Four will be regular classrooms, one an additional kindergarten room. A small nurse's room also will be built.

When completed Crown School will have 14 regular classrooms and two kindergarten rooms.

School Superintendent A. E. Shafer said the building will be ready by September of this year.

On the All Avocado League first team were first place winners Dennis Grimaud, 220; Robin Nowinski, mile; Chuck Triebel, Dan Allen, Hal Tobin and Grimaud, relay and Ron Rumney, high jump. With a fast time of 1:33, the relay team cracked the league record set by Coronado last year of 1:34.3 and the school record of 1:33.8. Rumney's 6 foot jump broke the standing record of 5 feet, 9½ inches.

Placing in the meet were Bill Bacon, 120 high hurdles; Hal Tobin, 100 and 220; Grimaud and Triebel in the 440; Bruce Yates, 880; Jim Love, 180 low hurdles; Allen and Triebel, broad jump and John Gasparich, shotput. Coronado's 39 points were followed closely by 38's of Oceanside and Escondido. Coronado placed second last year.

Coronado defeated Escondido in tennis, 6-1. Best score of the day was Mike Rutter-Bob Kipperman's victory over the second and third seeded players of Escondido, 6-1, 6-1.

Seen in the Ralph Morton tennis tournament of San Diego were Coronadans Anne Young, Bob Kipperman, Rich Garness, Terry Jones and Phil Andreen.

BUILDING CONTRACT DOCUMENTS ADVERTISEMENT FOR BIDS

Notice is hereby given that the Governing Board of the Coronado Unified School District will receive sealed bids for the furnishing of all labor, materials, transportation, equipment and services for the additions to Crown Elementary School, 201 Sixth Avenue, Coronado, California, until 3:00 P.M., on the 24th day of May, 1957, in the office of the Governing Board of said District, 711 Seventh Street, Coronado, California, at which time and place all bids will be opened and publicly read aloud.

Each bid shall be in accordance with the plans, specifications, and other contract documents now on file in the Office of Robert A. Bradt, Architect, 408 Land Title Building, San Diego 1, California, where copies of the documents may be obtained by depositing \$15.00 for each set of documents so obtained. The amount of the deposit for each set of documents will be refunded to each bidder or intended bidder who returns such set of plans and documents in good condition within five (5) days after the opening of the bids.

Bidders are hereby notified that pursuant to the statutes of the State of California, or local laws thereto applicable, the Governing Board of the Coronado Unified School District has ascertained the general prevailing rates of hourly wages and rates for legal holiday and overtime work in the locality in which this work is to be performed, for each craft or type of workman or mechanic needed to execute the contract which will be awarded to the successful bidder. The rates so determined are as follows:

Trade or Occupation	Per Hourly Diem Wage	Wage Rate
Asphalt Raker and Ironer	\$20.08	\$2.51
Bricklayer	30.00	3.75
Brick Tender	30.00	3.75
Carpenter Journeyman	24.00	3.00
Cement Finisher	24.00	3.00
Concrete or Asphalt Spreader	24.00	3.00
ing Machine Operator	24.00	3.00
Concrete Mixer Operator	21.92	2.74
Skip Type	19.24	2.405
Drivers, Truck, less than 6 tons	19.24	2.405
Drivers, Truck, between 6 and 10 tons	19.43	2.435
Drivers, Transit-Mix, 3		

yards or more	22.28	2.785
Electrician, Journeyman	28.00	3.50
Glazier	23.20	2.90
Grade-All Operator	26.40	3.30
Iron Worker, Reinforcing	25.20	3.15
Laborers, General	18.40	2.30
Lathers	29.00	3.625
Painters	23.52	2.94
Plumbers	28.40	3.55
Plasterer, Journeyman	29.00	3.625
Plasterer, Tender	27.00	3.375
Roller Operator	24.40	3.05
Roofer	24.00	3.00
Screed Operator	23.60	2.95
Soft Floor Layer	24.80	3.10
Sheet Metal Worker	25.20	3.15
Steamfitter or Pipefitter	28.40	3.55
Table Power Saw Operator	24.64	3.08
Tile and Marble Setter and Terrazzo Worker	26.00	3.25
Universal Equipment Operator	26.40	3.30
Window Cleaner	19.60	2.45

The foregoing schedule of per diem wages is based upon a working day of eight hours. Eight hours of continuous employment, except for lunch periods, shall constitute a day's work when a single shift is employed, and 7½ hours of continuous employment except for lunch periods, shall constitute a day's work when two or more shifts are employed. The rate for legal holiday and overtime work shall be not less than time and one-half. The term "holiday" as used herein shall be deemed to mean and include New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas Day.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him to pay not less than the said specified rates to all laborers, workmen, and mechanics employed by them in the execution of the Contract. Each bid shall be made out on a bid form to be obtained from the Architect—Robert A. Bradt, 408 Land Title Building, San Diego 1, California.

Each bid shall be accompanied by a certified or cashier's check payable to the Coronado Unified School District, or a satisfactory bid bond in favor of the Coronado Unified School District, executed by the bidder and surety company in an amount equal to five per cent (5%) of the bid. The said check or bond shall be given to guarantee that the bidder will execute the Contract as specified, and furnish bonds as specified, within three (3) days after notification of the award of the Contract to the bidder.

Attention is called to the fact that a list of proposed sub-contractors must be submitted with the bid.

Preference will be made in the award for California-made supplies, in accordance with Article 2, Chapter 4 of Division 5 of Title 1 of the Government Code.

The Board of Education of the Coronado Unified School District reserves the right to reject any and all bids and to waive any informality in the bidding.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

GOVERNING BOARD OF THE
CORONADO UNIFIED SCHOOL DISTRICT,
CORONADO, CALIFORNIA

Date: May 6, 1957.

Kindergarten registration underway

Pre-registration for the kindergarten classes in the elementary schools for next year is well under way according to Superintendent Schaefer and from all indications kindergarten classes will be full.

Today (Thursday) and Friday are the last two days to register for the school year 1957-1958. This pre-registration enables the schools to more adequately plan for these youngest pupils so if there is one in your family see that he is registered today or tomorrow.

Nothing like a bit of competition — and some publicity — to bring out the vote in a School Board election. Last Friday more citizens of Coronado went to the polls to cast ballots for a School Board member than had ever done so before—a record 821 ballots. At one election for a similar post only 58 citizens bothered to go to the polls. Friday's turnout was a refreshing change. To the winner goes the congratulations of the city, including ours and to the two candidates our thanks for making this one a stimulating race, a real resurgence of the American spirit of free elections.

Cohen attends school board meeting

Ben Cohen, newest member of the Coronado Unified District School Board, attended his first meeting of the board last night.

Cohen was elected in a school board election last Friday which saw a record turnout of 821 voters at the polls which were open from 7 a.m. to 7 p.m.

Four hundred and forty-one of the votes were for Cohen, 308 for the incumbent Corrine Carle and the remaining 72 for Franklin B. Van Valkenburgh.

The previous record for the number of voters at the polls was in 1943 when 442 turned out to cast their ballots.

Betsy Lahmann to reign as queen at Spring Prom

Crowning of the Beauty Queen and presentation of her court will highlight the annual Spring Prom of Coronado High School tomorrow from 8 to 12 p.m. in the Circus room of Hotel del Coronado.

Betsy Lahmann, selected Beauty Queen by popular vote of the student body, will be crowned by Walt Heinecke, student body president and Most Popular Boy. The coronation is scheduled for 9:30 p.m.

The queen's attendants, each of whom will walk through a large hoop to be presented, include Arlene Giesser, maid of honor;

Marjie McKechnie, Patti Collis, Sally Sears, Susan Johnson, Barbara Davis, Marty Funke and Sharon Sullivan.

A pink motif will predominate at the Prom, which is sponsored by the ex-committee of the high school, under the chairmanship of Jeanette Dong.

2 teachers get scholarships, one in science, one in engineering

Two Coronado teachers have received scholarships for summer study in science and engineering, it was announced by Superintendent A. E. Schaefer.

John C. Baker, Junior High science teacher, will attend the Institute for Science Teachers at the University of California, Berkeley, on a scholarship sponsored by the National Science Foundation.

The program of studies will include modern concepts in physics, chemistry, biology and mathematics, with field trips to radiation, seismological, and biological laboratories.

Ben Cooper, High School math teacher, has been awarded a scholarship to the Pre-Engineering Workshop sponsored by the Claremont Colleges at Claremont, California.

The Claremont workshop is to provide a background in engineering for high school math and science teachers so they may guide their students regarding the occupational field and may introduce appropriate engineering material into their courses.

Field trips and demonstrations of current engineering concepts will be part of the course.

Rowena Hisey to graduate

A new record will be set at San Diego State this June 14 when the largest number of graduate students in the college's history will receive Master of Arts and Master of Science degrees during commencement exercise, President Malcolm A. Love has announced.

Although the Master of Science program is only a year old on the Aztec campus, 11 graduate students will have the degree conferred upon them during the exercises which begin at 10 a.m. in the Outdoor Theater and 123 students will have the Master of Arts degree conferred upon them.

Featured speaker for the occasion will be Marshall F. McComb, an associate justice of the State Supreme Court.

Candidates from Coronado for the Master of Arts degree are: Rowena Bock Hisey, 474 G avenue, education.

REIGNING AS BEAUTY QUEEN of Coronado High School at tomorrow night's annual Spring Prom in Hotel del Coronado will be Miss Betsy Lahmann. (Story on page 7).

High school graduates celebrate with parties

Climaxing four years of effort with a satisfying collection of honors and awards, Coronado high school seniors' "Blast Week" will be long remembered by '57 grads.

Parties and celebrations were topped last Friday evening's graduating ceremonies in the high school auditorium and the night of fun that followed.

Events began about 10:30 at the L. E. Hansen home at 711 A avenue. A parents committee had prepared the spacious residence and garden with beautiful decorations fitting the occasion.

A six-piece band played for dancing. Entertainment was by Margarita and Clark Allen with authentic Spanish dances and songs. Color was added by impromptu 'interpretations' by grads Mike Luna, Mundo Galvan, Sara Blakely and others. Pingpong, pin ball, 'apache' portraits and dancing both indoors and out were most popular.

Tastefully decorated rooms included: The College room, with pennants of all colleges to have our people next year, as well as for traveling, marriage, etc.; the Aloha room, with the Hawaiian motif carried even to the dress of the committee of parents; the Fiesta patio, with dancing and entertainment in a beautiful and spacious lighted garden.

The buffet supper with chicken-ala-king as the entree was served from a table decorated with a Hawaiian palm frond centerpiece. Approximately eighty-five percent of the class was in attendance at the Hansen home.

At approximately 2:30 a.m. the scene of activity moved to the Officers club at the Naval Air Station for the swimming and pool party. This was both relaxing and invigorating, with cocoa being served to balance the energy expended.

By 4:30 a.m. the crowd was back

in Coronado for breakfast at the 24 Hour Cafe, reserved to satisfy the ever present appetites of our new adults. The over-all chairmen, including Mrs. Leo Hansen, Mrs. Ralph Smyle and Mrs. Frank Winant were still with the group, coordinating the efforts of the several parents committees who made graduation night a never-to-be-forgotten climax to an outstanding year.

Recreation Department sets up summer program for all ages

The Coronado Recreation Department has announced its summer program for 1957 which will officially begin on June 17 and conclude on August 31.

Central Beach will have life-guard service from 10 a.m. to 6 p.m. daily throughout the summer.

The recreation center at 706 Sixth street will be open mornings from 9 a.m. to noon for boys' and girls' sports programs including baseball, softball and organized games on Green field. This is open to boys and girls between 9 and 12 years old, who may enroll in these programs.

Afternoon sessions from 1 to 5 p.m. will consist of arts and crafts, story telling, music, community sings and group games.

Wednesday evenings from 7:30 to 10 p.m. planned social activities for junior high school age available and Friday evenings from 8 to 11 p.m. social activities for senior high school students will be held.

Supervised play from 9 a.m. to noon and 1 to 5 p.m. will be scheduled for the Glorietta school playground. Arts, crafts, special events, games and tournaments have been planned.

Tennis instruction will be offered to children Tuesday and Thursday mornings on the high school tennis courts and a summer basketball league open to adults will be held at 6 p.m. on

cial activities. At present the group is hoping to have barbeques, dances, hayrides and day time beach parties.

July 22 through the 26th is Coronado week at Camp Cuyamaca and boys and girls from 10 to 13 may attend. Information and application blanks may be obtained from the recreation department.

Special events for each Friday afternoon throughout the summer have been planned. The schedule is: June 21, bicycle carnival; June 28, pet show; July 5, treasure hunt; July 12, costume show; July 19, children's circus; July 26, doll show; August 2, talent show; August 9, open; August 16, open; August 23, handicraft exhibit and August 30, picnic.

A series of four band concerts are planned for August through a cooperative arrangement between the recreation department and the Musician's Association Local 325.

Members of the recreation commission are John Roper, chairman; Paul Berry, Mrs. Chytr Mrs. W. G. Farrell, Harry Hea and Marvin Hamm, recreation director.

Letters to the Editor

Dear G. K.:

May I take this opportunity to thank you for the fine school coverage that you have afforded us this past year. I would like to thank you particularly again for the excellent coverage you have given our graduating class. It is always a thrill for these young men and women to be recognized in such a manner.

Sincerely yours,
W. C. Seaman, Principal.

Council denies housing plea

(Continued from Page 1)

the subject was a matter of discord, but a community responsibility as well as a Navy one.

Karp said the letter pinpointed the problem exactly. He said that if the council was to recognize its obligation in the agreement it had acted erroneously in voting to tear down the housing. He asked just how far the contract went and added the courts may have to decide.

From a business point of view, said Karp, the taxpayer of Coronado has a right to complain, for there is no definite plan to return the lost income to the city.

Councilman Robin Goodenough offered a substitute motion when Councilman Beverley Harrison moved to refuse the petition and suggested that the council fulfill the contractual obligation and sit with Admiral Hartman and reach a mutual conclusion on the problem of housing. The same old 3 to 2 vote defeated the motion—Councilman Goodenough and Vestal, aye and Councilmen Harmon, Harrison and Gray, no. The motion to reject the petition was by the same lines that has marked the controversy—3 to 2.

In his remarks concerning the motion, Goodenough pointed out that were it not for money derived from the housing Coronado would have no golf course, swimming pool, library addition or jail. He said, "we have received a great deal from the Navy and given nothing in return."

He added that he believed that the "arbitrary action of the council can seriously interfere with negotiations for the future of the land." Goodenough said that if the city had not fulfilled its obligation to the Navy, then why would an individual or corporation want to do business on the same land.

One councilman admitted that the three members of the council who first voted to tear down the housing had never asked for an opinion from Coronado City Attorney J. R. Goodbody as to the legality of their action so far as the agreement with the United States government is concerned.

Karp, in his plea for the housing residents, told the council that it is the group's contention that the council is legally and morally bound because of the conditions of the resolution passed in November, 1953, accepting the housing.

He said the then Mayor Lloyd Harmon had opposed certain features in the transference of property but the resolution had been voted. Councilman Harmon sat silent when the matter of the agreement was discussed by Lawyer Karp, who had referred to Harmon as the man who carried the ball for the city.

Karp read into the meeting records a letter from Mayor Coleman Gray and his answer from Admiral C. C. Hartman. Gray said in his letter to Hartman that only Coronado Homes were being torn down and that the council had accepted the report of an official city committee on the subject in making its decision. Gray called those who sought Tuesday's hearing "agitators" and said they were breeding discord.

In his answer Hartman said the housing situation for Navy personnel is "desperate" and pointed out that more than 1,390 families were now seeking housing in the area. He agreed that housing tenants were not being evicted from Coronado housing, but said that the tenants are facing the trouble and expense of moving apartments. Hartman said he did not believe

the merchants' display tent, which will offer for inspection some of the latest developments in modern living and industrial wares.

A highlight of Saturday morning will be the crowning of the winner in the Miss North Island queen contest at 11 o'clock. She and her two attendants, chosen from a field of the 12 leading candidates, will receive valuable prizes and trophies.

Monte Hall, San Diego's cowboy star, will appear with his Tiny Town Ranch in a television cast from the carnival grounds from 10:30 to 11:45 a.m. Saturday, June 22.

ousing plea; presented

MORE THAN 250 PEOPLE from municipal housing crowded into City Hall Tuesday for the public hearing which was held to consider the petition signed by more than 1300 tenants request-

ing that the Council revoke their decision to tear down the housing. In the front row, extreme right, is Lawyer Louis Karp who presented the case for the tenants.

Tommy Lark Photo—Hotel del Coronado Studio

WHILE TENANTS filed their petition with city hall, the Golden Gate House Moving Company proceeded in their task to tear down the first

five buildings in housing. This one, on the corner of Mullinix Drive and Glorietta boulevard was one of the first to go.

Tommy Lark Photo—Hotel del Coronado Studio

The same 3 to 2 vote which began the demolishing of municipal housing turned down a petition signed by more than 1300 tenants of Coronado Homes requesting that the city reconsider and revoke its razing order of the 63 dwellings scheduled for demolition in the next year and a half.

Represented by San Diego Attorney Louis Karp, more than 250 of the housing tenants attended Tuesday's City Council meeting to hear their pleas discussed.

After the refusal, Karp said he would refer the matter to the Commandant of the Eleventh Naval District, Rear Adm. C. C. Hartman and to the Public Housing Administration to establish whether or not the legal and moral intent of the resolution which was passed by City Council in 1953 accepting the housing project from the Navy had been fulfilled. Assuming that they have not been, Karp will then take the matter to court and seek an injunction restraining further demolition.

6/21/57

Letters to the Editor

Dear G. K.:

May I take this opportunity to thank you for the fine school coverage that you have afforded us this past year. I would like to thank you particularly again for the excellent coverage you have given our graduating class. It is always a thrill for these young men and women to be recognized in such a manner.

Sincerely yours,
W. C. Seaman, Principal.

Council denies housing plea

(Continued from Page 1)

the subject was a matter of disorder, but a community responsibility as well as a Navy one.

Karp said the letter pinpointed the problem exactly. He said that if the council was to recognize its obligation in the agreement it had acted erroneously in voting to tear down the housing. He asked just how far the contract went and added the courts may have to decide.

From a business point of view, said Karp, the taxpayer of Coronado has a right to complain, for there is no definite plan to return the lost income to the city.

Councilman Robin Goodenough offered a substitute motion when Councilman Beverley Harrison moved to refuse the petition and suggested that the council fulfill the contractual obligation and sit with Admiral Hartman and reach a mutual conclusion on the problem of housing. The same old 3 to 2 vote defeated the motion—Councilman Goodenough and Vestal, aye and Councilmen Harmon, Harrison and Gray, no. The motion to reject the petition was by the same lines that has marked the controversy—3 to 2.

In his remarks concerning the motion, Goodenough pointed out that were it not for money derived from the housing Coronado would have no golf course, swimming pool, library addition or jail. He said, "we have received a great deal from the Navy and given nothing in return."

He added that he believed that the "arbitrary action of the council can seriously interfere with negotiations for the future of the land." Goodenough said that if the city had not fulfilled its obligation to the Navy, then why would an individual or corporation want to do business on the same land.

One councilman admitted that the three members of the council who first voted to tear down the housing had never asked for an opinion from Coronado City Attorney J. R. Goodbody as to the legality of their action so far as the agreement with the United States government is concerned.

Karp, in his plea for the housing residents, told the council that it is the group's contention that the council is legally and morally bound because of the conditions of the resolution passed in November, 1953, accepting the housing.

He said the then Mayor Lloyd Harmon had opposed certain features in the transference of property but the resolution had been voted. Councilman Harmon sat silent when the matter of the agreement was discussed by Lawyer Karp, who had referred to Harmon as the man who carried the ball for the city.

Karp read into the meeting records a letter from Mayor Coleman Gray and his answer from Admiral C. C. Hartman. Gray said in his letter to Hartman that only Coronado Homes were being torn down and that the council had accepted the report of an official city committee on the subject in making its decision. Gray called those who sought Tuesday's hearing "agitators" and said they were breeding discord. In his answer Hartman said the housing situation for Navy personnel is "desperate" and pointed out that more than 1,390 families were now seeking housing in the area. He agreed that housing tenants were not being evicted from Coronado housing, but said that the tenants are facing the trouble and expense of moving apartments. Hartman said he did not believe

(Continued on page 12)

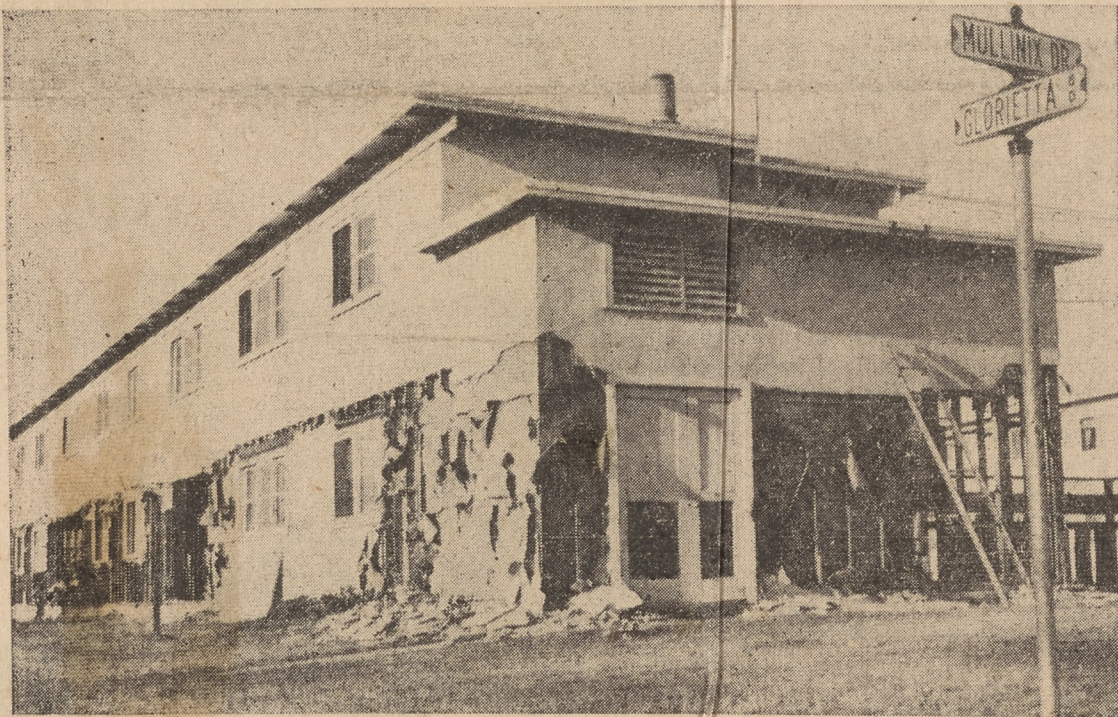

Council refuses housing plea; same old 3-2 vote presented

6/21/57

Council modifies housing stand

Vacancies in municipal housing will be filled and the 31 buildings originally scheduled to be torn down by January 1, 1958 will not be completely razed until July 1, according to a vote taken by the city council Tuesday.

Another 3 to 2 vote was recorded on the issue with the tide turned and Councilman Lloyd Harmon voting with the team of Goodenough and Vestal.

Harmon said the motion which was passed and stated in his move that only the original five buildings now in the process of being torn down be completed until the appraisal of the land by Marshall and Stevens is completed. He added that vacancies should be filled subject to 30 notice and that the 26 remaining buildings scheduled to be torn down this year be torn down in this fiscal year.

Harmon said he realized the financial problem the city has, and

does not want to see a great many vacancies in housing because the city would lose money unnecessarily.

Foster Bryant, speaking from the floor, remarked that Councilman Harmon's motion will put Coronado in the position of being a landlord with eviction power.

To this, Councilman Robin Goodenough asked that the word military be added to the motion so that only military personnel would be allowed to move into housing. He added that since the

city had voted a living wage to its employees for the coming year there is no reason why they should have to live in housing.

It was assured by City Manager Earl Ketcham that no problems will be incurred in vacating housing when the time comes. He said the turnover is great enough so that the vacancies will occur automatically.

City Attorney J. R. Goodbody is preparing a resolution to this effect to clarify the present stand of the council.

THOMAS WINANT, son of Captain and Mrs. Frank I. Winant, USN, 1125 Alameda is the only member of the Coronado high school, 1957 graduates to be appointed to the U. S. Naval Academy. He leaves today for Annapolis, Md., to start his Plebe summer.

NOTICE TO CONTRACTORS INVITING BIDS

NOTICE IS HEREBY GIVEN that the Coronado Unified School District of San Diego County, California, acting by and through its Governing Board, hereinafter referred to as the District, will receive up to, but not later than 12:00 o'clock noon on the 29th day of July, 1957, sealed bids for the award of a contract for Asphalt Surfacing of Playground area Crown Elementary School. Addition to present area, 201 6th Street, Coronado, California. Such bids shall be received in the office of the Superintendent of Schools of said District in District Office, 911 7th Street, Coronado, California and shall be opened and publicly read aloud at the above stated time and place.

Each bid must conform and be responsive to this invitation, the Information for Bidders, the Specifications, the Plans, and all the other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and may be obtained in the office of the Superintendent of said board at the above address.

Each bid shall be accompanied by a certified or cashier's check payable to the District, or a satisfactory bid bond in favor of the District executed by the bidder as principal and a satisfactory surety company as surety, in an amount not less than 10% of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the contract if he is awarded to him in conformity with the Contract Documents, and shall provide the surety bond or bonds as specified therein within five (5) days after notification of the award of the contract to the bidder.

The District reserves the right to reject any or all bids or to waive any irregularities or informalities in any bids or the bidding. Preference will be made in the award for California made supplies pursuant to Sections 4330 to 4334, inclusive, Government Code.

The District has determined the prevailing rate of per diem wages in the locality in which this work is to be performed for each craft or type of workman needed to execute the contract, which will be awarded to the successful bidder, to be as follows:

Trade or Occupation	Per Diem Wage	Hourly Rate
* Foreman	\$27.40	\$3.425
* Cement Mason Roller	25.40	3.175
* Screed Operator	25.40	3.175
* Cement Mason Color	25.40	3.175
* Work	25.80	3.225
** Asphalt Raker	21.52	2.69
** Common Laborer	19.84	2.48
** Truck Driver 5 yards	21.28	2.66
** Truck Driver 8 yards	21.28	2.66
* Barber Green Spreading	27.76	3.47
* Machine Operator	26.48	3.56
* Motor Grade Operator	26.48	3.56
** Water Truck Driver 2900 gallons	21.52	2.69
* Health and Welfare	40c per hour	
** Health and Welfare	7 1/2c per hour	

The foregoing schedule of per diem wages is based upon a working day of eight (8) hours. The rate for legal holiday and overtime work shall be at time and one-half the hourly wage rate prescribed hereinafter. The per diem rate divided by the aforementioned number of hours constitutes a working day.

It shall be mandatory upon the Contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen, and mechanics employed by them in the execution of the contract.

Attention is called to the fact that a list of proposed subcontractors must be submitted with the bid.

No bidder may withdraw his bid for a

period of thirty (30) days after the date set for the opening of bids.

BEN COHEN,
Clerk Governing Board Coronado Unified School District, San Diego County, California.
Publish in Coronado Journal (31) July 11, 18, 25, 1957.

FIRST HOUSING UNITS GO

Removal of the Housing Project started Tuesday as the first building was raised from its foundation and hauled to Tijuana.

George Stanford, housing manager, said four more buildings, each containing four units, will be moved this week. He said the structures are being hauled over Silver Strand Highway between 9 a.m. and 2 p.m. with police escort.

The structures face Glorietta boulevard. Stanford said they are buildings No. 1, 58, 59, 60 and 61. City Manager Ketcham said

the Golden State House Movers of Chula Vista have paid the city \$403 for each building. He said they have agreed to break concrete slabs and walls and use the material to strengthen the shore of Glorietta Bay.

The City Council in March voted to remove 26 buildings in the project this year and the remainder next year. Ketcham said he would need council authorization to advertise for eliminating more buildings.

RAAdm. C. C. Hartman, commandant of the 11th Naval District, has protested abolition of the project. He said more than 900 Navy families are waiting for housing in Coronado.

School budget hearing Aug. 6

A school budget of \$1,165,359 will be subject of a public hearing August 6 at 8 p.m. in the board room of the Coronado Unified School District, 911 Seventh street.

The budget is off slightly from last year's \$1,221,736. It covers the operation of all public schools in the City of Coronado for the fiscal year 1957-58.

School budget hearing Tuesday

The school budget for the fiscal year 1957-58 will be discussed at a public hearing Tuesday, August 6 at 8 p.m. in the board room of the Coronado Unified School District, 911 Seventh street.

The budget is \$56,377 shorter than last year's. It covers the operation of all public schools in the City of Coronado.

School Aid Bill Killed In House By 5 Votes

7/24/57
SDU

Integration Issue Leads To Defeat

WASHINGTON, July 25 (AP) — The 1½ billion dollar school aid bill, which had an "acceptable" label from the White House, today was killed in the House.

This was the second year that the House has rejected an aid bill, and the pattern of destruction was the same — adoption of an anti-segregation amendment and then rejection of the whole thing.

The final vote was closer this year — 208-203 as compared to 224-194 last year.

On the final test, 111 Republicans and 97 Democrats voted to kill the bill. Against killing it were 126 Democrats and 77 Republicans.

The antisegregation amendment was offered by Rep. Wainwright (R-NY), over administration opposition. Mr. Eisenhower had asked that what he called the separate problem of racial integration not be thrown into the school aid controversy.

Wainwright proposed that no federal funds be used to help schools in districts which do not comply with the Supreme Court's ruling against segregation.

'RANKEST HYPOCRISY'

"It is the rankest hypocrisy," Wainwright told the House, "to vote civil rights with one hand and put up the other the next day to take these precious rights away."

The Wainwright amendment was adopted on a standing vote of 136-105. The House thereupon voted 153-126, again on a standing vote, to kill the whole bill.

This standing vote had only tentative status, and Rep. Smith (D-VA) moved for a roll call vote to strike out the enacting clause of the bill, thus killing it finally.

Smith's motion prevailed 208-203.

A veteran congressman who asked not to be quoted by name said the wide difference in the total unrecorded vote with the Smith motion was due to the fact that many southerners were off the floor. He said they had left so as not to be recorded on the segregation motion.

Voting in favor of striking the enacting clause were Rep. Utt (R-Calif) and Rep. Bob Wilson (R-San Diego). Voting against the motion was Rep. Saund (D-Calif).

Rep. McCormack (D-Mass), the House majority leader, twitted the Republicans. He said 57 per cent of the Democrats voted to keep the bill alive and 59 per cent of the Republicans voted to kill it.

Bill On School Aid Killed By 5 Votes

(Continued from Page 1)

is always easier to vote down a new program than to trim an old one. This spring, the House Education Committee reduced the money in the program from two billion dollars to 1½ billion in hopes of offsetting the economy talk.

Even so, the 1½ billion was more than Mr. Eisenhower had recommended. He had asked a four-year program of 325 million annually a total of \$1,300,000,000.

On Tuesday — the day the House began debating the school aid bill — President Eisenhower passed word through Rep. Martin (R-Mass), the House minority leader, that he was "not entirely satisfied" with the bill as it stood.

Later on Tuesday, the White House news secretary, James Hagerty, said Mr. Eisenhower "would like very much to have a school bill" and would accept the one before the House.

Folsom, Secy. of Welfare, still later on Tuesday, said it was this bill or none and "on the whole it is a good bill."

"It presents the only real opportunity for effective action this year to help meet the classroom needs of our children," Folsom said.

FOR CLASSROOMS

The bill would have authorized 300 million dollars a year for five years in federal grants to help states build classrooms. The distribution would have been half on the basis of state needs, half on the basis of school age population. The states would have had to match the federal outlays.

Few members of the House ever accorded the bill much more than a 50-50 chance of passage, there were so many powerful influences against it.

These influences included the 1957 economy drive — it

(Continued on a-3, Col. 1)

Tax raise asked by School Board

An increase in the Coronado school tax rate was called for Tuesday night at the same meeting where the School Board adopted a budget of \$1,161,644, down \$56,000 from last year.

The board will take up the matter of an election to increase the school tax rate when it meets in September. An election is necessary because the district tax is now at the legal limit of \$1.65.

Mounting costs and declining revenues were cited by the board as reasons for seeking a higher tax rate. The board said that while assessed valuation in Coronado had increased "student assessed valuation has gone down." Explanation of this is that assessed valuation, insofar as school income is concerned is based on the number of children. Student population in Coronado has risen faster than assessed land and property valuation, thus throwing the finances of the school district out of kilter, said A. J. Gray, board chairman.

Gray added that Coronado school salaries are "comparable in the first few years of service, but that in the higher echelons of teachers (high school) our pay scale is lower than in surrounding communities," which may be another reason for the board seeking an increase in the tax rate.

Registration in public schools starts Monday

Registration for pupils attending Coronado Public Schools begins Monday, August 19, 9 a.m. to 4 p.m.

School authorities advise parents to register their children at the school where they will attend, that is, Junior High School, Central Elementary, Crown School, or Glorietta School.

Opening session for the school year 1957-58 is Tuesday, September 3. Early registration is encouraged. Birth certificates are required for enrollment.

Pupils who were in attendance in the Coronado Schools at the end of the school year last June need not register, authorities said. They will receive a notice of their room assignments before the opening of classes.

The boundary line between Crown School and the Central Elementary School will not be designated until a pupil survey is made. This may, in some instances affect the school where a child attends.

School assignments will be made by mail

Public school pupils who were enrolled last June will receive post cards on August 31 giving their room assignments for the opening of school.

Meanwhile, registration continues at all schools from 9 a.m. to 4 p.m. for the term beginning Tuesday, September 3. All children who attended at the close of school in spring will receive post cards if they have not changed address or requested transfer. Those who have changed local address should go to the office of the school they will attend for instruction. A birth certificate is necessary.

Adult class to begin soon

As in several years past, a course in elementary economics will be offered in Coronado, starting September 16, by the Henry George School of Social Science of San Diego. This course has proved attractive to many Coronadans.

The course is free, and textbooks are furnished without cost. First session will be Monday, September 16, at the High School, and will continue with classes each Monday and Wednesday evening for a total of ten meetings.

Adults interested are invited to attend the first class.

NOTICE FOR BIDS FOR TRANSPORTATION CONTRACT

Notice is hereby given, pursuant to Section 16252 Education Code, that sealed proposals will be received at the office of the Board of Education of the Coronado Unified School District, located at 911 7th Street, Coronado, California, on or before the 23rd day of August, 1957 at the hour of 12 Noon, for the transportation of (1) faculty and students from one of more schools of the Coronado Unified School District to various school events, and (2) pupils to and from schools of the Coronado Unified School District on such days when said school events are held, from the date of the award of contract to June 30, 1958, in accordance with the terms and conditions hereinafter set forth.

1. All transportation must be by motor vehicles equipped and operated in accordance with the California Vehicle Code and the Rules and Regulations of the State Board of Education of California.

2. Insofar as it can lawfully do so, the Contractor will save the District from any liability or claim arising from the transportation of students and faculty.

3. Complete details of routes, schedules and the form of contract which the

successful bidder will be required to execute with the District may be examined at the Superintendent's Office of the District.

4. The Board of Education of the Coronado Unified School District reserves the right to reject any and all bids.

Board of Education of the
Coronado Unified School
District, San Diego County,
California.

BEN COHEN, Clerk.

(Publish in Coronado Journal (21) August 8, 15, 1957)

Coronado schools list new teachers

The Coronado Public School System will have 36 new teachers when school begins here September 3, Superintendent A. E. Schaefer said today.

At the high school where 500 students are expected to register, there will be three replacements and three additions to the staff.

Replacements are: Science, Richard DeLong, M. A. Drake University; commercial department, Lyman Humann, M. A., Colorado State College; girls' physical education, Doris Quade, University of Missouri.

Additions are: Mathematics, Charlotte Sander, M. A., University of Arizona; history-English, Charles Feeser, M. A., Ohio University; and basketball coach, physical education, and world geography, John Buriff, M. A., Miami University, Ohio.

Buriff coached a basketball team in Ohio, which was runner-up Ohio state champions. They lost the game in overtime play.

At junior high, where about 400 students are expected to enroll, Dr. Charles James, University of Kansas, has been appointed the first principal of that school.

Replacement teachers are: Mathematics, James Rogers, M. A., University of Nebraska; English, Patricia Kelso, University of Indiana; English, Sue Rutledge, University of Iowa; English, Margaret Irvine, Northwestern University; and English, Rowena Ross, M. A., Kansas State College, Manhattan, Kansas.

An addition to the junior high staff is shop instructor, Harold Huston, University of Maine.

New teachers at Central elementary school are: First grade, Christa Eckhard, University of Michigan. Third grade, Janet Loopo, Oswego State Teachers' College, New York; and Geraldine Woolley, University of Michigan.

Fifth grade teachers are Dorothy Bush, University of Pennsylvania; and Laura Cole, George Peabody College, Nashville. Sixth grade, Dorothy Hudgens, Wayne University, Detroit.

Crown elementary school will have 10 new teachers.

They are: Kindergarten, Helen Oder, Mills College; and Paula Zalewski, University of Southern California.

First grade: Joyce Knudson, Concordia College, Wisconsin, and Kathryn Anderson, Colorado College.

Third grade: Lelia Lynne Murphy, UCLA.

Fourth grade: Marian Austin,

University of Arizona; and Maureen Moriarity, UCLA.

Fifth grade: Joan Keluche, Chico State College.

Sixth grade: Roger Rowe, University of Missouri; and Phyllis Lotwin, University of Minnesota. Glorietta elementary school will add:

First grade: Noreene Petro, University of Kentucky; and Charlotte Kerr, Ohio State University.

Second grade: Jacklyn Love, University of Kentucky; Shirley Johnson, Dennison University, Ohio; and Elizabeth Wise, Mount Union College, Alliance, Ohio.

Third grade: Jane Fortner, Mississippi Southern College; Judith Fortner, Mississippi Southern College; and Sue Cleminson, University of Michigan.

Charles James named to head Junior High

A new full time principal has been appointed at the Junior High School this year, said A. E. Schaefer, Superintendent of schools.

He is Dr. Charles James, 41, of 151 Acacia Way, selected to be the first full time principal of Junior high, where 400 students are expected to enroll this semester.

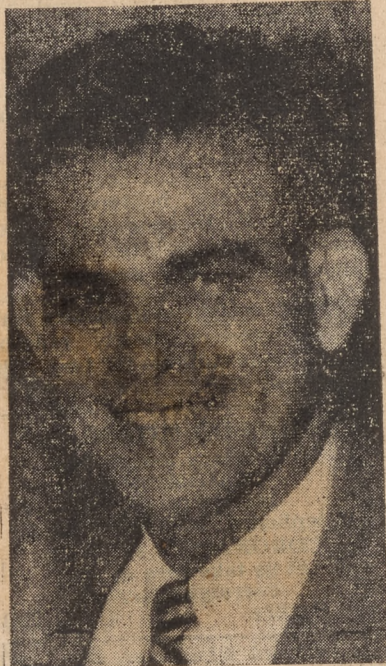

He received his doctorate from the University of Kansas in June, 1955, and was principal at Milburn Junior High, a new school in the suburbs of Kansas City, for two years before coming to Coronado.

An inactive reserve lieutenant junior grade, he spent most of World War II years in the South Pacific, then went to Great Lakes Naval Training Station to train recruits.

For eighteen years of his life he officiated at college and high school football and basketball games.

In college he had two undergraduate majors — English and history. He received his Ph.D. in school administration.

Dr. James said he came to Coronado because of the weather and because he thinks it is a good town to live in with his wife Laura, and his three children, Gail, 14, Charles, 10, and Laura Ann, 8.

DR. CHARLES JAMES

Rotary hosts new teachers

The 36 new teachers in the Coronado City school system were guests of honor yesterday at a luncheon, in the Hotel del Coronado.

Hosting the new arrivals was the Coronado Rotary Club as a part of its community service. Following the luncheon, Dr. James P. Verneti spoke on the History of Coronado.

Economics class free to adults

A course in elementary economics will be offered to Coronado adults by the Henry George School of Social Sciences of San Diego.

Classes begin Monday, September 16, at the Coronado High School, and will continue each Monday and Wednesday evening for a total of 10 meetings.

The course is free, and textbooks are furnished without cost. Interested adults are invited to attend the first class.

Coronado Council should protect

local school children

We strongly urge the City Council to call a special meeting immediately to rectify a glaring mistake in policy. The mistake could cause the injury or even the death of a school child. The meeting should be called and the correction made before school opens next Tuesday.

The situation is this:

This school year for the first time in recent memory, Coronado will be operating with only ONE crossing guard to assist the safety of its school children. Last year there were three. In former times the number has been four. The lone crossing guard will be stationed at Sixth and Orange. But this short-sighted policy leaves open for any possible ill effect the also-important and widely used intersections of Seventh and Orange and Sixth and Alameda. Seventh and Orange is the busiest of all, and will be left untended, unless the City Council does something about it.

What they do should be immediate. We are playing, gentlemen, with the lives and limbs of school children, and cost should not be a factor. This is especially true when it is considered that the cost of guard operation is relatively small, much less than the for help at a swimming pool or a golf course.

WE SHOULD NOT GAMBLE WITH THE LIVES OF CHILDREN.

There is another thing to be considered: The feelings of parents of those children, parents who will be as uneasy as all

get out when they realize two-thirds of the traffic safety factor of former years has been taken away in a penny pinching economy move.

If it isn't an economy move, what is it?

Economy is a fine thing, in the proper place. And maybe if the City of Coronado was so poor it could not afford any type of services we could look at this differently. But we have spent millions to dredge a bay, build a golf course, build a swimming pool at a fantastic price, use men and money to rearrange auto parking zones and parking lines for some obscure purpose, and are doing all manner of things that cost money, and even doing some things that take money out of our treasury, as witness the destruction of the income-producing housing units.

We are not opposed to spending money for the things mentioned above (though we do oppose the elimination of income). What we are blowing our top about, and what many others up and down the streets of town, and members of the School Board, the Parents Council and of the recently kicked-in-the-teeth Traffic Safety Committee are blowing THEIR tops about is the almost callous disregard of the safety of our children.

We remember the claims of several here, including the residential Association, who oppose the construction of a tunnel to San Diego was that "this is a city for children" and that the bringing of more traffic to the city would imperil the lives of

children. It is a telling point, and one that is brought into the sharpest of focus by the ill-considered action of the City Council in chopping our safety factor down to just one short of zero.

We are sure the City Council would change its policy at once if a child was killed or seriously injured.

It will be too late then.

We are sure the City Council would change its policy if 500 mothers marched into the council chambers and demanded it.

The council should not wait for that, either.

The only excuse we have been able to find for this inexplicable action is that the budget calls for only one crossing guard. We do not know what caused this, but it can and should be changed.

The matter came up at the City Council meeting of last Tuesday, the same meeting at which the Traffic Safety Committee was given the old heave ho, unceremoniously and unkindly. This committee had recommended restoration of two crossing guards, a recommendation that was not even given the courtesy of being considered by the council.

We have just seen (also last week) two members of the Recreation Commission resign because of friction. We saw an entire committee of five summarily discharged. We are wondering, seriously wondering, how the City Council can expect to get sensitive and thoughtful people to serve on ANY committee if they are faced with this sort of cavalier treatment. G.K.W.

School time set

The time for commencement of school has been set by the superintendent's office at 9 a.m. Tuesday, September 3, in the High School auditorium.

School will start with an assembly of all children before they are dispatched to their classrooms, officials said.

Fifth grade: Joan Keluche, Chico State College.

Sixth grade: Roger Rowe, University of Missouri; and Phyllis Lotwin, University of Minnesota. Glorietta elementary school will add:

First grade: Noreene Petro, University of Kentucky; and Charlotte Kerr, Ohio State University.

Second grade: Jacklyn Love, University of Kentucky; Shirley Johnson, Dennison University, Ohio; and Elizabeth Wise, Mount Union College, Alliance, Ohio.

Third grade: Jane Fortner, Mississippi Southern College; Judith Fortner, Mississippi Southern College; and Sue Cleminson, University of Michigan.

8/29/57

School line fixed

The boundary line between Crown School and Central Elementary School, which will determine the schools pupils in those areas will attend this fall, was designated by the Board of Education August 21, A. J. Gray, Jr., president of the board, said.

The boundary line for Crown school has been established at Fourth street, south down the alley between H and I avenues, Marina avenue, to Ocean boulevard, including Coronado Estates.

All kindergarten and first grade pupils living south and west of this line will attend Crown school.

All students living east of Alameda boulevard, attending grades two, three, four, five, and six, will go to Central Elementary School.

Children in the housing project will attend Glorietta School.

All students in the city in seventh grade or higher will attend junior and senior high schools.

A. E. Schaefer, school superintendent, said about 500 pupils have been counted in the area designated for Crown school. This will allow slightly less than the recommended number of 30 to 33 pupils per classroom.

GUARDS

The Board of Education has written a letter to the City Council requesting the hiring of two more school crossing guards in addition to the one who is now employed at Sixth and Orange avenue, A. J. Gray, Jr., president of the board said.

The Board asked for guards at Seventh and Orange and Sixth and Alameda boulevard for the following reasons:

"Kindergarten and First Grade pupils from Fourth street and I avenue and south to Ocean boulevard will be crossing at Sixth and

Alameda to attend the Crown School," and

"The heaviest flow of pupils at any one crossing in Coronado is at Seventh and Orange, with Sixth and Orange as a close second."

It is illegal for the schools, themselves, to hire crossing guards in California, said A. E. Schaefer, superintendent, at the August 21 meeting of the Board of Education.

"It is also illegal," he added, "to employ student guards except on corners adjacent to the school."

City Councilman Harmon told the Journal today that a guard had been taken off the Seventh and Orange intersection on the recommendation of the police department, who said it is safer to have children walk an extra block and cross at one place, rather than have them cross at two places only a block apart.

The Board of Education said, "A solution to this urgent problem by the City Council would be greatly appreciated by the Board."

Schools will open in Coronado on September 3. The next regular meeting of the City Council is also on that date.

A cushion is necessary, as the survey of students revealed 58 vacant homes in the Coronado Estates. Crown school will have to absorb the students who move into these vacant houses, he said.

Meanwhile, school registration continues at all schools until classes open September 3.

School authorities advise parents to register their children at the school where they will attend. Early registration is encouraged, and birth certificates are required.

Pupils who were in attendance in Coronado schools at the end of the school year last June need not register, Schaefer said. They will receive post cards giving their room assignments before the opening of school.

All students who attended at the close of school in June, but have changed address or requested transfer, are advised to register at the school where they will attend.

FAREWELL, OLD SCRATCHIES — Coronado schools were given about 1,000 post office pen holders and 4,000 points by San Diego Post Master William E. Krenning. The old pens will be replaced by new ball-point pens. Above, accepting the old scratchies, is Stewart Neely,

left, vice principal of Coronado elementary and junior high; Ann Eggers, post office clerk, holding new ball points; Frances Hamilton, secretary at Central Elementary School; and John Knox, superintendent of Coronado post office.

8/29/57

Nine adult classes listed

Nine day and evening adult education classes are listed at the Coronado High School this fall, Harold Niedermeyer, director of the adult program said today.

Courses offered are arts and crafts, china painting, study of great books, millinery, oil painting, rug hooking, typing, upholstery, and investments.

Beginning and intermediate Spanish will be offered if a qualified instructor can be found.

Classes will commence September 16, Monday through Friday, 10 a.m. to 2:30 p.m., at the Youth Center and Library Park Club-

house.

Most evening classes will be at the High School, Tuesdays and Thursdays, 7 to 9 p.m.

Registration will be handled by the teacher of each class at the first class meeting.

School Board to meet Mondays

School Board of the Coronado Unified School District will meet the third Monday of each month for three months starting September 16.

The board has been meeting Wednesdays. The change will be effective for three months. The board meets in the Board Room of the School Administration Building at 8 p.m.

Schools enroll 107 student rise

A total enrollment of 2,892 students in Coronado schools was announced today by A. E. Schaefer, Superintendent of Schools. This is an increase of 107 over last year's enrollment at this time, he said.

Peak registration will not occur until October, when a 3,000 enrollment is expected.

Senior High absorbed the major increase with 53 new students.

Junior High recorded a boost of 19, Crown School 47, Central Elementary 6, and Glorietta recorded a drop of 18.

Crown School is the only one operating on a double session basis. This system will continue for a short time, until a shipment of steel window sash will allow the contractor to complete several unfinished classrooms, the superintendent said.

A sharper decline was expected in Glorietta School due to the decreasing child population in that area. A decrease of 18 was surprisingly small, Schaefer said.

Schools need room mothers

With the start of school, room mothers are needed for all the classes from kindergarten through the eighth grade.

The position of room mother was created in an endeavor to give children the benefit of many worthwhile school activities. She is the parents' representative to the classroom. Her principle function being to assist with various class activities such as class parties and field trips and to aid the teacher concerned.

These functions may be handled alone, if she so desires, or she may enlist the help of other mothers in the class. Financing is accomplished by requesting the teacher to collect a small sum from each student at the beginning of the year.

Previous experience has shown that the fifth, sixth, seventh, and eighth grades desire to plan their own parties. Therefore, a room mother of those grade levels would only be needed in a supervisory capacity.

Anyone interested may obtain more information by calling Mrs. Carter at HE 5-6144 or by contacting any of the following members of her committee: Mmes. Charles Bowen, Harry Kane, Dick Wilson, W. N. Nelson, Walter Shortt, A. Martinez, and Jack Butler.

Grid squad given mouth protectors by local dentists

All Coronado dentists got together on their off afternoon last week and fitted the High School football squad with Feather-Bite mouthpieces. Thirty-seven boys were given the fitted, plastic mouthpieces for protection against dental injury.

An insurance policy worth \$250 goes with each mouth proector, the dentists said.

They said they plan to continue the program each year in an effort to stop injuries to the football players.

Last year the squad suffered about eight serious dental injuries.

The dentists say the Feather-Bite mouthpieces are also available for public use. They are good for people who suffer from bruxomania — grinding of the teeth in sleep.

New insignie designed for Fleet Air Wing

A shield with a sky and sea background over which is imposed a half-circular "spider web" plotting board with radio transmissions emanating from the center, two airplanes and a ship silhouetted against the sky, and an enemy submarine periscope in the water is the new official insignie for Fleet Air Wing Fourteen, approved by Chief of Naval Operations.

The insignie, designed by personnel of FAW-14, depicts the mission of the air wing's center.

The City Council Tuesday voted to continue the use of one crossing guard at Sixth and Orange avenue, with supplementary use of regular police officers where needed as determined by Chief Manchester.

Regular officers were utilized on the opening day of school Tuesday, and it was decided to continue this procedure until the mayor can meet with School Board and police chief to learn how many guards are required and to see whether a student patrol can be organized.

Chief Manchester stated earlier the use of officers as crossing guards takes them from their regular duties and police work.

He wrote to the City Council requesting a reconsideration of his original recommendation submitted when the city budget was being revised. He said he had asked for the relocation of guards, but not the removal of guards.

Councilman Harmon, in a letter to the council, said he deplores the failure of the School Board to cooperate in organizing a student patrol such as are successful in other cities. The Board, however, maintains that the use of students, except on corners adjacent to the school is illegal under California education laws.

The Mayor and Councilman Harrison said children cross Orange avenue from the ferry landing to the Hotel del Coronado, but the city cannot place guards on every corner. With proper instruction, children can learn to cross at one designated intersection on Orange avenue, thus eliminating the need for more than one guard on Orange, they added.

A move was made by Councilman Goodenough to appoint temporary guards until the mayor meets with the School Board, but the motion was defeated.

Harmon said he would "not be stampeded by emotional editorials appearing in the Journal." He was referring to an editorial in last week's Journal which asked the City Council to call a special meeting to hire crossing guards before school started Tuesday.

Goodenough also moved to reinstate the Traffic Safety Committee, disbanded at the last meeting by the City Council, but that motion died for lack of a second. He said the committee should receive an apology, and he added that the chairman of the committee, William F. De Laurentis, had been appointed by the mayor as a delegate to the County Safety Committee, but with the Coronado committee disbanded, the city is without a delegate to the county group.

In further action, the council authorized the City Manager to choose at random several guest houses considered to be either illegally constructed or illegally used in order to test the ordinance prohibiting non-conforming structures and uses.

Coronado grid squad opens season against non-league Sweetwater

Coronado High will open another football season Saturday night at 8 against non-league Sweetwater High.

A pep rally will precede the game at seven. The rally will start at Tenth and Orange avenues and proceed to the game immediately following at Cutler Field.

The rally, under the direction of Charlene Cannell, Commissioner of Pep, will consist of the pep squads, and student decorated and driven cars.

"We would like to see the whole town come out for the pep rally and see us beat Sweetwater at Cutler Field," said Charlene Cannell.

Head Coach Roger Ridgon

stated, "We are looking forward to a great year. This season should definitely be better than last." Last year the Islanders wound up with a not-so-hot 2-4 record, unofficially. An ineligible player on the team caused the two wins to be forfeit.

Returning lettermen include Walt Albright, Dan Clifford, Jim Corley, Dennis Grimaud, Sandy Hess, Tom Mustin, and Hal Tobin. They will be backed up by other players who didn't letter last year or are up from the Bees.

"We have good backs and a more experienced line this year," Mr. Ridgon said, and he is not far from right with players like

Grimaud and Tobin at halfback and Mike Heyn at quarterback. The boys on the line, Clifford, Hess, Corley, Floyd Moore, Mustin and others are expected to play a big part this grid year.

Adult classes begin Monday

Adult education classes at Coronado High School will begin next Monday. Enrollment will be accepted at the opening of each class. Classes are:

Art fundamentals. Junior High Art Room in park; Wednesday, 7 p.m. to 9 p.m.

Arts and Crafts. Youth Center, Wednesday, 10 a.m. to 2:30 p.m.

China painting. Youth Center, Friday, 10 a.m. to 2:30 p.m.

Great Books. Room 6, High School, Tuesday, 7 to 9 p.m.

Millinery. Library Park Clubhouse, Monday, 10 a.m. to 2:30 p.m.

Oil painting. Youth Center, Monday, 10 a.m. to 2:30 p.m.

Rug hooking. Youth Center, Wednesday, 10 a.m. to 2:30 p.m.

Spanish. Introductory course, Room 7, High School, Tuesday, 7 to 9 p.m.

Spanish. Advanced course, Room 7, High School, Thursday, 7 to 9 p.m.

Typing. Room 17, High School, Tuesday, 7 to 9 p.m.

Upholstery. Junior High Shop, Tuesday and Thursday, 7 to 9 p.m.

Personal Investments. High School Library, Wednesday, 7 to 9 p.m.

The manager said there are about 350 structures in Coronado which conflict with the ordinance. The test cases will simplify certain ambiguities in the ordinance, he said. The cases will be taken to court if necessary.

PRESTON D. PROBASCO, ward of Mrs. Helen Hanson, 711 A avenue, Coronado, a 1957 graduate of Coronado High School, where he won Seal-bearer honors in the California Scholarship Federation. During high school Probasco was designated Boy of the Month, commissioner of assemblies, a Student Rotarian, and participated in the Forum, Math and Spanish Clubs, in the school band, the Toastmasters, and in musical festivals. He has won a California State Scholarship and a Pomona College scholarship entering the Clairemont College campus as a freshman this fall.

FAREWELL, OLD SCRATCHIES — Coronado schools were given about 1,000 post office pen holders and 4,000 points by San Diego Post Master William E. Krenning. The old pens will be replaced by new ball-point pens. Above, accepting the old scratchies, is Stewart Neely,

left, vice principal of Coronado elementary and junior high; Ann Eggers, post office clerk, holding new ball points; Frances Hamilton, secretary at Central Elementary School; and John Knox, superintendent of Coronado post office.

The City Council Tuesday voted to continue the use of one crossing guard at Sixth and Orange avenue, with supplementary use of regular police officers where needed as determined by Chief Manchester.

Regular officers were utilized on the opening day of school Tuesday, and it was decided to continue this procedure until the mayor can meet with School Board and police chief to learn how many guards are required and to see whether a student patrol can be organized.

Chief Manchester stated earlier the use of officers as crossing guards takes them from their regular duties and police work.

He wrote to the City Council requesting a reconsideration of his original recommendation submitted when the city budget was being revised. He said he had asked for the relocation of guards, but not the removal of guards.

Councilman Harmon, in a letter to the council, said he deplores the failure of the School Board to cooperate in organizing a student patrol such as are successful in other cities. The Board, however, maintains that the use of students, except on corners adjacent to the school is illegal under California education laws.

The Mayor and Councilman Harrison said children cross Orange avenue from the ferry landing to the Hotel del Coronado, but the city cannot place guards on every corner. With proper instruction, children can learn to cross at one designated intersection on Orange avenue, thus eliminating the need for more than one guard on Orange, they added.

A move was made by Councilman Goodenough to appoint temporary guards until the mayor meets with the School Board, but the motion was defeated.

Harmon said he would "not be stampeded by emotional editorials appearing in the Journal." He was referring to an editorial in last week's Journal which asked the City Council to call a special meeting to hire crossing guards before school started Tuesday.

Goodenough also moved to reinstate the Traffic Safety Committee, disbanded at the last meeting by the City Council, but that motion died for lack of a second. He said the committee should receive an apology, and he added that the chairman of the committee, William F. De Laurentis, had been appointed by the mayor as a delegate to the County Safety Committee, but with the Coronado committee disbanded, the city is without a delegate to the county group.

In further action, the council authorized the City Manager to choose at random several guest houses considered to be either illegally constructed or illegally used in order to test the ordinance prohibiting non-conforming structures and uses.

Council split on hiring of officer

All schools score record enrollment

For the first time in the history of Coronado Public Schools, enrollment has hit the 3,000 mark. Superintendent A. E. Schaefer said enrollment now is 3,009, with the peak registration not expected until October.

Sacred Heart School also announced a record high of 480 students, 27 more than were enrolled at this time last year.

Schaefer said the high school, with a record 566 students, is straining with the crowded conditions. The auditorium does not have seating space for all of them, he said, and the rooms are filled to capacity.

The City Council by a 3-2 decision voted to hire one more regular police officer for the city, and requested the police department to supervise the critical crosswalks as it deems necessary.

Councilman Harmon's motion Tuesday to hire an additional officer was seconded by Goodenough. Councilman Vestal and Harrison objected.

Vestal said he opposes the motion because the Council does not know if one is enough. "We should find out how many new officers the police department requires before we hire just one," he said.

Harrison said he does not believe the crosswalks require regulation by experts. San Diego gets by with student patrols, he said, and added, the job does not require a full time officer.

Goodenough and Harmon contended that the officer should have the power to give citations, and he can be used for regular police work when not needed at the crosswalks.

Goodenough asked the council to request the City Manager to petition the state for a traffic signal at Sixth and Orange, and to request authorization for emergency pedestrian signs on state highways in the city.

Mayor Coleman Gray, who voted with Harmon and Goodenough, told the Council, "Lurid editorials and talk of 500 marching mothers is not indicative of the school crossing guard problem here."

In his written statement he said there is a problem, but it is not as acute as the local press has indicated.

Gray has been observing the crosswalks each morning for the

past three weeks. He said Tuesday morning, while surveying the intersection at Sixth, Palm and D avenue, girls of high school age appeared to be the worst pedestrian offenders. They wander all over the intersection without regard for marked crosswalks, he said.

He told the Council that mothers bringing children to school in automobiles were also serious offenders. Most of them did not observe the stop signs, some slowed down to see if the crosswalks were occupied, others went right through without slowing down. He said he also noticed several incidents when they double or triple parked in front of the school. The police department was instructed to issue numerous citations to "fond mothers" last year, and it may be necessary again this year, Gray said.

Drivers not connected with the schools, and students driving to school, are relatively careful and observant drivers, he said.

The Council did not indicate whether the crossing guard, now working at Seventh and Orange, will be retained or dismissed when a regular policeman is hired.

Great Books Discussion

A Second Year Great Books Discussion Group, sponsored by the Coronado Adult Education Department began Tuesday at the High School.

The purpose of the Great Books program is to "keep alive the common heritage of thought, sensibility, and faith which finds expression in the great books of our tradition; to give men, through reading and discussion of the great books, a richer comprehension of what the basic issues of mankind are," said Mrs. Abigail Dickson, 901 Third street, who is one of the leaders for the second year group.

She said any person with a willingness to read, and an interest in the fundamental issues that confront us today, will find enjoyment in this course, which meets from 7 to 9 a.m. every two weeks.

Books to be discussed this year include: Ecclesiastes, Homer's Odyssey, Oedipus Res and Oedipus at Colonus by Sophocles, Plato's Meno, Aristotle's Ethics, Of the Nature of Things by Lucretius, the Confessions of St. Augustine, Shakespeare's Hamlet, Descartes' Discourse on Method, Hobbes' Leviathan.

Also selections from Panthees by Pascal, Swift's Gulliver's Travels, On The Origin of Inequality by Rousseau, Kant's Perpetual Peace, on Liberty by Mill, and Mark Twain's Adventures of Huckleberry Finn.

Coronado Journal

Coronado, California
Thurs., Sept. 19, 1957 Page 3

MRS. ABIGAIL DICKSON, left, 901 Third street, and Mrs. James Peltier, 1030 Encino Row, are leaders for the second year for Great Books Discussion Group which meets every two weeks at the high school.

Student count at High School 565

For the first time in the history of the CHS there has been a greater increase in registration than in any other school in the district, Paul Shaler, English teacher and "Islander" staff advisor, said.

Total increase is 53 students. One English and history teacher must change rooms every period because of the crowded conditions, Shaler said.

It is necessary to put extra chairs in almost every room. Only two classrooms are vacant during any period of the day.

The freshman class is largest with 185 students. Sophomores have 143, juniors 127, and seniors number 110.

Total enrollment this year has swelled to 565 students, with the peak expected in October.

City, School Board meet

on guard issue

The Coronado Board of Education asked the City Council to place regular police at the three critical intersections, Sixth and Seventh on Orange avenue, and Sixth and Alameda. They asked the Council to post the guards until an equally effective device, such as stop lights or pedestrian crossing signs, can be installed to protect school children on their way to school.

The Board made the formal request Monday evening when it met with the Mayor, Chief of Police, members of the City Council, City Manager and P.T.A. leaders.

The group talked for an hour and a half before the Board moved to renew their original

request for three guards. They added the provision that the guards may be removed if a survey by the city and police chief show that pedestrian crossing signs are as effective as guards. The Board also requested city officials to renew their petition for a stop light at Sixth and Orange, which was previously rejected by State Highway officials.

Chief Manchester said a stop light, remotely controlled from the police station is desirable for peak traffic hours and fire or police emergencies. He said a previous State survey resulted in the rejection of traffic lights

because of a low accident frequency and non-fatality record at the intersection.

Ben Cohen made a motion to ask the city to make a further survey at the intersection of Sixth street, Palm and D avenue. Some mothers, it was pointed out, are still not satisfied with traffic conditions at that intersection, even though the city installed a protective fence to encourage children to use designated crosswalks.

The discussion of student crossing guards was discontinued when it was pointed out that parents and school officials discourage the use of students be-

cause of time consumed from class work. Also, Superintendent A. E. Scheafer said, fifth and sixth graders used to direct students are not able to command high school students to observe traffic directions. It was further disclosed that all authorities on student patrols agree that students should not be used in place of police officers, but only to supplement them on intersections adjacent to schools.

All the councilmen and board members agreed that the lady and two men who previously guarded crosswalks did a good job, but an officer with power to give citations for violations is

necessary.

Mayor Coleman Gray told the Board that the removal of two guards was not an economy measure. "At no time have we been balancing the dollar against safety, speaking for the council," he said.

After making the motion for three guards at the critical corner, Eugene A. Horton said the Board will accept pedestrian crossing signs in the middle of streets if Chief Manchester says they are just as effective as crossing guards.

Manchester said at Sixth and Alameda, where a count showed 32 to 35 children per day cross the intersection, he has been

using pedestrian signs. They appear to be effective, he said.

He has been using pedestrian signs at Sixth and Orange for several weeks. Motorists seem to be cooperative, slowing down or stopping for pedestrians, he told the Board. He said he will continue his survey before he makes a final recommendation on the effectiveness of the signs.

The signs in the middle of the street, a State highway, are not authorized by the state, but are being used as an emergency device. Councilman Goodenough requested that their authorization be asked for when the city petitions for traffic lights at Sixth and Orange.

Coronado falls to Sweetwater 20-7

By SHELLENBERGER

Coronado High's varsity football team got off on a shaky foot last Saturday night at Cutler Field in their first game of the year when they bowed 20-7 to powerful Sweetwater.

Coronado's only score came in the second quarter when halfback Hal Tobin set up a score on a long run to the ten yard stripe. A few plays later halfback Dennis Girmaud plunged through the line for the six points. Tobin made it seven when he ran the conversion.

Earlier in the game, a possible chance for an Island score was thwarted by a Coronado fumble.

The Red Devils, who might well be Metro League Champions this year, scored in all quarters except the second, mostly on short runs climaxing long drives. They also connected well on passes. Coronado had its usual trouble in pass defense.

Despite the lack of scoring, the Greenies looked fairly good during most of the game. The defense, though spotty in places, and poor against passes, held together, and the backfield, minus a few fumbles, did a good job that ought to make most of the Avocado League teams wince.

Tomorrow night the Islanders travel to Laguna Beach of the Orange League for another non-league engagement, which will be at 7:30 p.m. instead of 8 as announced.

The following week will bring Vista, Coronado's first league opponent, to Coronado.

Grimand named prexy of new letterman's club

Coronado High School's newly formed Letterman's Club elected Dennis Grimand as president at their first meeting. Hal Tobin was selected vice-president, Tom Mustin, secretary, and John Morton was named treasurer.

Coach Sunday Durland is the club's sponsor and advisor. The purpose of the club is to further sports in Coronado, he said.

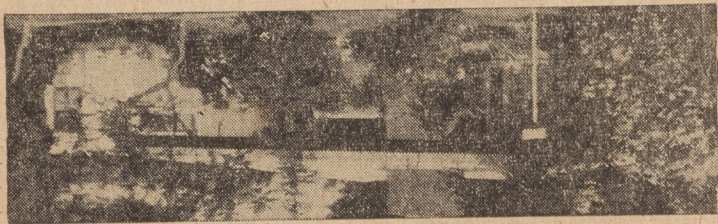

Meetings for varsity athletes will be on first and third Mondays each month in the gymnasium.

Coronado High given art pieces

Coronado High School has inherited several ferocious lions and four fierce white elephants.

These and many more objects add to the Oriental menagerie contributed to the school by C. W. Holmes who has recently cleared his home prior to selling.

They include a carved wooden lion, a duplicate of the stone lions at the entrance to the Art Institute in Chicago; four white marble elephants; a telescope; glass ware; Japanese screens and paintings; sculptures made of alabaster and buffalo horns; pottery; jewelry; furniture; a hymn book dated 1850; a complete 1955 subscription to the Illustrated London News; and the eleventh edition of the Encyclopedia Britannica.

The school librarian said these volumes, copywritten in 1910 at Cambridge University in England, are quite valuable and no longer in print. The encyclopedia contains long scholarly treatises written by specialists.

Charles Leudke, head of the art department, said, "the monetary value of the objects isn't too great but aesthetically they're wonderful contributions to the high school. They are a tremendous value to the art classes because we now have actual foreign art objects."

Bee squad lists six grid tilts

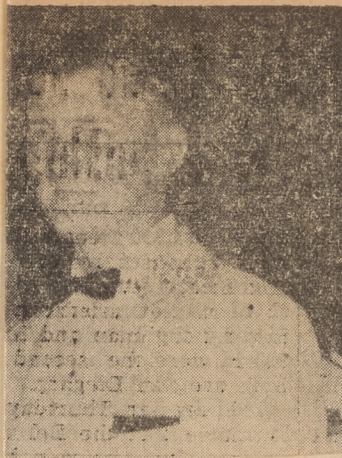

Coronado's football Bees, headed this year by a couple of new mentors, Coach Buriff and Assistant Coach De Long, will open their season here against Vista October 4 at 6 p.m.

A potentially powerful backfield headed by veteran Jose Garrido, includes Frank Inzunza, Mike Moyer, Rich Diabeti, Dave Anderson.

The "Wee Greenies," though uncertain of opponents the first week of school, have arranged games with all the Avocado League members. There will be three home games and three away.

Included in the home games are contests against Vista Escondido, Vista and San Dieguito. The traveling games will be played at Mar Vista, Fallbrook and Oceanside.

All games will precede the varsity contests at the same site. The only exception is Mar Vista whom the Bees will engage the afternoon before the varsity game.

Mrs. MacMullen active Coronadan services held

Services were held yesterday at 2 p.m. in the Coronado Mortuary chapel for Mrs. James MacMullen who died September 29, in the Coronado Hospital. She was 93 years old.

A native of New Jersey, Mrs. MacMullen came to the San Diego area with her husband,

St. Margaret's Guild holds second meet

Mrs. William D. Blevins, chairman of St. Margaret's Guild, Christ Episcopal Church, has announced that the second regular meeting of the year will be at 9:30 a.m. at the parish house, October 8.

Coffee will be served at 9:30,

and there will be a business meeting at 9:45 before the program.

There will be a baby sitter in the church nursery during the meeting and new members will be most welcome.

at the property, allowable in the lease.

PARTAKING OF THE REFRESHMENTS being served by Leo E. Hansen at the party held in the garden of his home by the administrative staff of the Coronado schools for the entire staff of the district are left to right, W. C. Seaman and Mr. and Mrs. G. H. Bunker.

School staff honored at garden party

The administrative staff of the Coronado Schools entertained the entire staff of the school district at the home of Mr. and Mrs. Leo E. Hansen, 711 A avenue, Thursday afternoon from 4 to 6 p.m. in the beautiful gardens of the Hansen home.

Mr. Hansen is a member of the Board of Education and included in the party were all members of the Board; Captain and Mrs. A. J. Gray, Jr., Mr. and Mrs. C. H. Soderbery, Mr. and Mrs. Eugene A. Horton and Mr. and Mrs. Ben Cohen. The hostesses included Mmes. A. E. Schaefer, Wildred C. Seaman, Marvin L. Bensley, C. G. James, Marvin Nottingham,

Stewart Neeley, Paul M. Berry, Jr., and Miss Ella Mae Walker.

This annual occasion, especially honored the teachers new to the Coronado schools as well as welcomed back the regular staff of teachers and office personnel.

Islanders dump Laguna Beach in non-league football tilt 34-13

By JOHN SHELLINGER

Hustlin' Hal Tobin and Dennis Grimaud led a team of inspired Islanders past a supposedly tough Laguna Beach eleven last Friday night on the Artists' grid to the tune of 34-13.

The "Greenies" scored once in every quarter of the non-league game, and ran over two touchdowns in the third period. Laguna never came close to paydirt the entire first half.

Action started early for the Roger Rigdon coached Islanders. On the Artists' first play, alert Coronado lineman Paul Plumb recovered a fumble and within a minute of the starting whistle the Greenies had points on the scoreboard, thanks to halfback Tobin's 15 yard drive, his first TD of the evening. Tobin plunged over again a second later for the point after touchdown.

In the second quarter it was Grimaud's turn, and he came through from the other halfback slot with a 38 yard end run good for six points. Tobin ran the conversion again. He narrowly missed another touchdown in the second quarter by a lucky Laguna tackle.

The first Laguna Beach points of the game came early in the action-packed third quarter from a 30 yard end run into the Island end zone. A conversion attempt was blocked by Dan Clifford, Greenie lineman.

Coronado more than made up for Laguna scoring in the third frame with two Tobin TD's. Eighty yards, under beautiful blocking produced one score and less than one minute later the 190 pound senior ran it over again, this time from thirty yards out. Tobin ran over one of the conversions, but the second try was foiled by a fumble.

Dennis Grimaud produced the final points of the Island evening with a set-up pass interception and a touchdown jaunt three

plays later from the ten in the final period. Tobin obliged with his fourth and final point-after-touchdown run of the game.

The Artists received their second and last TD of the contest in the last four minutes on a short run. Their conversion was good.

Not only the backs, but every man on the Coronado squad was fighting all the way to avenge Laguna's last year win on the Coronado field. The Islanders seem to have one of the best teams in years.

Tomorrow Vista invades Coronado for both teams' first league game.

The Bee contest precedes the Varsity match.

ADVERTISEMENT FOR BIDS

Notice is hereby given that the Governing Board of the Coronado Unified School District of San Diego County, California, hereinafter referred to as the "Owner", will receive up to, but not later than 8:00 o'clock P.M., on the 21st day of October, 1957, sealed bids for the award of a contract to provide and furnish and all of the labor, materials, tools, expendable equipment and all utility and transportation services necessary to perform the contract and complete in a workmanlike manner all of the work required in connection with Physical Education Building, Alterations and Additions, Coronado High School, Coronado Unified School District, Coronado, California. Such bids shall be received in the Superintendent's Office of said Governing Board located at 911 Seventh Street, Coronado, California, in said County and State, and shall be opened and publicly read aloud at the above stated time in the office of said Governing Board in such building.

Each bid must conform to and be responsive to this invitation, the information of Bidders, the Plans, Specifications, and all the other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and open to public inspection in the offices of said Governing Board located at Superintendent's Office and of the Architect's, Padewski, Mitchell & Dean, Room 206, Fifth Avenue Building, San Diego, California, and may be obtained by depositing \$10.00 for each set. This deposit will be refunded if the set or sets of Contract Documents delivered are returned in good condition within ten (10) days after the bid opening date.

Each bid shall be accompanied by a certified or cashier's check payable to the Owner, or a satisfactory bid bond in favor of the Owner executed by the Bidder as principal and satisfactory surety company as Surety, in an amount not less than five percent (5%) of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the Contract, if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds as specified therein within five (5) days after notification of the award of the contract to the bidder.

The Owner reserves the right to reject any or all bids or to waive any irregularities or informalities in any bid or in the bidding. Preference will be made in the award for California-made supplies, pursuant to Section 4330 to 4334 inclusive, Government Code.

The Owner has determined the prevailing rate of per diem wages in the locality in which this work is to be performed for each craft or type of workman needed to execute the contract, which will be awarded to the successful bidder, to be as follows:

Occupation	Per Hour	Per Diem
Asbestos workers	\$3.35	\$26.40
Asbestos workers improvers:		
1st year	2.00	16.00

** \$1.00 per day less than journeyman's wage.

The per diem wage for each trade or occupation shall be for an eight hour day unless otherwise indicated.

OVERTIME:

Not less than one and one-half times the above prevailing rate of per diem wages shall be paid for overtime work performed on Sundays and legal holidays as defined in Sections 6700 and following of the California Government Code and for work performed in any one calendar day in excess of the number of hours per diem indicated above where such overtime work is permitted by law.

It shall be mandatory upon the Contractor to whom the Contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen and mechanics employed by him in the execution of the contract.

Attention is called to the fact that a list of proposed subcontractors must be submitted with the bid.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.

Notice is further given pursuant to Section 1740 Labor Code (Chapter 1992, Statutes 1957), that all bid specifications and contracts and other procedures in connection with bids or contracts relating to the above and foregoing public works will be subject to modification to comply with revisions in Federal minimum

Coronado High given art pieces

Coronado High School has inherited several ferocious lions and four fierce white elephants. These and many more objects add to the Oriental menagerie contributed to the school by C. W. Holmes who has recently cleared his home prior to selling.

They include a carved wooden lion, a duplicate of the stone lions at the entrance to the Art Institute in Chicago; four white marble elephants; a telescope; glass ware; Japanese screens and paintings; sculptures made of alabaster and buffalo horns; pottery; jewelry; furniture; a hymn book dated 1850; a complete 1955 subscription to the Illustrated London News; and the eleventh edition of the Encyclopedia Britannica.

The school librarian said these volumes, copywritten in 1910 at Cambridge University in England, are quite valuable and no longer in print. The encyclopedia contains long scholarly treatises written by specialists.

Charles Leudke, head of the art department, said, "the monetary value of the objects isn't too great but aesthetically they're wonderful contributions to the high school. They are a tremendous value to the art classes because we now have actual foreign art objects."

Bee squad lists six grid tilts

Stewart Neeley, Paul M. Berry, Jr., and Miss Ella Mae Walker.

This annual occasion especially honored the teachers new to the Coronado schools as well as welcomed back the regular staff of teachers and office personnel.

Islanders dump Laguna Beach in non-league football tilt 34-13

By JOHN SHELLENBERGER

Hustlin' Hal Tobin and Dennis Grimaud led a team of inspired Islanders past a supposedly tough Laguna Beach eleven last Friday night on the Artists' grid to the tune of 34-13.

The "Greenies" scored once in every quarter of the non-league game, and ran over two touchdowns in the third period. Laguna never came close to paydirt the entire first half.

Action started early for the Roger Rigdon coached Islanders. On the Artists' first play, alert Coronado lineman Paul Plumb recovered a fumble and within a minute of the starting whistle the Greenies had points on the scoreboard, thanks to halfback Tobin's 15 yard drive, his first TD of the evening. Tobin plunged over again a second later for the point after touchdown.

In the second quarter it was Grimaud's turn, and he came through from the other halfback slot with a 38 yard end run good for six points. Tobin ran the conversion again. He narrowly missed another touchdown in the second quarter by a lucky Laguna tackle.

The first Laguna Beach points of the game came early in the action-packed third quarter from a 30 yard end run into the Island end zone. A conversion attempt was blocked by Dan Clifford, Greenie lineman.

Coronado more than made up for Laguna scoring in the third frame with two Tobin TD's. Eighty yards, under beautiful blocking produced one score and less than one minute later the 190 pound senior ran it over again, this time from thirty yards out. Tobin ran over one of the conversions, but the second try was foiled by a fumble.

Dennis Grimaud produced the final points of the Island evening with a set-up pass interception and a touchdown jaunt three

plays later from the ten in the final period. Tobin obliged with his fourth and final point-after-touchdown run of the game.

The Artists received their second and last TD of the contest in the last four minutes on a short run. Their conversion was good.

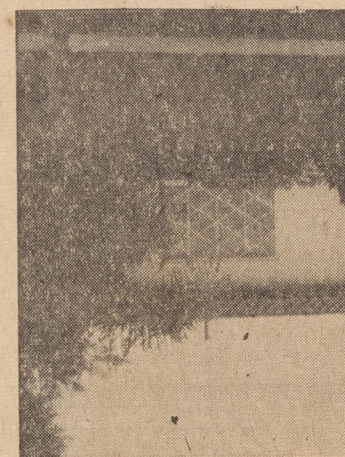

Not only the backs, but every man on the Coronado squad was fighting all the way to avenge Laguna's last year win on the Coronado field. The Islanders seem to have one of the best teams in years.

Tomorrow Vista invades Coronado for both teams' first league game.

The Bee contest precedes the Varsity match.

10/3/57

Charles Leudke, head of the art department, said, "the monetary value of the objects isn't too great but aesthetically they're wonderful contributions to the high school. They are a tremendous value to the art classes because we now have actual foreign art objects."

10/3/57

All games will precede the varsity contests at the same site. The only exception is Mar Vista whom the Bees will engage the afternoon before the varsity game.

CITY TAKES FIRST STEP IN HOUSING AREA PLANNING

The City Council will meet Wednesday, October 9, at 2 p.m. to take formal action on housing development.

Five councilmen met Monday in conference to take first steps at arriving at a policy for future development of the area where 700 housing units stand.

The meeting was called by Mayor Coleman Gray, who offered several points for preliminary discussion on "What the city wants in the way of a development." Gray said "We should have collective thoughts, at least on minimum standards."

All discussion was preliminary. General agreement was found on several points:

That the terms of any lease to a developer should be set forth "in professional determination." It was said by Councilman Goodenough that "we should be as flexible as possible, to encourage offers."

It was agreed the city could lease for 50 years, with an option for an additional 25 years. Councilman Harmon said he fa-

vored a lease of not more than 50 years. A yearly rental of approximately \$4,000 an acre for the land has been set by the city. There are nearly 42 acres in the parcel of city-owned land now occupied by the housing. An additional 12 acres, with housing, is privately owned. The City Council seemed in agreement that it would also offer approximately

10 acres along the bay front, running from the end of the present housing to the baseball park. This land is now occupied by commercial firms, including two boat yards.

The area to be offered to prospective developers would extend from the north limits of the new golf course almost to the ferry. It covers some of the finest bay front property in Southern Cali-

fornia. Five units of the housing have been torn down, despite Navy objections. The City Council said Monday it could offer to developers the land in blocks of 25 per cent at a time each three months, with all the area available for development within a year after contracts and leases had been signed. The council proposed to vacate the units "by attrition."

The council will engage a negotiator, probably the same firm that made a survey of the area recently and came up with the suggested rental of \$4,000 an acre for a total yearly rental of \$155,000, not including the property now under commercial lease to shipyards and others.

One bone of contention, councilmen believed, would be the sewage outfall at the property,

pipes that dump some of the city's refuse into the bay. It was believed any developer would insist these be removed. No decisions was reached on handling this matter.

The councilmen were unanimous in the opinion that residents, apartments, an apartment-hotel, clubs, hotel-type shops, restaurants and yacht piers would be allowable in the lease.

PARTAKING OF THE REFRESHMENTS being served by Leo E. Hansen at the party held in the garden of his home by the administrative staff of the Coronado schools for the entire staff of the district are left to right, W. C. Seaman and Mr. and Mrs. G. H. Bunker.

Tommy Lark Photo—Hotel del Coronado Studio.

School staff honored at garden party

The administrative staff of the Coronado Schools entertained the entire staff of the school district at the home of Mr. and Mrs. Leo E. Hansen, 711 A avenue, Thursday afternoon from 4 to 6 p.m. in the beautiful gardens of the Hansen home.

Mr. Hansen is a member of the Board of Education and included in the party were all members of the Board; Captain and Mrs. A. J. Gray, Jr., Mr. and Mrs. C. H. Soderbery, Mr. and Mrs. Eugene A. Horton and Mr. and Mrs. Ben Cohen. The hostesses included Mes. A. E. Schaefer, Wildred C. Seaman, Marvin L. Bensley, C. G. James, Marvin Nottingham,

Stewart Neeley, Paul M. Berry, Jr., and Miss Ella Mae Walker.

This annual occasion, especially honored the teachers new to the Coronado schools as well as welcomed back the regular staff of teachers and office personnel.

Islanders dump Laguna Beach in non-league football tilt 34-13

By JOHN SHELLINGER

Hustlin' Hal Tobin and Dennis Grimaud led a team of inspired Islanders past a supposedly tough Laguna Beach eleven last Friday night on the Artists' grid to the tune of 34-13.

The "Greenies" scored once in every quarter of the non-league game, and ran over two touchdowns in the third period. Laguna never came close to paydirt the entire first half.

Action started early for the Roger Rigdon coached Islanders. On the Artists' first play, alert Coronado lineman Paul Plumb recovered a fumble and within a minute of the starting whistle the Greenies had points on the scoreboard, thanks to halfback Tobin's 15 yard drive, his first TD of the evening. Tobin plunged over again a second later for the point after touchdown.

In the second quarter it was Grimaud's turn, and he came through from the other halfback slot with a 38 yard end run good for six points. Tobin ran the conversion again. He narrowly missed another touchdown in the second quarter by a lucky Laguna tackle.

The first Laguna Beach points of the game came early in the action-packed third quarter from a 30 yard end run into the Island end zone. A conversion attempt was blocked by Dan Clifford, Greenie lineman.

Coronado more than made up for Laguna scoring in the third frame with two Tobin TD's. Eighty yards, under beautiful blocking produced one score and less than one minute later the 190 pound senior ran it over again, this time from thirty yards out. Tobin ran over one of the conversions, but the second try was foiled by a fumble.

Dennis Grimaud produced the final points of the Island evening with a set-up pass interception and a touchdown jaunt three

plays later from the ten in the final period. Tobin obliged with his fourth and final point-after-touchdown run of the game.

The Artists received their second and last TD of the contest in the last four minutes on a short run. Their conversion was good.

Not only the backs, but every man on the Coronado squad was fighting all the way to avenge Laguna's last year win on the Coronado field. The Islanders seem to have one of the best teams in years.

Tomorrow Vista invades Coronado for both teams' first league game.

The Bee contest precedes the Varsity match.

High School sets assembly

Tomorrow is the date set for traditional Green and White day and its assembly at noon in the patio at Coronado's High School. On this day everyone is supposed to wear green and white.

Included in the assembly will be pep, provided by the pep squad. The Mar Vista pep leaders will also be here to lead some cheers.

The talent assembly will include a special act, The Calypso Brothers, Al Kait and Combo, yodelling by "Mississippi" Keyes, and Wendy Wagner and Diane Sweeney doing a modern dance. Also James Pickford will sing, Sally and George Beachamp will hula, and Linda Hock will play the accordion.

A special feature will be a costume contest. Gift certificates will be given to a boy and girl who wear green and white most appropriately. Certificates will also go to the most comically dressed boy and girl.

Tobin best bet for county individual scoring honors

If Coronado High's big, hard driving right halfback continues to slash through defensive tacklers at his present pace, he is a cinch for All-County individual scoring honors.

Hal Tobin, the 190 pound senior, has amassed a total of 46 points, six touchdowns and 10 points after touchdown. He has scored all PATs for the Islanders by smashing through the line or taking pitchouts around end. He missed only one extra point on a fumble in the Laguna Beach game.

The Islanders have totalled 75 points on 11 touchdowns to 39 points for the opposition.

Escondido, last year's Avocado League champions, appear from this angle to be the team to beat again this season—and also from this angle, it appears that Coronado has the team to do it. With a line averaging 183 pounds of beef per man, and a rugged backfield of Tobin, Robin Crenshaw, Dennis Grimaud, with Walt Albright calling the signals, it looks like the Avocado laurels will fall on Coronado about the time snow is falling on cities up north.

Coronado scoring in three games this season has gone like this: Tobin 46, Dennis Grimaud 18,

Garry Grimaud 6, and Albright 6. Tobin leads second place scorer G. Frank of Escondido by 16 points.

Results of last week's games: Coronado 35, Vista 6; Escondido 42, San Dieguito 6; Oceanside 13, Mar Vista 0; Carlsbad 19, Fallbrook 6.

This Friday the Islanders will meet thrice-beaten Mar Vista in an afternoon game starting at 2:30 on the Mar Vista field. Other games: Oceanside at Escondido, Fallbrook at Vista, Carlsbad vs. San Dieguito at Oceanside.

T.A.H.

Best mother to get prizes

The Glorietta Mother's Club announced they will again this school year feature the popular "Mother of the Month" drawings at each of their monthly meetings starting with the October meeting next Thursday.

Among the many valuable prizes to be given one lucky member next week will be a \$10 purse from Kippy's, five gallons of gas from Walt Shortt's Shell Korner, and dinner for two at the La Avenida.

WHICH IS WHICH? Ben Cohen, Coronado school board member, seems to have the situation under control as he presents the proper name tags to the Fortner sisters, Judith on the

left and Jane on the right. The twins are both teaching third grade at Glorietta Elementary school this year.

TOMMY LARK PHOTO

C.U. 10/17/57

Twins confound, dismay teachers and pupils alike

Go see Miss Fortner in the third grade room" is one of the

most ambiguous statements that could be made in the Glorietta Elementary school. If you were to follow said instructions and enter room ten looking for Miss Judith Fortner a small, sandy haired, blue eyed young lady would greet you and with her soft southern drawl direct you across the hall to room eleven. Once there, you'd be greeted by the same small, sandy haired, blue eyed young lady and mass confusion would ensue.

The object or objects of this turmoil are Jane and Judith Fortner. Two bright eyed young lad-

ies who are starting their teaching career this year in the Coronado school system. Both are teaching third grade and although their identities defy detection, they are fraternal not identical twins.

Born twenty-two years ago in Meridian, Mississippi, they moved to Gulfport, Mississippi, with their parents, Mr. and Mrs. Hueston T. Fortner at the age of two. There they completed their education through high school continuing on to Mississippi Southern College in Hattiesburg for an elementary education degree. Jane's decision to become a teacher was instigated by her love for children. Judith, following her love for art, decided to include it with teaching rather than choose another phase of art.

Prior to graduation, Jane had the opportunity to visit Coronado as president of her Delta Delta Delta sorority chapter during a National convention in the Hotel del Coronado. As Judith explains it, "It was love at first sight and all Jane could talk of the rest of the year was how wonderful it would be to live and teach in Coronado." "I wasn't convinced, she explained, "as I felt we didn't have a chance and it was so far from home."

"But when we got the job," Jane interjected, "she was as thrilled and excited as I."

Since moving to Coronado, the girls have been getting acquainted with the intricacies of cooking and housekeeping in their apartment near the school. They have worked out a system of alternating weeks with one twin cooking and the other cleaning house. "We have some wonderful recipes," they claim, "but when we start to create some choice morsel, we're always having to stop in the middle to make a quick trip to the grocery store for a lacking ingredient or two."

They have found in their experience with the third graders, that children enjoy being fooled by their identical looks, and enjoy teasing their teachers in return by pretending they can't tell them apart.

During the first few weeks of school, the sisters say they sometimes felt like exhibits from the circus as their pupils were always bringing a younger brother, sister or classmate around to see their "look alike" teachers.

THURDAY, OCTOBER 17, 1957

Coronado rolls over Mar Vista 34-19 after trailing 3 quarters

By JOHN SHELLINGER

Last Friday afternoon on the Mar Vista field, Coronado's rough and ready Islanders climbed another rung on the Avocado ladder by drubbing the Mariners 34-19 in an exciting game.

The Greenies drew blood in the first three minutes when an intercepted Mar Vista pass gave powerful Hal Tobin a seventy yard TD set up opportunity. Denis Grimaud ran the final ten yards for the six points, and Tobin pushed across the point after touchdown.

However, the Mariners fought back and less than a minute after the initial Greenie scoring jaunt, speedy Odly Partee, Mar Vista left half, galloped eighty yards through Coronado defense for a TD, and ran the conversion to tie the ball game.

A last minute long scoring run by Tobin proved fruitless because of an Island clipping penalty, and the Roger Rigdon coached eleven went into the second quarter with a 7-7 mark on the scoreboard.

It was Mar Vista's turn to score first in this period and Partee climaxed a long Mariner drive with a short run into the end zone. The PT attempt failed and Coronado trailed 13-7; but not for long. Tobin ran the ensuing Mar Vista kickoff back all the way, sixty yards, to tie the game up at halftime. Coronado's point-after try failed.

In the third quarter the green and gold Mar Vistans, playing

their first leaguer of the year, scored alone, with their powerhouse Partee trotting sixty yards for a TD as a result of a Coronado fumble. It was Mar Vista 19, Coronado 13 when fourth period time rolled around.

Then Coronado started to play football.

Hal Tobin scored the first of three Island fourth quarter touchdowns from ten yards out, and he ran the PT to bring the Islanders out ahead by one point.

With two minutes playing time left, Greenies' halfback Grimaud found an opening, and carried the ball fifty yards to pay dirt. Tobin performed his usual after touchdown ceremony to hike Coronado's lead to eight points.

A minute later Grimaud repeated his actions and toted the ball through the line and over the stripe from the thirty yard line. Tobin ran the PAT for the last Coronado scoring of the contest.

The Mariners, who walloped Coronado last year, were held scoreless the entire fourth quarter.

The Greenies are now tied with Escondido for the league lead. Tomorrow they travel to Fallbrook in another league engagement to test the red and white Warriors.

The next home game is a week from tomorrow against non-league Brawley.

Coronado High plans parade for Homecoming tilt

Coronado High's Homecoming football game, November 1, will feature a parade along the avenue with a float to carry the Homecoming Queen and her court.

Coronado will battle Escondido, last year's Avocado League champions, on Cutler Field at 8 p.m. Both teams are now tied for first place.

Highlight of halftime pageantry will be the crowning of the queen, followed by marching bands, majorette and flag-twirling entertainment.

The program is being prepared by Pep Commissioner Charlene Cannell and Joan Stephan, Activities commissioner for half-time pageantry.

The Bee squad will play a preliminary game at 6 p.m.

The game between Coronado and Escondido, both tough opponents unbeaten in league play this year, is expected to be the decisive test for Avocado honors. The Islanders are up one game on Escondido, having defeated Fallbrook last Friday while the Cougars were idle.

Board turns down all bids on gym

The Coronado School Board Monday rejected all bids on the proposed improvement and addition to the high school gymnasium. The low bid received was approximately 100 per cent above the architect's estimate, the Board said.

The architect's estimate for new plumbing, and two additions to the building, which would increase locker and shower facilities and office space was, \$48,000.

The low bid received was \$103,539.

Superintendent A. E. Schaefer said, the Board will re-estimate the project and advertise again for construction.

The Federal Government has provided \$51,370 for the work. The Coronado School District is to supply the rest.

Crown school PTA to hold 1st meeting

The Crown School unit of PTA will have its first meeting tonight (Thursday) at 7:30 p.m. in the school building, according to Capt. J. D. Miller, USN, chairman of the Crown School unit.

Marvin Bensley, principal, will talk on parent-teacher teamwork and then the meeting will be opened for questions and discussion from the floor.

Mrs. R. R. Whittemore and Mrs. C. A. McGuire head the committee for Crown School. The first grade room mothers will serve refreshments in the lounge after the meeting.

Tonight's is the third meeting

of the newly formed separate PTA units, Central Elementary and the High School having met earlier this month. Heavy attendance at these meetings proved the need for smaller, more intimate working groups within the structure of PTA whose tremendous growth has matched that of the schools.

These meetings of the individual school units will continue to be held every other month throughout the school year. On the alternate months the whole combined PTA will meet in the High School auditorium as they have in the past for outstanding programs.

Crown School ends double sessions

The demise of double session classes at Crown School was told today by Superintendent A. E. Schaefer. Regular classes will start Monday, October 28.

The arrival of building material and completion of four new class rooms, a kindergarten, and a nurses room, have taken 220 pupils off double sessions, he said.

Grades one through four were attending school only half a day due to delay in a shipment of window sash and other material required to complete the class rooms.

Teachers pay hiked in upper brackets

Island in Avocado lead by gouging Fallbrook 48-0

By JOHN SHELLENBERGER

Completely dominating every phase of the game, a Coronado High eleven last Friday night on the Fallbrook field downed the Avocado league Warriors 48-0.

The Greenies were ahead 35-0 at halftime. It wasn't until the very end of the game that Fallbrook was in a position to score.

The Islanders' mighty halfback threat Hal Tobin was the first of five Greenies to score. Tobin climaxed a drive to the Warrior ten with a left end jaunt good for a touchdown. He then ran his first of five conversions. Later, in the middle of the first quarter half-back Dennis Grimaud made another short run for a Coronado score as a result of Island lineman Dan Clifford's recovery of a mid-field Warrior fumble. Tobin ran the PAT.

Just before the start of the second quarter, Coronado scored again: This time on a pass play from Walt Albright, Coronado quarterback to Tobin. The perfectly executed maneuver covered over fifty yards. Tobin added to the score by running another point after.

In the second quarter of play, the Islanders were good for two more touchdowns. A left end run play by Tobin found him in the end zone for his third time that evening.

Grimaud ran a tremendous touchdown the entire length of the field with thirty seconds to go in the half. He started in Coronado's end zone, and finished in Fallbrook's. Tobin converted both scores.

Resting his mainstays the second half, Island head coach Roger Rigdon gave the CHS game to some lesser known Coronado components, and the Island ma-

chine was still able to score twice more in the third period, and make a brilliant goal line stand in the fourth.

Shortly after half, Island lineman Bill Josen intercepted a Fallbrook pass, and made like a half-back for sixty yards to add six points to the Island cause. Brad Holcobe ran the point after touchdown.

Later that period, Dave Chrivia produced the last CHS score with a ten yard line plunge. The PAT attempt failed.

Neither team scored the last quarter, though only sharp defensive work on the part of the Greenies prevented a last minute Warrior tally.

This win gave Coronado a 3-0 league record for an undisputed Avocado league lead. Victories have been at the expense of Fallbrook, Vista and Mar Vista.

Tomorrow Coronado faces Brawley at Cutler Field in a non-league duel. Next week Escondido invades Coronado for Homecoming.

The Coronado School Board Monday voted to increase salaries of all teachers in the Unified School District here. The increase will bring salaries more in line with San Diego County and city schools, but the average is still \$100 to \$150 per year below the scale in San Diego Schools.

Superintendent A. E. Schaefer said the pay raise will deplete all reserve funds and beginning balances for next year. He said the School Board passed the pay hike with the condition that salaries will be cut next year if additional monies are not appropriated.

The Board said tax collection will be necessary to appropriate funds for salaries and school maintenance.

Coronado schools have operated as much as \$1,000 below the pay scale of San Diego schools. Depletion of all available funds now still can not bring Coronado equal to other county districts, Schaefer said.

The new pay scale begins at \$4,305 per year up to \$8,000. The old scale was \$4,305 to \$7,297.50.

The majority of teachers here are grade school teachers who come under class one, a bachelor's degree or equivalent. Pay in this class will be \$4,305 up to \$6,350 with 12 years service. The top pay was \$6,090.

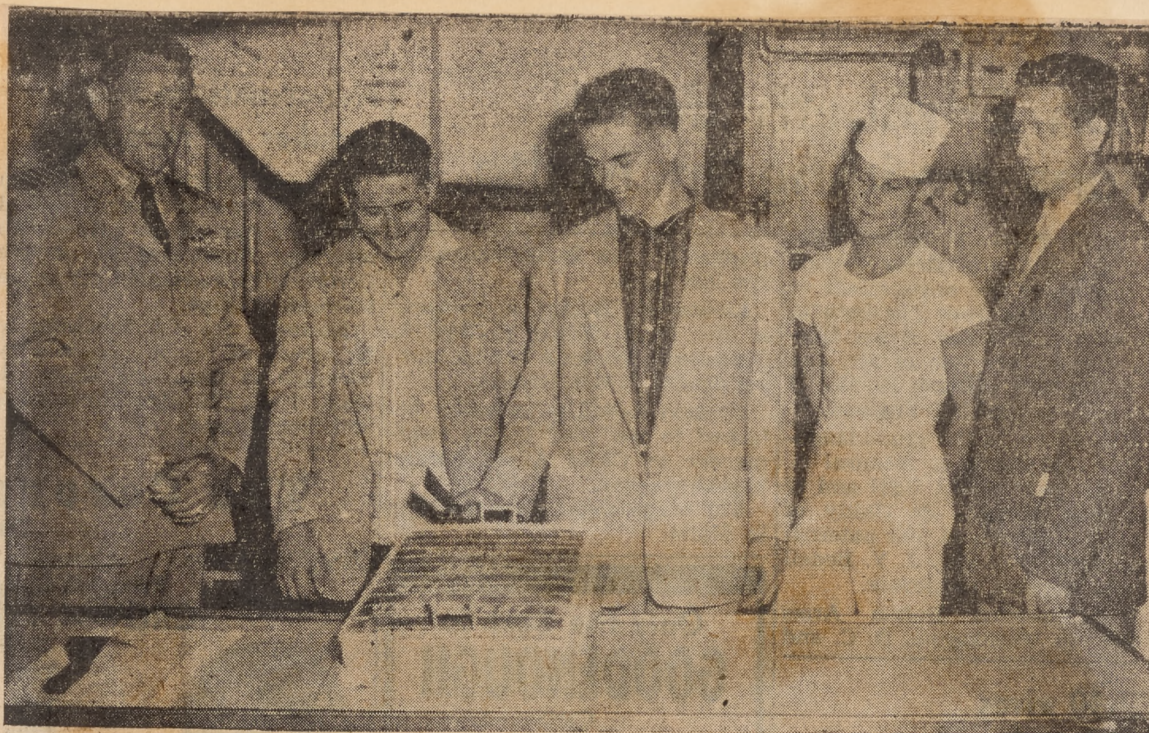

Class two, which requires one year of graduate work, includes most of the high school teachers. The new scale will be \$4,550 to \$6,850 in 13 years. The old rate was \$4,515 to \$6,457.

Class three, 36 graduate units above bachelor's degree, was increased from \$4,620-\$6,562 to \$4,700-\$7,000.

Class four, master's degree, went from \$4,830-\$6,930 to \$5,000-\$7,500. There are only four people in this class.

Class five, which requires a doctor's degree or equivalent, was increased from \$5,040-\$7,297.50 to \$5,300-\$8,000. Fifteen years service is required for top pay in class five. There are now two teachers in the class.

10/31/57

CORONADO FOOTBALL SQUAD MEMBERS made impressive yardage through heaps of food when the team was treated to a tour and meal aboard the USS Sperry. Pictured inspecting a

cake decorated like a football field are Captain W. B. Parham, halfbacks Hal Tobin and Dennis Grimaud, master cake baker E. J. Leighton, and head coach R. Rigdon.

Brawley thumps Coronado 38-6 in non-league tilt; Islanders meet Escondido Friday in Homecoming

By JOHN SHELLENBERGER

Coronado's Avocado league-leading Islanders fell for the second non-league time of their season last Friday on their own field when Brawley's tough and experienced Wildcats clobbered them 38-6. Quarterback Walt Albright's first period score was the only Greenie tally of the evening.

After a lazy start, Coronado marched down the field early in the first quarter and Albright sneaked through the line for what was to be the only Islander score of the game. The try for point was thwarted.

Resulting from a beautiful pass play, Wildcat Carl Wourack, Brawley halfback, scored first for the eleven from Imperial Valley, in the first quarter on an eight yard run. Joe Kennedy kicked the PAT and Brawley gained a lead they never relinquished.

In the second quarter, Braw-

ley's Steve Rogers intercepted an Albright pass, and ran eighty yards to paydirt. Islander Robin Crenshaw blocked the extra point attempt. At the half the score stood Brawley 13, Coronado 6.

In the third quarter the Brawley team who have won their league the last seven years in a row were good for two more touchdowns. A CHS backfield fumble on their thirty gave Brawley's Weldon Rutledge a six yard touchdown. The PAT was blocked by the Greenies' halfback, Hal Tobin, one of the highest high school scorers in the nation. Later that quarter, another Coronado fumble gave Rutledge another six pointer, this time on a seven yard run. Joe Kennedy kicked his second point after TD of the evening.

The last quarter found an already beaten Coronado eleven

Football squad scores on tour of sub tender

Coronado High School footballers visited the submarine tender USS Sperry (AS-12) for lunch and a guided tour Thursday, October 24. The team and coaches were guests of Capt. W. B. Parham, Commander, Submarine Squadron Three.

The team was taken to the ship, anchored in San Diego Bay, by one of the Sperry's small boats and welcomed aboard by Captain Parham. After a tour of the 15,000 ton tender, the most popular space seemed to be the crew's mess deck where the team ate roast pork and ham dinner topped off with strawberry shortcake.

The commissary department presented the team with a large cake decorated as a football field and inscribed "Welcome Aboard Islanders."

After lunch and the presentation, the squad took another tour to the ship's soda fountain and then returned to school. The visit was apparently a success from a food standpoint, as one member remarked grimly after his third helping of shortcake, "I wish we didn't have to scrimmage this afternoon."

26 PCT. ABSENT FROM HIGH SCHOOL IN FLU OUTBREAK

No epidemic— school goes on

The Flu bug hit Coronado High School this week putting 26 per cent of the students on the absentee list as of Wednesday, Superintendent A. E. Schaefer said.

There is no evidence of an epidemic, and the high school will not be closed, Schaefer said. The homecoming football game here with Escondido tomorrow evening will be played as scheduled, he added.

Schaefer said he called Dr. J. B. Askew, county director of public health, when 140 of the total 570 students at the high school were absent Wednesday. Dr. Askew said closing the school would not accomplish anything. He expressed the opinion that the flu would "burn out" within 48 hours as there were more absentees on Tuesday than on Wednesday.

The absentees in the elementary schools is running normal, with about 3.5 per cent out yesterday, Schaefer said.

Junior High School had 6.3 per cent absent yesterday, but the principal, Dr. Charles James, said the figure is normal. He said the absentee percentage is often higher in winter.

Health officers have not checked every case in the high school to see whether they are all due to the flu. Some respiratory difficulties may be due to common colds or other causes, Schaefer said.

The football squad expects to have most of the players available for the game tomorrow evening. Coach Roger Rigdon said he thinks the team will be stronger than last week when they succumbed to Brawley's gristmill. He said they will not be at full strength because practices have been limited since some players were out earlier in the week.

HOMECOMING QUEEN SALLY SEARS, center, is surrounded by her court of Coronado High School beauties. They will ride the feature float in tomorrow's homecoming pageant preceding

the Islander-Escondido football game at 8 p. m. Pictured are Statia Stanford, front-left, the Queen, and Charlene Cannell. Back left, Marjie Brown and Laura Lee Smith.

Sally will reign at Homecoming

Reigning over the homecoming pageant tomorrow evening will be Queen Sally Sears and her court, Laura Lee Smith, Marjie Brown, Statia Stanford and Charlene Cannell.

They will ride on a float during the pre-football game parade and in the crowning ceremonies at half time of the Coronado-Escondido game.

The courts' escorts will be the class presidents, Terry Jones, Ned Robertson, John Merton, Doug Horton, and Commissioner of General Affairs, Armando Cisneros who will place the crown on Sally.

The parade lineup will start at Star Park at 4:30 p.m. The parade will begin at 5 p.m., proceed down Orange to Sixth and F, where it will then break up.

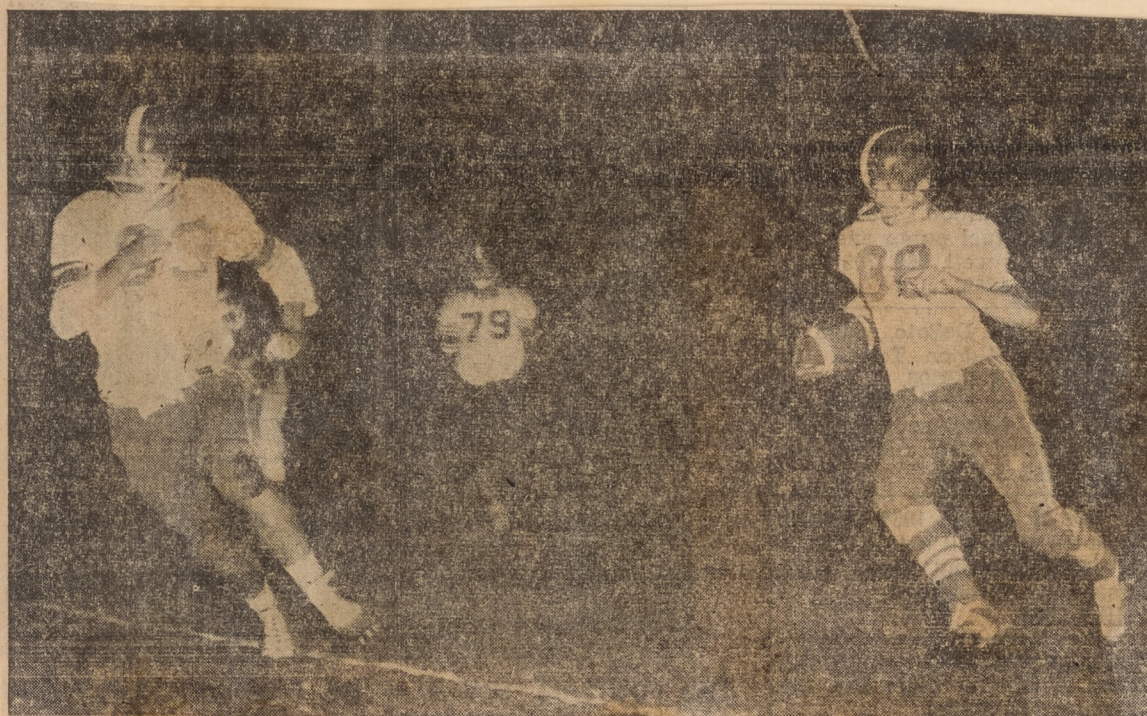

First in lineup will be the Naval Air Station Band and Coronado majorettes followed by the pep leaders, alumni cars, class cabinet cars, club cars, the administration which includes A. E. Schaefer, Wilfrid Seaman, Marvin Nottingham and Paul Shaler; the queen's float—loaned by the Chamber of Commerce—and the student cars.

There will be prizes for the best decorated student car. The police department will escort the parade assisted by the Junior Police.

Half time activities will include Pat Primm twirling fire, the majorettes twirling fluorescent flags and a speech by Professor Ed Suggett, president of the Coronado Alumni Association.

Immediately following the game will be a Homecoming dance sponsored by the Lettermen's Club in the Junior High Gym.

COUNCIL REJECTS JOINT ELECTION WITH SCHOOLS

CORONADO LEFT HALFBACK GARY GRIMAUD, 88, kept Islanders hopes alive in the final period as he returned an Escondido kickoff 89 yards for a touchdown here Friday. Left tackle Jim Corley, 83, helps pave the way, as quarterback Walt Albright, 79, rushes into the action. Escondido won 49-18.

Tommy Lark Photo—Hotel del Coronado Studio

A proposal by the School Board to hold a joint election with the City of Coronado next April 8 was defeated by a 3 to 2 vote in the City Council Tuesday. Mayor Coleman Gray and Councilman Robin Goodenough voted for the joint election, Councilman Lloyd Harmon, Beverley Harrison and Walter Vestal opposed it.

Each election, held separately, will cost the city's tax payers in excess of \$4,000. The joint election, with no area problems as the city and school district are the same, would save the taxpayers more than \$4,000. The School Board will be seeking a so far undetermined amount of tax increase to meet growing costs and increased salaries. The two elections will be held about a month apart.

Councilman Harrison objected to the joint election because "the voters will think the city is responsible for the schools." Councilman Vestal said "The city will be seeking bond money and we will both lose." Other council expressions were that the voters would be confused, that with more than one money request, everything would lose.

ISLANDER FANS' HOPES FADE as Coronado fails to make conversion following Grimaud's 89-yard romp to a touchdown.

Tommy Lark Photo—Hotel del Coronado Studio

Coronado title hopes fade in 49-18 Escondido loss

Coronado's annual Homecoming turned into a sorry affair last Friday night at Cutler field when a powerful, well-oiled Escondido squad downed Islander hopes of an Avocado league football title by a humiliating 49-18 score.

Superb Cougar passing and a weak Greenie aerial defense helped produce Escondido's fifth straight league victory. The Cougars' air experts, Dick Arreola and Roland Tamoyo hit on seventeen of thirty-one tries for six touchdowns and one point after touchdown.

The Island team hit the scoreboard first on a six-yard plunge by halfback Hal Tobin, Southern California's leading high school scorer. But from there it was Escondido's game. Coronado wasn't to score again until the final quarter.

After the initial touchdown, the orange and black clad Cougars bounced back with a sixteen yard touchdown run by Gordon Frank. And they kept on bouncing. In the Island scoreless second quarter, a long pass play and a recovered Greenie fumble resulted in two more Escondido touchdowns.

At halftime the score stood Coronado 6, Escondido 21.

Wasting no time when play resumed in the third period, the Cougars' Frank found the Island end zone on a thirty-five yard pass play from Arreola in their

first play. Greenie defense held the Escondidans to one score that period.

It was Coronado's turn to make points in the final quarter, and Dennis Grimaud, CHS halfback, ran a kickoff back eighty-nine yards for the first Coronado fourth quarter tally, and in the final minutes a Walt Albright to Bruce Yates pass produced the third and final Coronado touchdown of the evening. Coronado made no successful PAT attempts the entire evening, Escondido was good for six out of seven in that department.

The Cougars wrapped things up in the last quarter with four more assorted touchdowns. Several Island pass interceptions and recovered fumbles were in vain.

Coronado High School now sports a 3-1 league record and still has a good chance at a second place in the final league standings.

Tomorrow night at 8 p.m. is the Greenies' last home game, against unpredictable San Diego. Next week Oceanside is the scene of activity when Roger Rigdon's squad takes on the Pirates in the season final.

MAJORETTE PATTY PRIMM
Expertly twirling a flaming torch during half-time activities of the Coronado Homecoming game.

SALLY SEARS, Coronado High School's 1957 Homecoming Queen was crowned during half-time of the Escondido-Coronado football game last Friday by Armando Cisneros, commissioner of general affairs.
Tommy Lark Photo—Hotel del Coronado Studio

Queen and court highlight gala homecoming pageantry

Last Friday night marked Coronado High School's 1957 Homecoming. Reigning over half-time pageantry and the pre-game parade was Miss Sally Sears. Her court included the Misses Statia Stanford, Laura Lee Smith, Marjie Brown and Charlene Cannell. In the parade the court rode on a float donated by the Chamber of Commerce and decorated by the firemen and policemen.

Winner of the prize from Shell Corner for the best decorated car was the Art Club car, driven by Judy Kelley. Second and third places were won by GAA and the Islander staff.

During half-time of the Coronado-Escondido game, Miss Sears

was crowned homecoming queen and the court was presented corsages. The band marched and the majorettes and flag twirlers performed for an over-flow crowd.

Immediately following the game the homecoming dance was held in the Junior High gym where the court was again presented.

IN A PRE-GAME WARM-UP before the Homecoming game last Friday members of the Coronado Alumni Association honored Professor Edward Suggett, president of the association and a football star, class of 1920. Pictured are Mrs. Suggett, left, Elwin T. Anderson, Professor Suggett, Hilding Weisgerber and Louis deRyk Millen.

Moms and Dads go to school the easy way

Parents of students at Junior High School will be "put through the mill" tonight after they assemble in the high school auditorium to meet the junior high principal, Dr. Charles James, at 7.30 p.m.

"Back to School Night," sponsored by the Parents-Teachers Association will see the parents attending each class their girl or boy attends daily. They will meet instructor in each class and be given a brief summary of activities that take place on an ordinary day.

Most parents will attend seven classes, depending on the number their child attends, but the parents will "have it easy" with only 15-minute classes.

Robert Bradt is chairman of the program and will preside at the assembly in the auditorium preceding the classes.

Junior high students earlier this week took home programs in the form of class schedules showing the parents which classes to attend at what time, the room numbers, and the teachers.

Following a "hard night of classes, refreshments will be served on the patio, Bradt said.

Schools note flu decline

We are wondering if the City Council could not take another look at the request of the Coronado School Board that the election for a proposed school tax rate increase be put on the same ballot as that of the city election of next April 8. We believe there are many good reasons why these two elections should be on the same date and on the same ballot.

First, there is a little matter of saving \$4,400 in costs, a cost that will be paid for, one way or another, by the same taxpayers, because the city election comprises exactly the same district as the school district, and the same people will vote. Now, \$4,400 isn't all the money in the world, but for goodness sake why not save it? Especially in this age of rising costs on all fronts.

But there are other reasons for a joint ballot:

Convenience to the voters, who if two elections are held will make it necessary for citizens to go to the polls twice in perhaps a month.

Convenience to those property owners who open their garages for polling places. Of course they get paid for it, paid something, that is, but not near enough for the trouble caused by the removal of everything from those garages so clerks may clerk, counters may count, and people may vote.

More citizens will vote in a joint election than would if the School Board held a separate deal; school elections are usually unmarked by large turnouts, and for a true expression of the feelings of the citizens a big vote is desirable.

It is a legal and common practice to combine such elections where possible, as is the case here, where the city and school district are coterminous.

We do not hold with the expressions from some city councilman at the November 5 council meeting that to merge these two elections would "confuse the voters." We think the citizens of Coronado are intelligent enough to make decisions, and that even if other money matters are placed on the April 8 ballot they can still make decisions. There also was the fear expressed at the council meeting that "if we put two money bills on one ballot, both will lose." We do not think this is true; we believe the voters would prefer to see the whole picture at one time, rather than be given the story piecemeal, like doling out candy to a baby.

What the City Council has in mind for other money issues on the April 8 ballot is not yet fully determined, though there was some talk of a bond issue for a new fire station, undoubtedly badly needed. Schools are needed, too, and there is good reason for the proposal to be made by the School Board for an increase in the allowable tax rate of the Coronado Unified School District. Rates in this school district have never been raised, are now the lowest in San Diego County and costs are rising all along the line, what with the steady inflation that has hit us all the last few years, including school costs. The School District must keep wages at a level comparable to other districts in the county, must continue to pay for supplies that now cost more than 20 per cent more than three years ago, and to

meet other growing charges of an increasing school population, steadily increasing.

The tax limit here is \$1.65, lowest in the county for a unified school district. At least a dollar lower. What the proposed increase will be depends on surveys now being made, including an appraisal of how much money will come our way from Uncle Sam in the form of school aid and a determination of how the state's average daily attendance money will take its place in the budget. This ADA money shows a diminishing return as school population rises and administrative costs mount. Our schools are jumping with new children. They will continue to jump in the near future as the crop of war babies gets older and older. Look for instance at the figures of five years ago and as of today: In 1952 the elementary school had an enrollment of 1,597, today it is 2,412. The high school in 1952 housed 419 students. Today 575 boys and girls jam the classrooms each day.

You could never make a school administrator believe that two can live as cheaply as one, or that 2,987 students can live as cheaply as 2,016.

But the issue here is not whether we should approve a tax increase; the issue is whether the City Council should make the choice more easily available to all the citizens, and save \$4,400 for those citizens at the same time. The School Board wants to save the money. We believe the City Council should too.

G.K.W.

The number of flu cases in Coronado Public Schools is "declining rapidly," said Superintendent A. E. Schaefer.

He said the flu is definitely on the downgrade and there is every indication that things will be back to normal in a short time.

There were fewer absences Monday than Friday and fewer yesterday than Monday, he said.

Junior High School counted 81 students absent last Friday. There were 61 absent yesterday.

Figures for the other Coronado schools were not available today, but Schaefer said the picture in Junior High appears to reflect the condition of the other schools. He called all school principals yesterday and they agreed that the flu outbreak has passed its

peak.

The number of absences reached a high point about the first of November when 26 per cent in the high school were absent. Other schools also recorded a sharp rise in absences.

Superintendent Schaefer at that time called Dr. J. B. Askew, county director of public health, when 140 students of the total 570 were missing from high school. He asked Askew whether school should be dismissed to avoid an epidemic.

Askew advised against closing the schools, saying the move would accomplish nothing. He expressed the belief that the flu would "burn out" within 48 hours.

Not all the present cases are attributed to Asian flu, health officials said yesterday.

Some are due to common colds and respiratory ailments, they said.

School Board to set tax election

The Coronado School Board will meet at 8 p.m. Monday to plan a tax election to meet increasing salaries and expense, said Board Chairman A. J. Gray.

The amount of the proposed raise will be announced later, Gray said.

The City Council November 5 voted against a joint tax election next April. Each election held separately will cost taxpayers in excess of \$4,000.

In refusing to allow the school tax increase on the April ballot, Councilmen Harrison, Harmon and Vestal said there was already one bond issue on the ballot and that another request for a tax hike would jeopardize the chances of both issues passing.

School Superintendent A. E. Schaefer said the salaries of teachers, raised in October but still behind San Diego schools, will have to be cut back if money cannot be raised.

Open house at CHS tonight

Tonight at 7:30 p.m. school will be in session for all parents of students at Coronado High School as it celebrates American Education Week.

The Fall Open House is a special opportunity for families to come and meet the teachers and to see the school in action. It is held each year and is a result of the many requests received from parents who desire a program that will give them an opportunity to meet instructors and discuss courses in the early part of the year.

A program of each child's daily schedule has been arranged and distributed to parents, who will follow their children's schedule. "Classes" start at 7:30, with each one lasting 12 minutes.

All teachers will be in their classrooms to briefly explain the content and objectives of the subjects being taught.

POSING IN THE LATEST fall fashions at Thursday's Glorietta Mothers Club meeting are six Glorietta Elementary School teachers and one club member, who modeled for the fashion show which highlighted the meeting. Models

are, left to right, Miss Betsy Wise, Mrs. Grace Olson, club member, Miss Jane Fortner, Miss Charolette Kerr, Miss Jacklyn Love, Miss Sue Cleminson and Miss Noreene Petro.

Fall fashions, chanteys entertain mothers

A fashion show, spotlighting the latest in fall styles and a program of traditional sea chanteys and popular selections, rendered by the PhibPac Chanteymen highlighted the November meeting last Thursday of the Glorietta Mothers Club.

Appearing as models in the fashion show were six Glorietta Elementary School teachers and one club member. The club member, Mrs. Grace Olson, modeled maternity styles.

Displaying fall fashions were teacher-models Betsy Wise, Jane Fortner, Carolette Kerr, Jacklyn Love, Sue Cleminson and Noreene Petro.

The PhibPac Chanteymen, directed by Seaman Van Welch, presented six selections ranging from traditional sea chanteys to popular numbers and climaxed their presentation with the Navy Hymn, "Eternal Father, Strong to Save."

The 26-man Navy choral group appeared through the courtesy of Vice Admiral Carl F. Espe, Commander of the Pacific Fleet Am-

phibious Force.

Ben Cohen, newly-elected member of the Coronado School Board, attended the meeting and was introduced to club members. He spoke briefly and answered questions from the membership.

Mrs. James George Smith of 1845 Mullinnix Drive won the November "Mother of the Month" award and was presented with gifts of a Mexican dinner for two,

linen, costume jewelry and five gallons of gasoline.

Gifts of jewelry also were presented to Miss Judith Fortner, whose class won the attendance prize and to Mrs. Olson.

Refreshments were provided and served by a committee of sixth grade students' mothers under the co-chairmanship of Mrs. Verna Scott and Mrs. Alice O'Halloran.

Thorne McCarty, science student, tops Honor Roll at Junior High

Thorne McCarty, 13, an eighth-grader at Coronado Junior High, topped the honor roll on a list released today by the principal, Dr. Charles G. James. McCarty has all A grades.

McCarty who plans to study science is the son of Cdr. and Mrs. Lindsay C. McCarty, 1021 Encino Row. Cdr. McCarty is Commander, Submarine Division 32 here. The family has lived in Coronado a year and a half.

Seventy-four seventh and eighth graders of a total of 570 students at the school, are on the Honor Roll compiled by Dr. James. To get on the list a student must have all A and B grades. One C is allowable if offset by an A grade.

Eighth grade students are: Section 1, Brenda Adams, Cindy MacKenzie, Katherine Mcss, and Carvill Veech.

Section 2: Jim Fischer, Randy Hardy, Sunny McCulley, Frances Miller and Martha Plumb.

Section 3: Lynne Alexander, Marcelle Boyum, Dianne Caldwell, Kathe Callister, Kent Crawford, Bill Denny, Toni Gallatin, Cary Kauffman, Mary Volk, and Dee Ann Woodard.

Section 4: Claudia Clapp, Charis Kellog, Thorne McCarty (all As), and Tamra Moy.

Section 5: Dianne Akers, Janice Buckley, Dolores Corn, Lanny Dickson, Scott Fischer, David Hanson, Frank Kilgore, Bill Madden, Bud Smith, David Walker, Mike Wells and Jack Whistler.

Section 6: Ellen Bicknell, Cinda Callister, Grace Esworthy, Mary Jo Hurka, Kay Monjo, Pam Neal, and Leslie Young.

Seventh graders on the Honor

PTA MEETING TONIGHT CANCELLED

The Parent-Teachers Association meeting scheduled tonight in the high school auditorium has been cancelled, it was announced today.

The reason given for the cancellation was that Dr. Richmond Barbour of San Diego, who was to speak to the group tonight, is ill and can not be present.

Thorne McCarty tops honor roll

(Continued from page 1)

Roll are: Section 1, Marilyn Meek, Leslie Miller, Joseph Pepe and Susan Sellers.

Section 2: Pat Denny, Jeanette Elliot, Priscilla Gilbert, Terry Goodbody and Kara Lee Grosdidier.

Section 3: Ann Bassett, Judy Cordonier, Jayne Lewis and Linda Pierce.

Section 4: Patsy Cock, John Newhall and Karen Schoenfeld.

Section 5: Jennifer Dobbs, Kathy Godfrey, Michael McPhillips, Robert Taylor and Dicky Winant.

Section 6: Janice Loggans, Shannon McCrary, Dale Ness, and Linda Norris.

Section 7: Levana Gray, Eileen O'Halloran, Bill Price, Eric Ramsing, Nancy Sears, Jimmy Treadwell and Robert Tuttle.

Barbara Katherine Basford

Barbara Basford engagement told

The engagement of Barbara Katherine Basford to Jerald W. Keller, son of Mr. and Mrs. Earl Keller of Darlington, Idaho, was recently announced by her parents, Mr. and Mrs. Byron J. Basford, of 354 B avenue.

No date has been set for the wedding.

The bride-to-be is a junior at Coronado High School. She is a member of the Junior Police and Job's Daughters.

Her fiancé is a graduate of

here with his daughter, Mrs. E. Glenn Cooper at 732 J avenue.

Survivors include his widow, Vivian Louise Sigman; daughter Mrs. Cooper and grandson First Lt. Glenn H. Cooper, U. S. Air Force.

Mr. Sigman was president of M. L. Sigman Forest Products Co., of Monticello, Arkansas, vice president of the Commercial Loan and Trust Co., and a former president of the Cooperage Industries of America. He had owned and operated forest holdings and mills for the last 43 years, and was recognized as one of the leading conservationists in the South.

Burial will be at Monticello, Arkansas, Sunday, November 24.

Sub Flot One wives to meet today in SD

Submarine Flotilla One officers' wives will meet for their regular monthly luncheon today at the Naval Station Officers' Club, San Diego.

HAL TOBIN

Tobin wins Breitbard athletic award

Hal Tobin, 5 foot 10-inch, 190 pound Coronado High School halfback, has been voted the Breitbard Athletic Foundation Star of the Month sun-gold plaque award for October.

Bill Whitney, managing director of the foundation, made the announcement today.

Tobin's season total (prior to the Oceanside game Nov. 15) was 127 times-carried-ball for 1,079 yards, for an average carry of 8.5 yards.

"It is noteworthy that Tobin has scored 21 points after touchdown on RUNS," the announcement said. "Tobin is also a defensive halfback of quality."

His performance in four winning Coronado games during October follows:

Laguna Beach (34-12): 15 TCB, 166 yards, 21 points; scoring runs: 20-84-32.

Vista (35-6): 12 TCB, 153 yards, 23 points; scoring runs: 36-22-55.

Mar Vista (34-19): 20 TCB, 129 yards, 16 points; scoring runs: 80-5.

Fallbrook (49-0): 15 TCB, 197 yards, 23 points; scoring runs: 60-35-9 and one on a pass received.

Tobin was selected for the Breitbard Award over Russ Boehmke (Lincoln), Bob Jordan (Sweetwater), John Davies and Kent Berry (S.D. Jr. College), Calvert Fackrell (S.D. High), and Al Hall (Marine Recruit Depot).

TEACHERS' PAY

The Coronado School Board Monday passed by a 3-1 vote a six per cent pay increase for all Coronado Unified School District administrators.

Superintendent A. E. Schaefer told the board the increase will cost the schools \$3,647. The pay raise is only temporary and will be cut if the tax election planned for 1958 fails, he said.

Eugene Horton voted against the raise, saying administrators have the benefit of job security, a one-year contract but only work 11 months and that the present salary is ample until the board makes a search and comparison of the pay scale with San Diego schools.

He did, however, recommend a minimum wage scale of \$8,000. This would affect two persons, who receive less than that.

The six per cent raise passed by the board will become effective immediately. It will increase the pay of Paul Berry, principal of Central Elementary, by \$602 to \$10,650; Wilfrid Seaman, high school principal, \$575 to \$10,140; Miss Mee Walker, vice principal of Glorietta, \$434 to \$9,480; Dr. Charles James, principal of junior high, \$518 to \$9,170; G. Stewart Neely, vice principal of junior high, \$496 to \$8,770; Marvin Bensley, principal of Crown, \$480 to \$8,460; and Marvin Nottingham, vice principal of high school, \$442 to \$7,750.

The board also voted to raise the pay of Mrs. Grace D. Bush, school business manager, to \$7,800. She was making \$6,930.

The School Board agreed to set a date for the coming tax election at the December 16 meeting of the board.

The present rate is \$1.65 for \$100 of assessed valuation. Schaefer told the board a one-cent increase will amount to an additional income of \$1,700, based on Coronado property value estimated at 17 million dollars. The board will decide how much increase to ask for by the December 16 meeting.

There are now about 5,084 registered voters in Coronado, Schaefer said. There will probably be 7,000 by the time the bay crossing election comes up in April. He said he expects this increase to benefit the school's request for a tax raise.

In further action, the board passed a motion to have A. J. Gray, president of the board, approach the City Council on reinstating \$10,000 of in-lieu tax money the city cut off when it began removing units from the public housing area.

Schaefer said the city was paying \$35,000 annually for students living in the housing. When they began removing units, they cut the in lieu tax payment to \$25,000 on the basis of fewer students from the housing attending Coronado schools.

"However," he said, "they stopped taking out the housing and the school population is greater now than it was a year ago."

When the five units were taken out the rental on the other units was raised, so the gross income from the housing is the same.

On other items the board:

Said plans and specifications for the new construction at the high school gymnasium will be revised and submitted to the state for approval;

Saw a demonstration of visual remedial reading equipment, and will look into the purchase of some units for local schools;

Discussed the removal of buildings on lots 23 and 24 near Glorietta School for use of the lots as playgrounds and agreed to accomplish the work in the spring or summer;

Heard Schaefer's report that final cost of the construction of Crown School came to \$111,379.74.

POSING IN THE LATEST fall fashions at Thursday's Glorietta Mothers Club meeting are six Glorietta Elementary School teachers and one club member, who modeled for the fashion show which highlighted the meeting. Models

are, left to right, Miss Betsy Wise, Mrs. Grace Olson, club member, Miss Jane Fortner, Miss Charolette Kerr, Miss Jacklyn Love, Miss Sue Cleminson and Miss Noreene Petro.

HAL TOBIN

Tobin wins Breitbard athletic award

Hal Tobin, 5 foot 10-inch, 190 pound Coronado High School halfback, has been voted the Breitbard Athletic Foundation Star of the Month sun-gold plaque award for October.

Bill Whitney, managing director of the foundation, made the announcement today.

Tobin's season total (prior to the Oceanside game Nov. 15) was 127 times-carried-ball for 1,079 yards, for an average carry of 8.5 yards.

"It is noteworthy that Tobin has scored 21 points after touch-down on RUNS," the announcement said. "Tobin is also a defensive halfback of quality."

His performance in four winning Coronado games during October follows:

Laguna Beach (34-12): 15 TCB, 166 yards, 21 points; scoring runs: 20-84-32.

Vista (35-6): 12 TCB, 153 yards, 23 points; scoring runs: 36-22-55.

Mar Vista (34-19): 20 TCB, 129 yards, 16 points; scoring runs: 80-5.

Fallbrook (49-0): 15 TCB, 197 yards, 23 points; scoring runs: 60-35-9 and one on a pass received.

Tobin was selected for the Breitbard Award over Russ Boehmke (Lincoln), Bob Jordan (Sweetwater), John Davies and Kent Berry (S.D. Jr. College), Calvert Fackrell (S.D. High), and Al Hall (Marine Recruit Depot).

The Coronado School Board Monday passed by a 3-1 vote a six per cent pay increase for all Coronado Unified School District administrators.

Superintendent A. E. Schaefer told the board the increase will cost the schools \$3,647. The pay raise is only temporary and will be cut if the tax election planned for 1958 fails, he said.

Eugene Horton voted against the raise, saying administrators have the benefit of job security, a one-year contract but only work 11 months and that the present salary is ample until the board makes a search and comparison of the pay scale with San Diego schools.

He did, however, recommend a minimum wage scale of \$8,000. This would affect two persons, who receive less than that.

The six per cent raise passed by the board will become effective immediately. It will increase the pay of Paul Berry, principal of Central Elementary, by \$602 to \$10,650; Wilfrid Seaman, high school principal, \$575 to \$10,140; Miss Mee Walker, vice principal of Glorietta, \$434 to \$9,480; Dr. Charles James, principal of junior high, \$518 to \$9,170; G. Stewart Neely, vice principal of junior high, \$496 to \$8,770; Marvin Bensley, principal of Crown, \$480 to \$8,460; and Marvin Nottingham, vice principal of high school, \$442 to \$7,750.

The board also voted to raise the pay of Mrs. Grace D. Bush, school business manager, to \$7,800. She was making \$6,930.

The School Board agreed to set a date for the coming tax election at the December 16 meeting of the board.

The present rate is \$1.65 for \$100 of assessed valuation. Schaefer told the board a one-cent increase will amount to an additional income of \$1,700, based on Coronado property value estimated at 17 million dollars. The board will decide how much increase to ask for by the December 16 meeting.

There are now about 5,084 registered voters in Coronado, Schaefer said. There will probably be 7,000 by the time the bay crossing election comes up in April. He said he expects this increase to benefit the school's request for a tax raise.

In further action, the board passed a motion to have A. J. Gray, president of the board, approach the City Council on reinstating \$10,000 of in-lieu tax money the city cut off when it began removing units from the public housing area.

Schaefer said the city was paying \$35,000 annually for students living in the housing. When they began removing units, they cut the in lieu tax payment to \$25,000 on the basis of fewer students from the housing attending Coronado schools.

"However," he said, "they stopped taking out the housing and the school population is greater now than it was a year ago."

When the five units were taken out the rental on the other units was raised, so the gross income from the housing is the same.

On other items the board: Said plans and specifications for the new construction at the high school gymnasium will be revised and submitted to the state for approval;

Saw a demonstration of visual remedial reading equipment, and will look into the purchase of some units for local schools;

Discussed the removal of buildings on lots 23 and 24 near Glorietta School for use of the lots as playgrounds and agreed to accomplish the work in the spring or summer;

Heard Schaefer's report that final cost of the construction of Crown School came to \$111,379.74.

School Fund Restored At Coronado

CORONADO — The City Council yesterday by a vote of 4 to 1 restored \$10,000 in lieu of tax funds to the city school board.

Councilman Harrison cast the dissenting vote. The council acted on a request from the school board.

The funds had been reduced by the demolition of five buildings in the Coronado Housing Project. A plan to demolish 24 additional project buildings has been delayed by request of the 11th Naval District commandant.

FEDERAL ALLOCATION

Prior to demolition of the buildings, \$10,000 had been allotted to the school board from federal funds. This amount was replaced by city funds after the council vote.

The added funds make a total of \$35,000. School Board President A. J. Gray, USN, ret., said a proposed ballot for a tax increase to be voted on next year will be reduced by a proportionate amount.

12/4/57
San Diego
Union

VOTERS URGED TO REGISTER

All new residents to Coronado and old residents who have not done so are urged to register so they can vote in the school tax election in March, said John C. Baker, president of the Coronado Teachers' Association.

The legal requirements are residence of one year in California, 90 days in the County, and 54 days in the precinct. It is necessary to register 54 days before an election in order to vote. This means that all those eligible should register during December or early January.

At present it is necessary to go to the City Hall on the Strand to register or to Strand Realty at 1114 Orange avenue.

This registration will qualify a voter for the several other elections coming up this spring, Baker said.

A conversation with Deke Schaefer led to last week's High Tide column about science and mathematics courses in schools and also stimulated action along other lines. The Coronado superintendent of schools started us thinking that may be something more important than just a column could come from our talks with Deke. What came from it was a resolution written by this columnist and adopted by the San Diego County Democratic Central Committee urging Gov. Goodwin Knight to include in his expected call for a special session of the Legislature on water problems a provision that the state lawmakers do something to stimulate the broadened teaching of the sciences throughout the state's schools and an expanded program of state scholarships for students showing marked ability along science, math and other lines.

None of this, of course, would be possible to the fullest extent without provisions for training—and retaining—more and better teachers in the science field. All these things cost money, and with the present state of school financing it seems evident that the only way such a program can be achieved is by state aid. We have talked with members of school boards in Coronado and else-

(Continued on Page 10)

Hi Tide

(Continued from Page 4)

where (three of the Democratic County Committee members are also school board members in their respective districts) and they have made it clear that schools by and large cannot do much more financing of anything with the funds available to them, mostly from taxes on property, already high in most every district except Coronado.

The consensus of these school board people (without exception) was that state aid is the only answer, the state being in a position to bring money to the schools from many sources, not just property taxes. It should be remembered, for instance, that the state sales tax, now bringing in many hundreds of millions a year, was sold to the people as an aid to schools.

This is not, surely, a partisan issue. Recent, and embarrassing, developments in the international field have made it mandatory that we move ahead on every possible scientific front. If Governor Knight calls for a study of the school structure in California, with particular reference, though not necessarily total reference, to science programs, and the Legislature gives heed and votes to the end of improving our status, it could mean that the State of California would be in the forefront in this field. We are the second state, and soon will be the first; we are the forward looking state, and should always be. Americans generally, as is evident by the wide and continuous range of stories in the newspapers, are aware we need to bolster our science resources, and Californians are not exceptions.

May we respectfully suggest that any reader who agrees with our call on the governor write him at the State Capitol, Sacramento 14, California?

SALLY SEARS

Sally Sears gets citizenship award

Sally Sears was honored recently by receiving the Daughters of the American Revolution citizenship award.

The award is presented annually to a senior girl who is the most outstanding of her class in: Dependability, service, leadership and patriotism.

The award was begun by D.A.R. many years ago to reward girls of fine characteristics, to encourage them to become excellent citizens and to help them appreciate American history.

Miss Sears will take a test on government and U. S. history which will place her with the other D.A.R. representatives in the nation.

She was Coronado High School's Homecoming Queen for the 1957 Season.

High School play opens tomorrow

Coronado High School's amusing comedy farce, "The Man Who Came to Dinner," will open tomorrow night at 8 p.m. in the high school auditorium. The play, a Broadway hit in 1939 and successful movie in 1940, will be presented only two nights, Friday and Saturday.

Paul Plumb plays the lead, Sheridan Whiteside, whose injury on the doorstep of the Stanley home forces his long visit.

Director Bobbie Booth said only one set is used in the play because the entire action takes place in the Stanley home.

An unusual feature in this year's play is the double casting technique, said Linda Marshall, student director. For every girl's role in the play, two are cast. One to play the part Friday and the other on Saturday.

Tickets for the production may be purchased at the door. Admission is 50 cents.

Mediocrity and canned brains

Coronado, Calif
December 5th, 1957

Dear Mr. Editor:

Coronado is fortunate in having good public schools. This is not so elsewhere in the state. I do not believe the trouble lies in the buildings, equipment, nor in any great degree, the staff. The schools are a reflection of the public. Those school officials who desired to adhere to a curriculum demanding an exertion on the part of the pupil have been fired or cowed. They were not progressive. They did not recognize that "All men are created equal." Johnny must not be flunked for any reason, whether it be for lack of mental ability or plain laziness, because that would give poor Johnny an inferiority complex.

Mr. Editor, we want everything canned for us. If we could buy a brain crammed with knowledge at the super market we would do so, since we can't make ourselves equal that way, we decree that every boy and girl shall be a high school graduate. Hence, we make everyone feel equal at the cost of depriving the more competent of a satisfactory education. No education is satisfactory unless it brings latent capability to fruition. The country as a whole is the loser for it is the creative mind that makes it possible for the repetitious worker on the assembly line to enjoy the high standard that he does. We are inclined to forget this in our worship of the common man. To be sure each one has but one vote, the illiterate, the learned; the stupid, the wise; the evil, the good; the waster, the frugal. I am reminded that Plato said a Democracy was the worst form of government. We have seen our Republic move toward a combination democratic, socialistic, dictatorship. The Supreme Court is attempting to become the counterpart of the Russian Politburo. For the present we have as our religion "The cult of mediocrity" which degenerates all public institutions to the lowest common denominator.

Yes, Mr. Editor, that is the trouble with our schools. The radio, TV and current periodicals preach the "Cult of Mediocrity"—the vulgar and indecent is portrayed as good manners. Professional boxers, baseball players, etc. and other triflers are depicted as superior members of our society. This picture shows us up for what we are—a soft headed, muddled brained people in rapid decline. What we need is some "Uncommon man" to lead us out of our dilemma and teach us how to properly evaluate, discriminate and segregate. We would like to have quality and quantity but most of all we need quality. Our schools can be as good as the European schools but we must want it. Further, we had better want it or the Sputniks will get us if we don't watch out.

Watcher.

High School seniors top national average

The present senior class at Coronado High School ranks far above the national average in all phases of academic endeavor, according to results of the school and college aptitude tests and the sequential tests of educational progress taken by the seniors this fall.

In the former test, results showed the students to score in the 98th percentile in both verbal and quantitative aptitudes, while the latter test showed the following standings: English achievement (writing) 89th percentile; mathematics achievement, 92nd percentile; science achievement, 79th percentile and social studies achievement, 89th percentile.

These percentiles show comparison by schools and indicated, in the case of the 98th percentile, that out of each hundred schools tested, Coronado surpasses 97 and is surpassed by only one, as the highest possible score is the 99th percentile.

Individual high scorers included Tom Bayless, Shirlee Greenlee, George Freese, Bill Martin, Roy Newton, Pat Sherman, Rufus Young and Susan Wilkens, all of whose scores were above the 80th percentile.

These tests are produced by the Educational Testing Service, the same organization which publishes the College Entrance Examination Boards, the National Merit Examination and the entrance examinations for the naval academy at Annapolis and the military academy at West Point.

Officials at Coronado High School were advised by a representative of the Education Testing Service that the record made by the students here was admirable and one to be proud of.

"The slightly lower science score reflects the recent turn-over in science instructors and the fact that it was necessary to hire an emergency teacher last year. However, the situation has been remedied so that this should be one of our highest scores in the future," said A. E. Schaefer, superintendent of schools.

"It is very gratifying, in view of the recent criticism of American public schools brought about by Russian scientific advances, to be able to say that Coronado High School students rank among the best in the nation. Their record in all subjects, including mathematics and science, is certainly commendable," he said.

High school slates choral music night

The annual Christmas concert of choral music will be presented by 85 members of the choral groups of Coronado High School at 7:30 p.m., Tuesday, December 17, in the High School Auditorium.

Mrs. Elizabeth Huser will direct the a cappella choir and the Girls' Glee Club in a program of old and new Christmas music. The public is invited to attend the program free.

The a cappella choir will sing traditional carols and music by Bach, Christianson and Ringwald. The Girls' Glee Club will be featured in a number and will combine with the choir for two groups of songs.

The "Little Choir," a group of 10 young people who have auditioned for the All-Southern California Conference Chorus which will sing for the National Music Educators' Conference in Los Angeles, will be heard in two numbers.

Polly Phillips will be the accompanist for the program and soloists will be Sharon Beck, Edgar Lopez and Dwight Johnson. Sam Wright will narrate the program.

The a cappella choir's other Christmas activities include programs for the Rotary Club, Kiwanis Club, the Methodist Women's Society of Christian Service and the Soroptimist Club.

'Pinata Prance' slated by CHS Spanish Club

A special dance band will provide music for dancing at the Coronado High School Spanish Club's "Pinata Prance" December 20 in the junior high school gymnasium.

Dancing hours will be 8 p.m. to midnight and admission, 35 cents stag and 45 cents drag. Featured food will be tacos of course. The dance is open only to CHS students.

High School to present hit comedy

Paul Plumb has been picked to play the lead in the Coronado High School annual all-school play December 6 and 7.

Plumb plays Sheridan Whiteside in the comedy "The Man Who Came to Dinner," which was a Broadway success.

The story centers around Paul Plumb who accidentally becomes a long-time guest of the unsuspecting Stanleys, by virtue of breaking his hip on their doorstep. Being a civilized family, they allow him to stay at their house until he recuperates—and there the conflict begins.

Also in the cast are Linda Appleby, Margot Nilsen, Pat Sherman, Dinah Snipes, Eleanor Brown, Alex Utgoff, Judy Rucker, Kay Weisgerber, Jane Huser, Gail Andreen and Diane Hartman.

Also Sharron DeWeese, Linda Madden, Caroline Rohrbough, Anne Goodbody, Marlene Herz, Wendy Wagner, Jim Shellenberger and Ron Vernetti.

Also James Pridemore, Tom Heath, Al Kait, Keith Nichols, Fred Cox, Jim Wood, Bill Martin, Jerry Winant, Jay Roubusch, Leroy Davis and Jon Sanford.

Hal Tobin on All-Western team

Hal Tobin, star Coronado football backfield player, received another honor this week when Teen Magazine placed him on its All-Western football squad.

The western team includes players from California, Washington, Oregon, Idaho, Montana, Utah, Wyoming, Colorado, Arizona and Hawaii.

Tobin had previously won the Breitbard Award, top San Diego County honor. He is the highest scorer in high school ranks.

VOLUME 44—NUMBER 51

Island basketball team drops three of four games in non-league play

By JOHN SHELLENBERGER

The Coronado High Islanders got off to a flying start in their 1957 basketball debut when they overcame a poor Grossmont five a few weeks ago on the Greenies' court. The final score was Coronado 34, Grossmont 26.

Although the winning margin could have been more, the Island team showed promise for a team having practiced together for only one week.

Ron Dotson, CHS center and forward John Morton were high point men with 12 and 10 points. Dotson also helped out with a lot of rebounding.

The following weeks weren't so happy for the Varsity at Coronado's gym. Mission Bay, probably the toughest team Coronado will face in a non-league affair this year, journeyed over the Island and when they journeyed back, they had a 56-28 win over a defenseless Coronado team.

Coronado was in the lead for the first few minutes of the game, but the Buccaneers pulled steadily ahead into an ever-increasing lead. Doug Crockett, Mission Bay center paced the MBER's effort by potting 24 points, most of them on a deadly jump shot from the free throw line. High point man for Coronado was Bill Bacon with 5 points. Mike Heyn, John Morton, Pete Davis, Ron Dotson and Dennis Grimaud all put in four points and Jack Purdom sank three points.

Last Friday and Saturday nights, playing the second games of two double-headers, the Islanders found themselves on the short end of the score again twice more, to non-leaguers Mount

Miguel, 50-40 and El Cajon, 58-52.

Too many missed shots and generally sloppy playing held back the Islanders in the Mount Miguel contest. The Greenies were behind 27-19 at halftime and never pulled themselves into a winning position. Ron Dotson was high point man with 16 points.

The next night against El Cajon's Braves found a much improved Coronado five almost winning. Ahead by as much as five points at one time, after being behind by three of four baskets, John Burriff's squad looked as though they might win.

However, the Braves made 20 of their 58 points on free throws caused by 25 Coronado fouls.

Forward John Morton fouled out of his second game in four starts and three other Greenies had four personals to their credit.

All of the Islanders played a fairly good defensive game, not counting the fouls or all the shots the Braves took unguarded.

Jack Purdom was top dog in the Island scoring department with 16 points.

Tonight Coronado meets Ramona High at 7 p.m. in the Kearney High School gym to start off the four-day Kiwanis tournament.

Tuesday, January 7, the Islanders begin their regular season with 14 league games scheduled. The schedule is:

Jan. 7, Vista, 6 p.m., there; Jan. 10, Mar Vista, 7 p.m., here; Jan. 14, Fallbrook, 6 p.m., here; Jan. 17, Carlsbad, 7 p.m., here; Jan. 21, Escondido, 6 p.m., there; Jan. 24, San Dieguito, 7 p.m., there; Jan. 28, Oceanside, 6 p.m., here;

Jan. 31, Vista, 7 p.m., here; Feb. 4, Mar Vista, 6 p.m., there; Feb. 7, Fallbrook, 7 p.m., there; Feb. 11, Carlsbad, 6 p.m., there; Feb. 14, Escondido, 7 p.m., here; Feb. 18, San Dieguito, 6 p.m., here and Feb. 21, Oceanside, 7 p.m. there.

12/18/57
The Coronado School Board Monday voted by a unanimous decision to call a tax election March 4, 1958, to ask for a .59 cent tax increase. The raise would increase the taxes from the present \$2.15 to \$2.74, still .20 below all other school districts in the county.

The Board said unless the tax raise is approved by the voters, the expenses next year will exceed income by \$103,545.

The well-known teacher shortage is making it increasingly difficult for Coronado to compete in recruiting and keeping good teachers, the Board said. Adequate financing is the only answer. Since Coronado Schools have long ago eliminated the "frills," the cuts, if the election fails, will have to be made in the basic program, such as teachers, books and pupil supplies.

"All salary increases for teachers this year would have to be withdrawn. This would make it most difficult to hire new teachers and to retain key teachers now employed," said A. E. Schaefer, superintendent of schools.

He said in 1948 the assessed valuation per school child in Coronado was \$9,800. In 1957 it has dropped to \$6,747. As a result, the ability to raise money above the statutory limit of \$1.65 per hundred dollars valuation per A.D.A. has dropped 30 per cent at the same time the cost of general operation has gone up.

Four new school buildings have been built since the school operational tax rate was set at its present level. Increased funds are required to operate and staff these buildings.

Schaefer said "We think we do as good or better job per dollar spent as any school district in Southern California. We are not trying to out-spend other districts, but rather the Board and school staff have tried effectively to make every dollar count.

"Coronado is providing good education for her 3,010 children this year. Every child goes to school a full day. We have a good teaching staff working with ample materials in classrooms that are not overcrowded. But," he added, "to continue this program we will have to have money."

The present operational tax rate was set in 1948. Since then the value of the dollar has decreased 20 per cent, while the number of students has risen from 1,321 to 3,010. Coronado is gradually expanding in population.

BUDDING EGGHEADS—Teacher Bob Fangman helps his group of eager beaver junior science students further their studies of mathematics and science in weekly after school sessions on Tuesdays. Here, the Coronado Junior High students work on a problem dealing with the mathematical aspects of astronomy.

visit. Left to right are Vice Thomas, Commander Amphibi Captain Draper L. Kauffman

Rabbi Cohn asks

When the United Fund Drive ended its two week crash program December 13, Coronado had reported \$4106, or 94.5 per cent of the goal set as the stepping stone toward the real need figure.

The sum raised by all drive last year had been determined the first step in the drive for \$4,250,000, the amount needed for operating funds for nearly 10 agencies. Coronado's share is \$5,500.

At the report meeting held Friday drive chairman Rabbi Mordecai J. Cohn said he would ask United Fund directors to open new campaign January 6 to complete the work toward the goal set by the community.

Rabbi Cohn had special praise for the military divisions in the campaign, both of which topped their stepping stone quotas. Uniformed personnel collected \$213,638 if a \$210,140 goal and civilian employees collected \$39,023 of a \$85,320 goal.

Commerce and industry was the division showing the lowest percentage gained. Only 33 per cent of that division's \$916,400 goal has been collected.

Because of the consistent trend of larger gifts to the One Big Drive, Rabbi Cohn told the group that he felt a renewed campaign following the rush of the holiday season would produce the funds needed.

"This organization has an obligation to the agencies that promised to give up separate campaigns," John Weston, Coronado chairman, said last week. "Any person in our city who was not contacted for a personal or firm gift may call me and I will surely see that he is called upon. Every gift counts."

Some South Dakota farmers liv

Science students explore secrets of outer space in weekly sessions

Even before the famed Sputnik was projected into its orbit, Coronado's junior high science students had set up a project to study the mathematical aspects of astronomy.

From his science classes, teacher Bob Fangman selected 13 students among those who volunteered to meet Tuesdays after school to delve further into the mysteries of outer space. Attendance to these sessions has been 100 per cent, except for illness and student enthusiasm remains high.

The group is now working math problems on the college sophomore level. One of the more simple of the problems they have solved is to calculate the synodic period of the planet Venus, whose sidereal period is 224.7 days. Fangman helped the students with this one; they worked out the same problems for the other eight planets at home on their own.

The idea of after-school math work had its inception last spring and this year has grown into a regular project. After finishing their study of mathematical aspects of astronomy, the group (all eighth graders) plans units on electricity and chemistry.

Four or five of the students have learned to use the slide rule with dexterity, which is interesting to note, since the junior high curriculum includes only arithmetic. A knowledge of algebra is needed to solve the problems these youngsters have tackled.

Just how well do the participants like the idea? "It's interesting and I'm advancing in science through it," says Thorne McCarty. "It helps me to know more about what the future holds, since I want to be a scientist."

One of the girls, Dianna Akers, tells her reason for joining the group: "I'm not sure what I want to be when I grow up, but this will help me in high school and it is interesting and fun."

"Right now astronomy is important to the world because of Sputnik," asserts Jim Willems. "I hope to be a scientist."

Kathe Callister says, "I think it's interesting and fun, and it will help us in future years."

In the first of his series of talks to the American people last month, President Eisenhower warned, "One of our greatest and most glaring deficiencies is the failure of us in this country to give high enough priority to scientific education and to the place of science in our national life."

Coronado's schools are stressing this need for better quality and the need for more science and math through such projects as this. At the same time, local schools are working toward a continually broadened education for all its students.

The junior high extra-curricular math-science group includes, besides those mentioned: Lynne Alexander, Dianne Caldwell, Cary Kaufman, Dee Anne Woodard, Jan Buckley, Mike Wells, David Walker, Mike Bunker and David Hansen.

Glorietta Mothers Club slates children's annual Christmas pageant

The colorful Annual Glorietta Elementary School Christmas Pageant will be featured at the December meeting of the Glorietta Mothers Club this afternoon in the Glorietta kindergarten, room 2. The program will start promptly at 1:30 p.m.

Mistress - of - Ceremonies for the pageant will be Judy Schulce, a sixth grade student. Fifth grader Roy Curry will open the program by leading the Flag Salute and the Pledge of Allegiance.

The talent-packed "First Grade Singers," directed by Charlotte Kerr and Norene Petro will be the first presentation.

The second grades will be represented in three numbers, "Rhythm Band" directed by Mrs. Elizabeth Wise, "Jolly Old Saint Nicholas" directed by Mrs. Dorothy Hujik and the chorus with "Melody Bells" under the direction of Jacklyn Loye.

A singing with action skit called the "Twelve Days of Christmas" will be the third grade presentation, directed by twins Jane and Judith Fortner.

The fourth grade will present a nativity scene consisting of five famous carols. The youngsters will be accompanied by a chorus of fourth graders and are from Mrs. Maudaline Haught's and Sue Cleminson's classes.

A choral speech or skit will be presented by the fifth grade under the direction of Gene Sieben.

Leebert Stites' sixth grade will present several popular carols with tonebells and xylophones.

All musical presentations will be under the supervision of Grant Naus. The High School Orchestra, directed by Paul Henneberg will perform three or more Christmas songs and will furnish the background music.

The fifth grade mothers will be hostesses to the bake sale and cake raffle to be held at the meeting. The bake sale will continue during and after the program.

Glorietta's "Mother of the Month" for December will also be selected by the club following the pageant. The "Mother of the Month" selected for November

was Mrs. James G. Smith of 1845 Mullinnix drive. Mrs. Smith received five gallons of gas, a dinner for two, and a pair of pillow cases.

Baby sitting for the Christmas Pageant will be provided in room 5 of the Glorietta school.
